AUSTRO-GERMAN FORCES NOW ON RUSSIAN SOIL

PRESS RUSSIAN FOE OVER GALACIAN LINE

Teutonic Allies Drive Army of Grand Duke Nicholas Out of Austria-Hungary at Some Points

Today's War News Given in Summary.

Further pressure by the Teutonic armies in Galicia has resulted in important advances for them at two points, according to the German official statement. In the one case, the forces of the Grand Duke Nicholas they have been pursuing to the north of Lemberg have been driven at some points over the Galician border. In the other, the army of Gen. von Linsingen has forced the Russians back from the Gnila Lipa river, upon which they retired from the Dniester region northward of Halicz.

The result of the Austro-German operations northward from Lemberg was forcasted to some extent in recent official reports from both sides, the Russian statements indicating continued retreat in that region and the Austrian continued advance impeded only by stubborn opposition from the Russian rear guard.

The German report now states that the engagements in this territory have everywhere resulted in defeats for the Russians who in one section were driven over the border, fighting being reported as far north as Tomaszow in Russian Poland, which is about fifty miles northwest of Lemberg.

In the west there have been sporadic attacks by the French, who report progress through an infantry operation along the road between Angres and Ablain. German accounts declare all attempts by the French to gain ground were frustrated. The French concede the correctness of a recent German claim to a gain in the Vosges, but declare part of the ground lost was recaptured.

Berlin, June 29.—(Via London, 3:19 p. m.)—The official statement given out today by the German army headquarters staff announces that to the north of Lemberg the Austro-German forces are now on Russian territory.

The Russian forces under command of Grand Duke Nicholas, it is declared, have at some points been driven entirely out of Austria-Hungary and across the Galician border.

Dr. Anton Meyer Gerhard, the attache of the German colonial office, who was sent from the United States to Berlin by the German ambassador, Count von Bernstorff, to explain the views of the United States regarding the Lusitania case, published an article in Der Tag today on "Germany and America," in which he says his experiences convinced him that both countries misunderstood each other.

"Both peoples are laboring under entirely different opinions," says Dr. Meyer-Gerhard. "Both have hitherto lived in peace and friendship, and should continue to do so. There is no reason for antagonism existing between them."

RUSSIANS ARE REFORMING.

Prepare to Give Germans New Battle Behind Gnila Lipa.

London, June 29.—(1:45 p. m.)—The Russian center in Galicia is rapidly reforming behind the river Gnila Lipa before Gen. von Linsingen's drive across the Dniester, but this retreat, in the opinion of London military critics, is almost entirely due to the battle in the Lemberg region where the positions of the Russians made retirement inevitable. These movements have strengthened the Austro-German line and have consolidated the hold of the Teutons on the regained Galician capital.

Fruitless fighting sums up the operations along the western front where even artillery duels lack vigor except on the line between Arras and the sea, where a bombardment of the positions has been almost continuous.

The expected detachment of German troops from the east front for operations in the west evidently has not yet occurred. This probably is due to the stubborn Russian retreat and the increasing pressure of the Italians.

The advance of the Italians is very slow, but if it is to be entirely stopped more Austrian troops must in all probability be transferred from the Galician line unless Austria is willing to surrender the seaport of Triest. Triest, however, being the first important milestone on the road to Vienna, it no doubt will be defended to the last gap.

Anglo-French troops on the Gallipoli peninsula are heavily bombarding the Turkish right wing without result, according to the Turkish official report, but the other side has not yet announced the conclusion of this operation.

ARTILLERY FIRE CONTINUOUS.

Paris, June 29.—2:47 p. m.)—The French war office this afternoon gave out a report on the progress of hostilities which reads as follows:

"In the territory to the north of Arras there was a continuance last night of cannonading, particularly to the north and to the south of Souchez, and the north of Neuville. Infantry engagement made it possible for us to make progress along the road between Angres and Ablain.

"In the Argonne, at Bagatelle yesterday witnessed incessant fighting with torpedoes and hand grenades.

"In the Vosges an attack by the Germans was successful in forcing back for the moment our advance posts located on the slopes to the east of Metzeral. We at once delivered a counter attack and reoccupied part of the ground lost.

"On the remainder of the front the night passed quietly."

550 IMPERILED IN MAKING MOVIE SCENE

Many Injured When Powder for Explosion Scene Lets Go Too Soon.

New York, June 29.—Five hundred and fifty men and women, crowded into a temporary structure for a moving picture scene, were imperiled by fire today by the premature explosion of powder which was to be used later to demolish the building.

The most serious injured is Miss May Kearney, a moving picture actress. At the Coney Island hospital it was said her condition was critical. Miss Catherine Fox and Mrs. Cockran Willard, actresses, were seriously burned and half a dozen others were slightly hurt. The explosion was caused by a wagon driving over electric wires on the ground leading to the powder and establishing a short circuit.

ARCHBISHOP QUIGLEY IS RAPIDLY SINKING

Rochester, N. Y., June 29.—Archbishop James E. Quigley, of Chicago, ill at the home of his brother here, was reported shortly after noon to be rapidly sinking. The prelate has been unconscious since early this morning and little hope was entertained for his recovery. Relatives have been summoned from Chicago, Buffalo and Ogdensburg and a number have arrived. Today private masses were said in several Catholic churches for the recovery of the archbishop.

While no announcement of the nature of the prelate's illness has been made by the attending physicians, it is understood he was suffering from an apoplectic stroke.

LAST MINUTE NEWS

11-YEAR-OLD SON IS HIS FATHER'S ACCUSER

Danville, Ind., June 29.—Marion De Tamore, eleven-year-old son of Roscoe De Tamore, of Indianapolis, who is on trial here charged with the murder of his wife on Nov. 13, 1914, was the principal witness for the prosecution today. The boy testified that his father made numerous threats to kill his mother.

PROBE DISCOVERY OF DYNAMITE NEAR SHOPS.

Quebec, June 29.—The militia department in Quebec is investigating today the finding of fifty sticks of dynamite near the Mercier machinery shops in Shaw Park, Levis. The dynamite was buried in the ground close to the plant. It was found last night. The shops were to receive, it is understood, a contract for ammunition from the British government.

TRAPPED!

NOW GIVING NOTICE AS OUR SHIPS SAIL

Government Supplies Berlin With Facts to Avoid Mistaken Identity

Washington, June 29.—The United States government has adopted the practice of notifying the German admiralty through Ambassador Gerard of the time of departure of every passenger ship sailing the American flag and approximately the hours during which it will pass through the war zone.

This precaution is being taken in order that German submarine commanders may be on the watch for American vessels and prevent a repetition of the attack on the American tank ship Gulflight which was torpedoed by a German submarine commander who supposed the vessel was a British ship because it was in company of two English patrol boats and the American flag was not observed until after the torpedo had been fired.

Officials here believe that if the German admiralty sends to its submarine commanders notification of what American passenger ships are passing through the war zone, there can be no doubt of their identity.

ROTARY CLUB BIDS WARDROP FAREWELL

Noon-Day Luncheon is Held at Commercial Club in His Honor.

As a farewell to W. M. Wardrop, superintendent of the western division of the Pittsburg, Fort Wayne and Chicago railroad, who leaves within a day or two for Newcastle, Pa., to accept the superintendency of the Erie & Ashtabula division of the Pennsylvania lines west of Pittsburg, a special luncheon and meeting of the Fort Wayne Rotary club was held Tuesday afternoon at the Commercial club in his honor.

Mr. Wardrop was a charter member of the Rotary club and just before adjourning he was made an honorary member by a rising vote.

Short addresses were delivered by Martin H. Luecke, president of the club; Frank E. Bohn, secretary; Dr. B. Van Sweringen, Van B. Perrine, Maurice Niezer, Charles L. Biederwolf and S. E. Mulholland.

Mr. Wardrop responded, declaring that he was glad Fort Wayne had not accepted eastern time, for it would have made it seem he was leaving one hour earlier than he really will leave.

SLAYER AT BAY ENDS OWN LIFE

Cornered by Posse, Indiana Man Dies Rather Than Surrender.

HAD PUT TORCH TO OWN HOME AND FLED

Tragic Sequel Now Added to Murder in Quarrel Over Swarm of Bees.

Bedford, Ind., June 29.—Farris Hassan, the Turk who killed John W. Fender, at Guthrie Sunday, after a quarrel about a swarm of bees, was cornered by a posse at Maumee late last night, where, after shooting Walter Brown, he killed himself. Hassan refused to surrender.

After the murder of Fender, at Guthrie, Hassan burned his home and fled. Officers trailed him to the Lutes cemetery, north of Houston. When Hassan discovered his pursuers, a running fight followed, during which Brown, a member of the posse, was shot by the fugitive. Brown will recover, physicians stated.

Hassan took refuge in a thicket. The officers surrounded his hiding place and when dawn came they entered the thicket and found the murderer dead with a bullet hole in his temple.

Since the murder of Fender, who was shot when he attempted to hive a swarm of his bees which had settled on the division fence separating the Fender and Hassan properties, Guthrie people have recalled that Hassan had admitted that he was a fugitive from justice from Turkey, where he was wanted for murder. Hassan had lived in Guthrie for fifteen years.

UNCOVER MURDER MYSTERY.

"Walking Tom" Now Thought to Have Been Victim of Slayer.

Evansville, Ind., June 29.—Warrick county authorities have uncovered what they believe to be a murder mystery in the death of Thomas O'Conner, 61 years old, known throughout this section of the country as "Walking Tom." O'Conner was run over by a Southern railroad passenger train near Chandler, Warrick county, Sunday night and his death was at first attributed to this. Examination of the body has disclosed what Coroner Martin says is a knife wound extending half way around the neck and sufficient to cause death. The head was badly mangled by the train.

MAY ASK KERN TO REMAIN IN SENATE

Rumor That He is Seeking Judgeship Stirs Congressional Colleagues.

Washington, June 29.—For several days the national capital has been hearing rumors that Senator Kern may not make the race for re-election next year but that at an early convenient opportunity President Wilson will appoint him to a federal judgeship.

It cannot be learned at the capital that there is any basis for these rumors. The white house denies emphatically that there has been any correspondence or other word from Senator Kern that would justify such reports. Thee are two vacancies on the court of appeals bench at Chicago and no one here doubts that Senator Kern can have a federal judgeship if he will only signify to the president that he wants the appointment.

Be it known, however, that if Kern should show any symptoms of wanting to quit the senate he probably would be confronted with a petition from his fellow democratic senators asking him to remain in the upper branch of congress. Senator Martin, of New Jersey, said that the democratic senators simply will not submit to the retirement of Senator Kern.

"Of course," said Senator Martin, "Senator Kern would adorn the federal bench but the place for him is in the senate, where he will be re-elected leader next December without opposition. He can do much more good in the senate than on the bench and his retirement would be a positive loss to the senate."

Senator Kern's closest friends at the capital do not believe he intends to quit the senate, but they acknowledge they are somewhat mystified by the persistency of the retirement rumors.

FORT WAYNE BANKS HAVE HAD GOOD YEAR

Fort Wayne banking institutions have had a good business during the past six months, according to their semi-annual statements, which will soon be made public.

The semi-annual meeting of the directors of the Hamilton National bank was held Tuesday afternoon, while the semi-annual meetings of the Old and First National banks will be held Wednesday. The German National bank does not hold semi-annual meetings.

The directors of the Citizens Trust company held their semi-annual meeting Monday and declared the usual dividends. The other trust companies do not hold semi-annual meetings at this time.

ORDAINED QUARTER OF A CENTURY AGO

Rev. J. R. Quinlan Observes Silver Anniversary of His Ordination.

Beginning with the celebration of high mass at the Cathedral of the Immaculate Conception at 10 o'clock Tuesday morning, Rev. J. R. Quinlan, rector of the church, observed the silver anniversary jubilee of his ordination to the holy priesthood. Rev. J. R. Quinlan was jubilarian at high mass; Rev. E. Wrobel, deacon; Rev. Charles Thiele, subdeacon; Rev. J. F. Delaney, master of ceremonies; priest, Rev. M. J. Byrne, of Lafayette, who also delivered the sermon.

Father Byrne chose as his theme, "Priesthood," and his text was found in the Epistle of St. Paul to the Hebrews, the eighth verse of the thirteenth chapter, "Jesus Christ, yesterday, today and the same forever." A large and appreciative audience was present at the services. Rt. Rev. Mgr. J. H. Oechtering sat in the sanctuary in his robes. The sanctuary was artistically decorated with potted plants, which with the other decorations and the electric lighting made a beautiful scene.

Many beautiful presents were given to Father Quinlan, including a beautiful set of vestments by the Ladies' sodality, a full set of sacramental linens, a burse, albas and surplice and many other gifts of remembrance.

At the entertainment to be given Tuesday evening at Library hall several other costly gifts will be presented to him. Father Quilan was host at a banquet given Tuesday noon at the Anthony hotel when fifty clergy of this city and surrounding congregations were present.

Rev. J. R. Quinlan is a graduate of St. Francis seminary, Milwaukee, and was ordained to the priesthood June 22, 1880.

BELIEVES THAW HAS NEVER BEEN INSANE

Rational Now and Has Always Been So, Declares Dr. Bancroft.

New York, June 29.—Dr. Charles H. Bancroft, head of the New Hampshire State Hospital for the Insane, and a member of the federal commission which examined Harry K. Thaw during his sojourn in New Hampshire, swore on the witness sand today that in his opinion Thaw not only was sane, but always had been sane. Dr. Bancroft testified as an expert alienist in the jury proceedings to determine Thaw's mental condition.

Thaw's act in killing Stanford White, Dr. Bancroft said, was not the product of a systematized delusion such as characterizes that true paranoiac.

"The killing of Stanford White," he said, "appeared to us a passionate, impulsive act, growing out of a condition of mind due chiefly to anger and jealousy, which was the final culmination of a series of circumstances that had been bearing down on him a long time. It did not seem a type of paronia, but was due to jealousy of Mr. White, not to a diseased condition of mind."

Dr. D. Percy Hickling, of Washington, D. C., president of the American Society of Medical Jurisprudence, another member of the New Hampshire commission, testified that he too had found Thaw sane and rational.

OPTION VOTING AT KOKOMO IS HEAVY

Wet and Dry Result Much in Doubt After Strenuous Campaign.

Kokomo, Ind., June 29.—The heaviest early vote in the history of any election was recorded here today in the local option election. The polls opened at 6 o'clock and with an hour it was estimated that one-third of the vote had been cast. Although the campaign was a spirited one no disorders at the polls have been reported.

The most strenuous campaign in the history of Kokomo closed last evening when practically the entire population of the city participated in wild demonstrations for and against the proposition to bring saloons back by the election today. The "drys" held a parade of almost a half-mile in length. Women and children to the extent of several thousand, lined up behind two bands and with singing and shouting and the carrying of "dry" banners urged the voters to keep the town saloonless. Representative Jacob Meeker, of St. Louis, spoke at the Sipe theater to a house thronged with "wet" partisans.

The outcome of the vote is absolutely in doubt. The "drys" expect a majority of from 100 to 700, but the "wets" are just as confident that the results will favor them by about 300.

ON WATCH AT MANY POINTS

Government Agent Keeping Close Tab on Mexicans in United States.

ANGELES IN DENIAL OF PART IN A PLOT

World Knows Nothing of What is Happening in Mexico City.

Washington, June 29.—Agents of the United States government were today busily engaged all over the country watching carefully the movements of prominent Mexicans who have been active in Mexican politics and also those suspected of such activity to see that ther are no violations of American neutrality.

The arrest of Generals Victoriano Huerta and Pascual Orozco at Paso and the strict surveillance over Generals Felix Diaz, Mondragon, Blanquet and Felipe Angeles now living in the United States and others is a part of the general policy of the American government to try and prevent the setting afoot of any new military movement in Mexico.

Oppose New Complications.

Officials here feel that the revolutionary situation in Mexico ought not be further complicated by the introduction of new elements. In line with its policy to precent if possible further revolutionary movements in the southern republic or at least of the setting on foot of any such expeditions on American soil, the government proposes to prosecute vigorously violations of neutrality regardless of the prominence of the individuals or their affiliations.

Possibility that others may be identified with the so-called Huerta conspiracy intensified interest here today in the investigation by agents of the department of justice into the situation. It is intimated that citizens of one of the European belligerents are involved.

Angeles Makes Denial.

It was said also that the department of justice was in possession of some evidence which seemed to connect Gen. Angeles, Villa's right hand man, with the plot. Angeles arrived here today, to deny in person at the state department that he was connected in any way with the coup to re-establish Huerta regime in Mexico. Gen. Angeles first went into conference with Enrique C. Llorent, head of the Villa agency.

NO WORD FOR SIX DAYS.

World Unaware of What is Happening in Mexican Capital.

Washington, June 29.—For practically six days there has been no word received here as to what has happened in Mexico City.

Latest news came to Vera Cruz by courier and reached here several days old when conditions were described as extremely critical. What has happened since then no one knows. The Mexican capital has been cut off from telegraphic communication with the outside world.

These advices said that the Zapatistas had defeated Gen. Gonzales and taken a good deal of ammunition and other military supplies. It is feared here that the fighting may have been carried into the capital, thereby jeopardizing the lives of foreigners.

In the meantime officials hoped that in the event fighting had been carried

BREWERS BEHIND A NEW REFORM SCHEME

Law Enforcement League is Seeking to Stave Off Prohibition.

Indianapolis, June 29.—Announcement was made today of the organization of the Indiana Law Enforcement and Reform League. Members of the Indiana Brewers' association are the promoters of the organization and James C. Kelly, secretary of the Indiana Brewers' association, is the temporary secretary of the new organization. In its announcement the Indiana Law Enforcement and Reform League outlines a program of activities as follows:

Strict enforcement of the liquor laws.

Transformation of the present day saloons into cafes, where drinks would be served only to patrons seated at tables.

Abolition of the standing bar in saloons.

Abolition of saloon screens.

Education or legislation to prevent treating in cafes.

Investigation of all applicants for retail liquor licenses and opposition to those who are unfit to hold licenses.

The league explains that it hopes to enlist in its membership the people of the state who believe in strict regulation of the liquor business but who are not in favor of prohibition.

IVANOFF HOPEFUL DESPITE REVERSES

Russian Armies Neither Beaten Nor Down-Hearted After Terrific Punishment in East

London, June 29.—(6:45 a. m.)—The Russian armies are neither beaten nor down-hearted, according to the correspondent of the Times in reviewing the six weeks' Teutonic advance, after a visit to Russian headquarters. Gen. Ivanoff, commander of the southern armies, shows no trace of despondency. Discussing the present situation the correspondent says:

"The view is held here that their capture of Lemberg and other Galician successes have brought the Austro-Germans no nearer a solution of the war. In spite of their enormous losses, which are estimated at 380,000 Germans and probably an equal number of Austrians, they still encounter the same stubborn army as before, which is willing to keep fighting for years, if necessary, the Germans must continue pouring in fresh troops in order to hold their positions, for if they take them away to defend other frontiers the whole edifice of the Austrian defensive will collapse.

"The Russians' point of view is that they can retreat and advance again indefinitely, caring little for the moreale of the loss of towns as long as they are constantly weakening their adversities and preventing a trench deadlock, such as exists in western and Warsaw fronts."

Only On Eastern Front.

"Only on the eastern fighting front are events of moment occurring, so far as is revealed by the news which filters through from the vast field of operations. The Teutonic sweep eastward along that front is continuing and the chief question, which the military experts are endeavoring to answer, is how far it will extend before being halted by the next determined defensive stand on the part of the Russians.

With the line of the Dniester north of Halicz evacuated, the main field of contention just at present seems to be to the north of Lemberg, where stubborn rear guard actions are being fought by the retreating Russians.

Latest Austrian reports mention these operations at length and the Russian official statement admits the continued advance of the Teutons.

More Effective Resistance.

More effective resistance apparently is being offered by the Grand Duke Nicholas forces further to the north. In the southern part of Russian Poland, however, the Russians reporting that they have thwarted a determined attempt by the Austrians to drive through.

The only other hints of stirring activity come from the Dardanelles, where, according to Turkish reports, there has been heavy artillery firing, with infantry attacks, which later, the Turks declare, they have repulsed. The course of these operations is being followed closely, it being hinted from London that they may prove to be of more than ordinary importance. No report on them has yet come from the side of the allies.

On the Austro-Italian front the progress of the invading forces continues to be slow. The Austrians indeed report entire inactivity on the part of the Italians, except for artillery fire. There seems to be little if any change in the situation along the western front, where the deadlock continues.

SCHOOL TRUSTEES ON TOUR OF INSPECTION

Will Ascertain What Repairs are Needed Before Opening of School

Members of the Fort Wayne school board made a visit to a number of school buildings Tuesday afternoon in an automobile for the purpose of inspecting them and ascertaining what repairs are needed before the opening of school next fall.

Among the buildings to be visited are the following: Clay, McCulloch, Hamilton, Adams, Franklin and Harmer. The proposed site for a playground on South Broadway will be visited.

At the meeting of the school trustees Monday afternoon, at the office of Superintendent J. N. Study, the new workmen's compensation law was discussed at length, the board reaching the decision that being a corporation it comes under its provisions. According to the new law state officials must be notified of the will of the employers and manufacturers toward the law before September 1. In the event the employers fail to notify the state they are deprived of defense in any case of injury to an employe, showing negligence on the part of the employer.

The plans for the proposed addition to the McCulloch school to improve the sanitary conditions at that building were submitted by Architect John F. Wing. It is estimated that the new addition will cost between $6,000 and $7,000.

Superintendent Study was authorized to advertise for the purchase of seats for the new Harmer school at once. The lot at the Clay school is to be graded, the surplus ground to be hauled to the Rudisill school.

WHEAT PRODUCTION CAMPAIGN.

Clarence Henry, county agricultural agent, is already making preparations for a wheat production campaign to be held probably the third week in August.

SAYS FATE OF JEWS TREMBLES IN BALANCE

Millions in Europe Buffeted from Persecutor to Oppressor.

Charlevoix, Mich., June 29.—The fate of half of the Jews of the world is trembling in the balance as a result of the great war in Europe, according to Rabbi Moses J. Gries, of Cleveland, president of the Central Conference of American Rabbis, who addressed its twenty-sixth convention here today.

"A crisis impends for Israel," said Rabbi Gries. "The millions of Jews of eastern Europe are buffeted from persecutor to oppressor.

"All mankind has been made eye-witness to Belgium's misery and sorrow. Galicia and Poland suffer equal tragedy, but the world neither sees nor hears. Millions of Jews, always in want and in wretchedness, now experience cruelty intensified. Hundreds of thousands are sacrificing their lives for their country, yes, even for the flag of the oppressor, and no promise of freedom is clearly spoken. The loyal offering of life, in a nation's cause, should quench the fire of anti-Semitism in Germany and Austria, and kindle the light of freedom—with equal human rights—in Russia.

Take Up Staff of Wanderer.

"Not yet is there any abatement of Russian persecution, nor any change in the legal status, nor any removal of disabilities. Again thousands of Jews have been compelled to take up the staff of the wanderer, expelled from their homes and native villages, the aged and the infirm, and mothers with unborn babes, facing starvation and the danger of death. The outrageous inhumanities have stirred even a George Brandes to the indictment of Poland in the forum of nations, and Israel Zangwell proclaims 'Polish Jews are living through one of the greatest tragedies in history.'

"Again in the face of world-wide misery, we discover ourselves unprepared and unorganized. To meet overwhelming disaster, we endeavor to create national and international agencies. We are never ready, though Jews are ever in distress and have not yet escaped the yoke of the world's cruelty, oppression and persecution.

"Our duty is to send relief, and yet more relief, and it will not be enough. America is the only Jewish community in the world able to send relief. American Jews, heretofore, always have answered Israel's appeal for help.

Demands Unity of Action.

"The crisis demands 'unity of action.' Let the multitude of committees and of leaders surrender their claims to priority and precedence. They must unite to create one committee which shall be permanent—and thoroughly representative—and duly authorized to speak and act on behalf of all the Jews of America. The united heart of Israel will speak with a voice powerful enough to compel the hearing of the nations, to right the wrongs of centuries.

"The war has flung a challenge to teachers of religion. What is our ethical duty? If two men be fighting at death-grips, do we question about neutrality or ethics? We stop the fight! We do not supply nourishment for strength, nor weapons for destruction! If nations are battling and are grappling unto death, what is our ethical duty? Humanity outweighs 'neutrality.' Humanity demands that we stop the fight and do not supply flood to sustain the combatants, nor ammunition to continue.

"The neutral nations seem pitiably powerless; but if the United States and the other neutral nations have not the power to suppress the world-disorder, they have the power to refrain from helping to prolong it. Let America unite with other neutral nations to stop the war, under the penalty of severance of relations and cessation of commerce with them all. Let America endeavor to lead the world in peace."

BARRY IS NOW PUT ON MARKET BY MACK

Philadelphia, Pa., June 29.—On the heels of the news of the disposal of Pitcher Bob Shawkey by the Philadelphia Athletics to the New York Americans came a report today that Shortstop Jack Barry, of the former world's champions, is on the market. Barry has not played in a game since June 19 because of an injury. Whether the Philadelphia intends to dispose of Barry could not be learned. Manager Connie Mack is in Washington and other club officials here disclaimed any knowledge of the intentions of the manager.

It was also reported that it is the intention of Mack to get rid of all his high-salaried men with the possible exception of "Stuffy" McInnis, first baseman, and Amos Strunk, outfielder, and one or two others. Mack is building up a new team of young players. Within the last few weeks he has added several young pitchers and two or three infielders to his string of players.

ATTEMPT TO DISTORT POPE'S UTTERANCES

Vatican Organ Denounces Misquoting of Roman Pontiff.

Rome, June 28.—(Via Paris, June 29, 6:15 a. m.)—The Osservatore Romano, the official organ of the vatican, publishing the statement made by Cardinal Pietro Gasparri, papal secretary of state, in which he declared Pope Benedict was misquoted in the published interview obtained from him last week by Louis Latapie, a member of the staff of the Paris La Liberte, makes this comment:

"From this interview it follows that the ideas of the pope must be sought again in official pontifical documents and not in words never uttered but which were attributed to the pontiff and which were reproduced with fantastic interpretation in the newspapers without respect for the august dignity of the pope.

"Additional evidence of this lack of respect is found in the discussion of the letter from the pope to Prince von Buelow. An effort has been made to give it political character and significance, whereas it was a private letter replying to Prince von Buelow, who, unable to visit the vatican, believed it well to write the pope to take leave of him and ask his benediction for the princess.

"Attempts are being made to contort this letter into a political document and the newspapers even ask its publication without regard to the pope."

STEAMSHIP LINES VOICE A PROTEST

Ask Special Session to Repeal the Present Seaman's Law.

New York, June 29.—The maritime association of the port of New York, numbering 800 representatives of domestic and foreign steamship lines entering this port, was preparing today an appeal to President Wilson urging him to call a special session of congress to repeal the present seaman's law.

In resolutions adopted by the association, a copy of which was to be sent the president, it was set forth that "enforcement of this law will be most disastrous in effect and its drastic and impracticable provisoins will defeat the very purposes for which it was enacted."

The situation is so critical to shipping interests, it is asserted, as to "warrant and fully justify the president in calling a special session of congress for the repeal of the law before its ruinous provisions shall become effective."

Unless the law is repealed, the association asserts, long established lines will of necessity be withdrawn and other lines heavily handicapped. Copies of the resolutions were sent to every commercial organization along the Atlantic seaboard.

WEARIED BY LONG AUTO RIDE.

Cornish, N. H., June 29.—Wearied by his long automobile ride of yesterday, President Wilson did not leave his summer home this morning but remained in his study attending to his mail and official documents forwarded from Washington. He planned to go automobiling in the afternoon.

The president kept in close touch with the state department to learn of possible developments in the European and Mexican situations. It was said that there was nothing to warrant any public expression of opinion from him.

RETURNS FROM MUNCIE.

Mrs. Kittie H. Williams, chief operator for the Central Union Telephone company here, has returned from Muncie, where she, with forty other chief operators for the Bell system, were attending a meeting for the purpose of discussing and receiving instructions in the rules governing local and toll operating. The session lasted three days and was concluded with a banquet at the Delaware hotel.

WOMEN OF GEORGIA WANT TO BE LAWYERS

Have Long Sought This Recognition of Equality With Men.

Atlanta, Ga., June 29.—When the legislature of Georgia convenes this summer it will have an opportunity to remove one of the reasons why that state has been called "a laggard in the path of progress." The fourth successive annual fight for the right of Georgia women to practice law will be made.

For ten years the women of Georgia have sought this one recognition of equality with men without success. Four years ago Mrs. Minnie A. Hale, a graduate of the Atlanta School of Law, took charge of the campaign, vowing she would never stop until the men of Georgia had exhibited some of the courtesy they arrogate to themselves so loudly and give women the right to register at the bar.

Three legislatures in three years have treated the measure with silent disdain. The Georgia Bar association found the bill a subject for levity and, in going on record as opposed to women lawyers, the men lawyers of Georgia made many sallies and "witty" speeches at the expense of ambitious women.

URGES WOMEN TO ORGANIZE.

Margaret Dreier Robins Issues Appeal to 7,000,000 Workers.

New York, June 29.—Margaret Dreier Robins, president of the Women's Trades Union league, issued today a call to the 7,000,000 women workers in the United States to organize in order to obtain better working conditions and to become affiliated with the American Federation of Labor. The league now has eight local organizations in as many large cities. It was stated that 3,000,000 of the working women are not yet 21 years old.

Bulgaria's population is about 5,000,000; Serbia has nearly 4,000,000, Montenegro 500,000, and Roumania, 6,000,000.

JUDGMENT FOR $15.

A judgment for $15 has been awarded to Miss June Harding by Justice of the Peace Henry J. Grabner in her suit against the Quinby Amusement company. She claimed that while at the Jefferson theater in May her coat was damaged from sitting on a freshly varnished chair.

NEWS OF FORT WAYNE'S NEIGHBORS

FIVE HAVE NARROW ESCAPE.

Bluffton, Ind., June 29.—A party of five Bluffton boys, John Bergdoll, Claude Bergdoll, Arthur Stout, Floyd Anderson and Kenneth Cobbum, had an almost miraculous escape from serious or dangerous injuries in an automobile accident that occurred along a highway just south of the Ossian cemetery, when an Auburn automobile, belonging to Seth Cobbum, father of one of the boys in the car, plunged from the road with the boys and landed on its side in the ditch. The automobile was badly wrecked and all of the boys were hurled headlong from their seats. Remarkable as it may seem, it is a fact, that none of the five received injuries more severe than scratches and bruises, although John Bergdoll, who was driving, was hurled through the top of the machine and landed over a picket fence in a field.

IN KENDALLVILLE MANY YEARS.

Kendallville, Ind., June 29.—Mrs. Carolina Herb, aged 71, a resident of Kendallville for thirty-five years, was found dead in bed at the residence of her son, John Herb. Her body was cold, and she had apparently been dead for some hours. Mrs. Herb had been in poor health for some time, but her condition was not considered serious. Her sudden death proved a shock to many friends. It is said that she worried much about the European war, having a number of relatives in the German army, and it is believed this had a tendency to hasten her death, being of a nervous disposition.

SAVES LIVES OF THREE.

Kendallville, Ind., June 29.—Leo DuWan, son of Marshal Charles DuWan, proved himself a hero and is now in line for a Carnegie hero medal as the result of saving Floyd Bixler, of this city; Miss Hazel Saxon, of Chicago, and Miss Frieda Saxon, of New York city, sisters of Mrs. Bixler, from drowning at Bixler lake. The trio had a miraculous escape, according to eye-witnesses, and but for the timely assistance of young DuWan, who plunged into the waters and lent aid to the trio of struggling bathers, the waters of Bixler lake would have taken their first death toll of the season.

JUBILEE OF LUTHERAN SCHOOL.

Kendallville, Ind., June 29.—Sunday Lutheran church, there being special services both morning and evening to celebrate the fiftieth anniversary of the completion of the building now used by the German school. The first building was erected in 1851 and it was fourteen years later that the present structure was erected. It has been used continuously since. In the morning there was an excellent sermon by Rev. Stephen Hassold, of near Fort Wayne, and special numbers by the choir and the children of the school.

GIRL'S PA TRUCULENT.

Auburn, Ind., June 29.—Louis McDougall is an unhappy young man. He made a complaint before Prosecutor Nyce Monday in which he charged one George King with the crime of assault and battery. McDougall took the daughter of King out walking and when they arrived at the home of the young lady her father, the aforesaid King, pasted McDougall in the eye. McDougall did not learn by the experience of his chum who a year ago waited on the same young lady and received the same treatment.

MAN SHOT BY WIFE RECOVERS.

Bluffton, Ind., June 29.—A communication received here from Elgin, Ill., says that Charles Monroe, a former Bluffton man, who was shot several weeks ago by his wife, has just recovered from the wounds and is able to be back at work. It is added that through the efforts of the police and other authorities Monroe forgave his wife and consented to return to their home, and the "dove of peace" is supposed to reign supreme in the household. Mrs. Monroe was released from jail.

WATERWORKS FOR VAN BUREN.

Van Buren, Ind., June 29.—The town of Van Buren has voted for the installation of a new waterworks system and it will be put into operation within the next few months. This thriving little town has experienced several bad fires and the citizens realize that better fire protection is needed. The new system will be operated with electricity, with current furnished by the Marion & Bluffton Traction company. A fine church was burned at Van Buren recently.

Allen County Board of Education, Composed of Superintendent of Schools and Township Trustees

The above is the first picture ever taken of all the members of the Allen county board of education. Other pictures have been taken, but not when they were all together at one time. The county board of education is composed of the various township trustees and the county superintendent. Those in the picture, reading from left to right, are: Top row, Julian C. Gremaux, Jefferson; Jeremiah B. Grabner, Jackson; Thomas A. Wilkinson, attendance officer; Abner Lantz, Milan; Levi Klopfenstein, Maumee; Leonard Stolte, Washington.

Second row: Enoch Smith, Pleasant; John Griffin, Perry; Orsin Smith, St. Joseph; Charles M. Shaffer, Lake; Thomas Sheehan, Monroe; Harry Foote, Scipio; Frederick Buuck, Marion; D. D. Boston, Springfield; William Scott, Aboite.

Lower row: George Meyer, Lafayette; Henry Scherer, Wayne; Commodore Benward, Eel River; Henry S. Miller, Cedar Creek; D. O. McComb, county superintendent; Gottlieb E. C. Schaper, Adams; Odis Van Buskirk, Madison.

DOG PROTECTS CHILD.

Bluffton, Ind., June 29.—Fred Strohm, the well-known tailor, was bit by a shepherd dog belonging to Bera Huffman, of East Market street, and the teeth tore wounds and brought blood at two points, in the palm and on the back of the hand. Strohm was on his way home and playfully took hold of one of the Huffman children and the next instant the hog had hold of him. After the one nip the dog offered no further attack.

FOUND DEAD IN BED.

Pierceton, Ind., June 29.—Mrs. C. F. Foster, formerly of Pierceton, was found dead in her bed Sunday night by her daughter at the Foster home on Rockby street, Chicago. Mrs. Foster was the wife of C. H. Foster, of the railway mail service, and was well known in Kosciusko county, especially in Pierceton, where her parents lived for many years and where her father and brothers still reside. The remains will be brought to Pierceton for burial.

LAWTON CAMP MEETS.

Spanish War Veterans Accept Invitation to Attend Reunion.

At the meeting of Henry W. Lawton camp, No. 35, United Spanish War Veterans, Monday evening, an invitation was accepted to attend the reunion of the One Hundred and Sixtieth Indiana Volunteer infantry, which will be held at Winona Lake about the middle of August, and it is probable that a large delegation will attend from this city.

The meeting Monday evening was the last the camp will hold in the Lincoln Life building and the board of trustees was directed to secure a suitable hall for the next session to be held on July 26.

Simple Solution Dissolves Hair from Face and Arms

Valeska Suratt, the famous beauty-actress and authority on health and beauty, says: "Hair on the face, neck and arms is the most annoying and unpleasant blemish women have to put up with. It is useless to waste time and money with the powders and pastes which only burn the hairs at the roots, leaving the skin sore and rough.

"If you are troubled with these unsightly blemishes, get a one ounce bottle of simple sulfo solution from your druggist, apply with the tips of the fingers to the hairy parts, keeping them moist until the hairs are actually dissolved. This simple solution destroys the hairs entirely, leaving the skin soft, smooth and white. It is claimed the hairs very rarely return after the first application, but never after the second."

Specimen Hunter Searches Borneo for Rare Bones.

H. C. RAVEN.

H. C. Raven, specimen collector for the Smithsonian institute, returned to the United States via San Francisco recently aboard the liner Persia from Borneo and Celebes.

During the three years in the antipodes Raven secured more than 4,000 specimens of mammals, rare and otherwise.

In the limestone caves of eastern Borneo he found six hitherto unknown species of bats, and he also secured six new species of rats. He bagged tiger cats, crocodiles, honey bears, the smallest bears known, and many specimens of wild pigs.

ROSES WERE FOR TEACHER.

But An Unsentimental Driver Charges Theft.

New York, June 29.—Vincent Pignatone, twelve years old, entertains an affection for his teacher of the best traditional old McGuffey reader sort. His rivals are Tony Cassalano and Angelo Gallo. When Vincent was seen on his way to public school 20, at Rivington and Forsyth streets, with a present for teacher, th efact that he was carrying a gift was not so much of a surprise to his rivals as the nature of it. Vincent bore a bunch of roses, whose value, expressed in terms of dollars anr not of sentiment, was $50.

Tony and Angelo fell upon the gallant, and the roses were in a fair way toward being divided into three equal and broken parts, when detectives Shea and Kirk caught the boys. They offered their sympathy to Vincent, who was screaming that the roses were for teacher.

Just then along came James Stevens, a driver for an express company. His story, stripped of all sentiment, was that the roses had been stolen from his wagon. The detectives took the boys to police headquarters.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

THE SENTINEL'S DAILY SCRIPTURE READING.

Genesis 31:14-28.

14 And Rachel and Leah answered and said unto him, Is there yet any portion or inheritance for us in our father's house?

15 Are we not counted of him strangers? for he hath sold us, and hath quite devoured also our money.

16 For all the riches which God hath taken from our father, that is ours, and our children's: now then, whatsoever God hath said unto thee, do.

17 Then Jacob rose up, and set his sons and his wives upon camels;

18 And he carried away all his cattle, and all his goods which he had gotten, the cattle of his getting, which he had gotten in Padan-aram, for to go to Isaac his father in the land of Canaan.

19 And Laban went to shear his sheep: and Rachel had stolen the images that were her father's.

20 And Jacob stole away unawares to Laban the Syrian, in that he told him not that he fled.

21 So he fled with all that he had; and he rose up, and passed over the river, and set his face toward the mount Gilead.

22 And it was told Laban on the third day that Jacob was fled.

23 And he took his brethren with him, and pursued after him seven days' journey; and they overtook him in the mount Gilead.

24 And God came to Laban the Syrian in a dream by night, and said unto him, Take heed that thou speak not to Jacob either good or bad.

25 Then Laban overtook Jacob. Now Jacob had pitched his tent in the mount: and Laban with his brethren pitched in the mount of Gilead.

26 And Laban said to Jacob, What hast thou done, that thou hast stolen away unawares to me, and carried away my daughters, as captives taken with the sword?

27 Wherefore didst thou flee away secretly, and steal away from me; and didst not tell me, that I might have sent thee away with mirth, and with songs, with tabret, and with harp?

28 And hast not suffered me to kiss my sons and my daughters? thou hast now done foolishly in so doing.

Denouncing the Assessor

Charles Thornton, assessor of Concord township, in which the city of Elkhart is located, declares he has lost every friend he had in the township because of the fact that in compliance with the advice of state tax officials he increased the realty assessment of his township.

Doubtless Mr. Thornton's imagination is causing him to magnify the seriousness of complaints against his action, and if the original assessment was too low he need have no fear but that ample justification of his advance of the figures will later be forthcoming. Many of those now loudest in their condemnation will then admit that he was right and that they were wrong. The old-time custom of the assessor in currying popular favor by keeping assessments at a low point is not now in good odor.

The tax-payer today ought to realize that whatever advantage he might seem to gain in low assessment must be more than overcome in higher rate of taxation to meet public liabilities, and that under the keep-it-down system, there is always the strong probability that his neighbor is under-val ued to a greater extent than he and is escaping a still larger measure of his fair share of the burden. Neither high valuation nor low valuation, however, is the answer to the problem. Uniformity alone will play fair with everybody.

The Transfer of Mr. Wardrop

Announcement is made of the transfer of Superintendent W. M. Wardrop, of the Pennsylvania lines, to a position of increased responsibility and proportionately greater financial return as superintendent of the Erie and Ashtabula division of the great railway system with which he is identified. Mr. Wardrop will leave Fort Wayne with the most cordial well wishes of the people of the city who in little more than four years have come to know him well and esteem him highly.

In addition to a most capable administration of a big job, Mr. Wardrop has found both time and inclination to interest himself also in general affairs that make for the progress and betterment of Fort Wayne. He has thrown into these endeavors the enthusiasm and the executive capacity which his company has recognized and is still recognizing in steadily advancing this capable and forceful man who is among the youngest of American railroad superintendents. He is a valuable asset to any community, and Fort Wayne, both within and without railroad circles, is glad to have known him even during a tenure of residence in this city that is to be regrettably shortened by his removal.

Final quarantine restrictions against the foot and mouth disease were lifted Monday from the Indianapolis stock yards and every section of Indiana is now "free" territory. Heavy as were the losses and burdensome as were the restrictions for a time following the invasion of the state by the plague last year, it must be admitted that state and federal authorities accomplished a wonderful work in stamping out the cattle plague. Its spread was so rapid that drastic measures were necessary and they were applied without hesitation and regardless of complaints. The result is, we think, a splendid tribute to the efficiency of both federal and state departments of animal industry.

There have been indications during the past few days that the burgling fraternity has reached the conclusion that Fort Wayne is an inviting field in which to operate a bit. Here's hoping that Chief Lenz and his men will be able to speedily convince the selfsame fraternity that its conclusion is both grievously at fault and lamentably atrocious in judgment.

So much denunciation has already been heaped upon Former Dictator Huerta that there really seems to be nothing left to be said that is at all commensurate with the offense in his attempt to launch a new Mexican revolution from the American side of the line. Unless some especially resourceful denunciator speedily rises to the occasion, it will be necessary to simply let it go at that.

A Chicago judge speedily adjourned court when news reached him that triplets had arrived at his home. Doubtless an injunction against a too enthusiastic generosity on the part of the stork would have been issued had the idea occurred to the jurist in time.

Still, Sir Arthur Markham's assertion that Premier Asquith "perverted the truth" in saying that Great Britain had not been hampered by lack of sufficient ammunition is about the mildest charge anybody has yet made regarding this world war.

OUR SOCIAL OFFENDERS.

(Pittsburg Dispatch.)

Organized society views with tolerant aspect the conduct of individuals so long as this conduct, personal or collective, does not violate the rules which society has adopted for its own safety, comfort and convenience. One seller of dope, or one dope fiend, does not constitute much of a menace, but when they get so numerous as to be counted by the thousand something's got to be done. This was done by congress when it passed the present stringent federal law regulating the sale of narcotics.

Users of dope in large centers of population have been hit especially hard by the deprivation they have suffered, as has been often noted by the newspapers since the statute went into effect some months since, but interests in its effects has been somewhat revived by a report a few days ago from Dr. Kate B. Davis, Commissioner of Correction in New York city, stating that in the institutions under her control there had been an increase of 50 per cent in number of inmates in 13 months, much of which was due to the restraint to which drug users have been subjected, and to the conviction of illegal drug sellers; also to lengthened terms of imprisonment which magistrates have been imposing upon offenders.

Dope, drink, poverty and discord, are the major causes of broken laws and broken homes; they always have been and always will be until the causes are removed, if this is possible. And removal of the causes is the chief remedy. How to deal fairly and effectively with people of this class is and ever has been a world problem. While some of the minor manifestations may be safely treated with easy methods, these should not apply always. Humanity in the handling of criminals or criminal tendencies need not imply mushy sentimentality. Honor methods in prisons and reformatories are sound enough in theory, but they should be carried out with the full knowledge that the men they are expected to help are in confinement because of dishonorable acts.

The best honor method in prison is the prevalent honor method outside of prison—humane treatment and equal and exact justice to all. But the woman who has been committed 200 times to Blackwell's Island in 16 years might just as well be allowed to stay there, since it is a resort which seems to please her right well.

CANADA PAYS HEAVILY.

(Grand Rapids Press.)

Canada pays day by day the price of belonging to an empire. Economically Canada is self-sufficient; geographically she is altogether safe from threat of European control. Sentimentally, however, Canada is English to the core; hence these sacrifices. Just as war proves the fallacy of the "economic man" theory, so it proves the fallacy of "economic nation" theory. People will fight as hard for dreams and traditions as for material advantages.

The dominion hangs crepe upon the door of Princess Patricia's Pets, that splendid regiment of young Americans who typified in their dash, courage and morale the spirit of this continent. Poor Pets now, most of them lie torn and broken in and on French and Belgian earth. Literally are they decimated—ten dead and wounded for one living. In one engagement near LaBasse they lost 520 officers and men out of a maximum strength of 700. Only three officers survived. The battalion went into action under a lieutenant colonel and emerged under the command of a lieutenant, all officers of intervening grades having been eliminated.

And all this slaughter availed absolutely nothing. The Canadians took two trenches, but were stopped at the third by such a deadly fire that they were unable to retain the ground captured. The remnant fell back to their original positions where they held off their opponents with great gallantry until nightfall. The Princess Pats had gained nothing save immortality, which, however, does not compensate Canada for their loss. Jingoes, if any still remain among us, should take a little journey through Ontario this summer.

Twenty-Five Years Ago

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Dr. George H. Barnum is quite sick.

Joseph Derheimer, the contractor, has gone to Toledo on business.

Prof. Ed Noll will spend the Fourth of July at Delphos, O., where Mrs. Noll is at present visiting.

Work is progressing on David C. Fisher's new flats on West Wayne street.

Deputy Prosecutor E. V. Emrick will deliver the Fourth of July oration at Silver Lake, Ind.

The artificial ice works will consume from 100,000 to 150,000 gallons of water per day. Louis Jocquel has been appointed superintendent of the business of the company.

Dr. Maurice Rosenthal will leave some time in July for a tour of Europe.

Three thousand persons went on the annual excursion of the Pennsylvania railway employes to Warsaw Saturday.

Judge Samuel M. Hench has returned from a professional visit to Columbia City.

Hal Joss, of Jamestown, N. Y., is the guest of Will Peltier. Mr. Joss is up in military tactics and is considered a fine drillmaster.

At the annual commencement of Fort Wayne college, Thursday evening, the degree of A. M. was conferred on Dr. S. B. Hartman, of this city.

Hon. J. B. White and Col. C. A. Zollinger, of this city, have been named as assistant marshals for the exercises at Indianapolis when the Hendricks monument is unveiled.

There are between 130 and 140 horses in the stables of the street railway company. The company has had remarkable success in the care of its horses during the extreme hot weather of the past few days.

The county board of equalization has completed its works and adjourned, having increased the tax valuation a total of $165,000. The assessors' books have not been completely totaled, but the aggregate valuation of all property in the county for taxation will approximate $28,000,000.

Health Big Factor in Flood Prevention.

Prosecution of flood prevention work is necessary not only for the protection of property but as well for the protection of health. This fact is attested to abundantly by the action of the city and county boards of health in giving unqualified indorsement to the campaign for the establishment of a flood prevention district in Allen county. The health officers of the city and county have adopted resolutions in which they point out the necessity for protection against flood water if the public health is to be conserved.

Since the proposed flood prevention measures in Allen county, if carried out, will serve to enhance property values, to prevent suspension of employment of men, and to protect the public health, how any freeholder can oppose the movement is more than mind can fathom. If signing the petition had the effect of vitiating the rights of the citizens, if it empowered the board to arbitrarily institute the work and levy assessments without regard to the wishes or rights of the people, or if the petitions and the law under which they are circulated gave the board the right to saddle upon the taxpayers any unnecessary expense, there would be tenable ground upon which the opponents may stand. But the contrary is true. The movement is without a tinge of political manipulation. It has for its object promotion of the welfare of every citizen, whatever his politics or creed may be. The law authorizes the creation of no salaried positions on the board, and to the contrary specifies that there shall be none. On what ground can any taxpayer refuse to sign the petitions?

GIRLS COMPLETE 600-MILE HIKE.

From left to right: Misses Kittie Bevertz, Fay Shea and June Shea, who walked from Portland, Ore., to San Francisco. The girls dressed in the garb of men because of the inconvenience of walking in skirts. The girls left the Oregon city on April 15 and arrived in San Francisco June 10. Their trip was a storm-buffeted journey. Many times they walked in rain, sleet and snow. Sometimes the snow was several feet deep and sometimes they were in mud nearly up to their knees.

WHEAT IS ABOUT READY.

Farmers Will Start to Cut It Within Next Few Days.

Farmers throughout Allen county will start cutting wheat within the next few days, probably the latter part of this week. According to Clarence Henry, the county agricultural agent, the crops throughout the county are looking fine. Corn is a little backward and some little damage has been done to clover as the result of insects.

OUTING IS ENJOYED.

Officials and employes of the Old National bank, were delightfully entertained Sunday afternoon by Theodore Fisher, teller in the savings department, at the home of F. W. Hitzman, west of Brookside.

FORT WAYNE BOY DROWNS.

Word has been received here that Alfred J. Martin, formerly employed in the testing department of the General Electric Lamp factory in this city, was drowned at one of the New Jersey summer resorts Sunday. Mr. Martin had been living in Philadelphia since leaving this city, and while a resident of Fort Wayne resided at 1021 California avenue.

STARTS ON VACATION.

Cassius M. Blue, gauger in the revenue department of the government, will leave July 1 for a fifteen day vacation. After July 1 the office of gauger will be abolished in Fort Wayne and it is probable that Mr. Blue will be transferred to some other city.

If you could buy a piano as good as a Packard for $350 there would still be many reasons why you should select a Packard. Of course you know that the Packard has a nation-wide reputation among Musicians and lovers of music, won solely on its merits as a musical instrument.

The Packard is purchased in every state in the union. Those who buy it cannot possibly have your opportunity to learn what a good piano it is before they choose it, because they haven't your chance to learn how it is made, or to know the men that make it.

You can learn DEFINITELY what THEY take for GRANTED, any time you care to visit the Packard factory.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly.

No man or women who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

U. S. DISPUTES RIGHT TO SINK NEUTRAL

Lansing Rejects Germany's Proposal in Case of Steamer Frye.

Washington, D. C., June 29.—Following the receipt of a message from Ambassador Gerard stating that the German reply in the submarine controversy would be favorable to the demands of the United States, the state department made public Secretary Lansing's rejection of Berlin's proposals in the case of the American steamer William P. Frye.

In regard to the sinking of the Frye and its grain cargo by the German auxiliary cruiser, Prinz Eitel Fredrich, Mr. Lansing, in a note delivered to the German foreign office on Saturday, refuses to accede to the proposal to submit the question of reparation to a German prize court and renews the suggestion that the amount of the indemnity be settled by direct diplomatic negotiation. He holds that Germany violated its treaty obligations to the United States when the Frye was sunk.

Contradicts German Claim.

The most interesting feature of the note is a flat contradiction of the German contention that under the treaty of 1828 with the United States a German vessel of war is justified in sinking an American ship if there is no other way in which to dispose of its contraband cargo. Acceptance of this assertion by the United States would have been tantamount to conceding the right of German submarines to torpedo American vessels carrying contraband.

Secretary Lansing informs the German government that "these treaty provisions do not authorize the destruction of a neutral vessel in any circumstances." He then quotes the treaty to show that it "prohibits even the detention of a neutral vessel carrying contraband if the master of the vessel is willing to surrender the contraband."

Willing to Deliver Cargo.

The captain of the Frye was willing to deliver over the cargo of grain and the captain of the Prinz Eitel Friedrich proceeded to throw it overboard, then changed his mind and sank the ship.

Mr. Lansing points out that the sinking of the vessel involves a dispute over the interpretation of the treaty and the indemnity therefor. Germany having admitted liability and agreed to make reparation. This question cannot be settled by a German prize court, the decision of which would not be binding upon the United States and would be adjusted more directly by diplomatic negotiation.

The note was sent by Secretary Lansing to Ambassador Gerard at Berlin for delivery to the foreign office.

SPENCERVILLE NEWS.

Spencerville, Ind., June 29.—The C. C. club were delightfully entertained Friday in the Chas. Henderson grove by the president, Mrs. Anna Henderson, and vice president, Mrs. Lizzie Wearley, assisted by their daughters, Misses Ruth and LeAnna. Thirty guests presented themselves, wearing, as requested, an emblem embodying the title of some well known book. The guests were provided with pencils and the afternoon was spent in contests and pleasantry. An elaborate four-course supper was served. Mrs. Fanny Beams was toastmistress of the occasion. Madams Flossie Rhoades, Cora Steward, Myrtle Beams, Georgie Jenkins and Maude Beams responded with toasts. The out of town guests were Mrs. Buchanan, of St. Joe; Miss Mary Horn, of Minnesota; Miss Ida Reed, of Auburn, and Mrs. James, of Harlan. The occasion was the last of the official club year and the guests departed expressing their appreciation of the splendid entertainment and hospitality.

The Girls' Pansy club met at the home of Mr. C. A. Rhoades and wife Friday afternoon and were entertained by their granddaughter, Miss Theresa Newman, who is spending the summer with her grandparents.

Mr. Thomas Petterson, wife and sons, Harry and Bert; Mrs. Edith Parents, of Fort Wayne; Miss Hazel Dearwester, of Michigan; Mr. and Mrs. Floyd Moore, of Harlan, were Sunday guests of Mr. and Mrs. E. Brattien, of Grabill.

Mr. and Mrs. Merten Kimes, of Robinson Chapel; Mr. and Mrs. Harvey Kimes and sons were Sunday guests of the former's father, Mr. George Kimes and wife.

Misses Laura and Jennie Shutt, of Auburn, who have been visiting their cousin, Miss Pearl Goldsmith and mother, left Saturday to visit relatives at Harlan.

Mrs. William Fairfield and daughter Helena, Standley Hollabaugh, Vest Clemmer, Mrs. Newton Miller, Golden Murray and Pete Steward spent Saturday at Fort Wayne.

Mr. George Gloyd and family entertained the following guests Sunday: Otis Gloyd, wife and children and Miss Estella Gloyd, of Robinson Chapel; Mr. Isadore Badica, wife and children, of near Fort Wayne, and Mr. Fred Osborn, of Fort Wayne.

Alvin Bair and wife, of Tiffin, Ohio; Daniel Bair and wife, Findlay; Miss Tugsley, of Lima, Ohio, were guests of Mr. and Mrs. John Horn and family several days last week.

Mr. and Mrs. Orval Wise and children, Mr. and Mrs. Lavern Wise, of Auburn, spent Sunday the guests of Mr. and Mrs. James Vallein and family.

W. P. Steward and family were Sunday guests of Mr. William Reed and family, of near Auburn.

A Mistake Made By Many.

Don't wait for rheumatism to indicate diseased kidneys. When you suffer pains and aches by day and sleep disturbing bladder weakness by night, feel tired, nervous and run down, the kidneys and bladder should be restored to healthy, strong and regular action. It is a mistake to postpone treatment. Foley Kidney Pills put the kidneys in sound, healthy condition and keep them active and strong. Begin taking today. Good results follow the first dose. MR. AND MRS. A. J. LANTERNIER CELEBRATE GOLDEN WEDDING

Upper Picture—The bridal party, Mr. and Mrs. Lanternier in center, seated.

Lower picture—The seven granddaughters, who assisted in the celebration. Reading from left to right they are: Miss Charlotte Lanternier, Miss Irene Lanternier, Mrs. Blacksmith, Miss Hilda Lanternier, Mrs. Ray Lee, Miss Bernadette Mohl, Miss Eleen Lanternier and Miss Ruth Lanternier.

The golden wedding anniversary of Mr. and Mrs. Lanternier was elaborately celebrated Tuesday at their home on Anthony boulevard.

Society

Miss Sue Coppock entertained in a delightfully informal way this afternoon as a compliment to her guest, Miss Irene Nold. Twenty-five of Miss Nold's friends were asked to bring their sewing and pass a happy hour or so visiting over their needlework. A buffet luncheon was served in the diningroom, where a lovely table laid in pink and white met the eyes of the guests. A white basket filled with pink and white sweet-peas stood in the center of the table and smilax was a graceful festoon of the cloth. Pink-hooded candles lent a dainty color to the scene. Miss Agnes Coppock presided at the coffee and Mrs. Tom Coppock assisted in serving. Miss Fern Lease, of Waterloo, who is visiting Miss Coppock, was one of the guests. There are to be other parties to honor Miss Nold during the week.

* * *

Mrs. Samuel L. Morris, jr., entertained a few young women this afternoon very informally in honor of her sister, Miss Lillian Good, of Huntington. Mrs. Percy Olds, Miss Georgiana Bond and Mrs. Carver Wood assisted in serving. Garden flowers formed an appropriate decoration of the rooms.

* * *

Young women to make four tables at auction bridge enjoyed the hospitality of Mrs. Will Vesey, jr., this afternoon at her home in Thompson avenue. Mrs. Walter Bauer was a visiting guest.

* * *

The many friends of Mr. Homer C. Underwood are interested in the announcement of his coming marriage to Miss Mary M. Frederick, of Detroit. Mr. Underwood went to Detroit on Tuesday and the marriage will take place on Wednesday at the bride's home in Westminster avenue. The bride is a cultured woman of more than ordinary attainments and her accomplishments are of such a high order as to attract attention of many organizations of Detroit and surrounding places. Miss Frederick was graduated from Northwestern university and has for some time been one of the faculty of the Ganipol Art school, Detroit, and is also a teacher of English literature. Miss Frederick conducts the work in the ladies' gymnasiums of the Episcopal church and the Church of Our Father, two of the largest church gymnasiums in the city, and she also conducts a studio for teaching the art of expression. Mr. Underwood is a member of the law firm of Underwood & Geake, and will continue his law practice here until the first of September, when he will move his office to Detroit. After the wedding Mr. Underwood and his bride will go to Lake Wawasee, where he owns a cottage, and there will be joined by Mr. Underwood's youngest daughter, Miss Alice.

Rundles—Hedges.

A pretty wedding that took place on Sunday in Whitley county is of much interest to many friends of the groom, Mr. Earl Rundles, in this city, which is his home. Mr. Rundles was married to Miss Mary Hedges, a daughter of Mr. and Mrs. Charles Hedges, of Thorncreek township, at 2 o'clock by Rev. H. G. Herendeen, pastor of the Church of God. Miss Ethel Taylor played the wedding music, Miss Muriel Herrold of Columbia City was the bridesmaid and a brother to Mr. Rundles was best man. After the ceremony and the showering of felicitations on the bridal couple, a wedding dinner of elaborate preparation was served. The bride is said to be a winsome young woman of many accomplishments. She was graduated from the Columbia City High school in 1913 and a few months later from the Fort Wayne Business college. The bride held a position in this city for about a year. Mr. Rundles is a son of Mrs. Mary Rundles and is a civil engineer and surveyor, having graduated from the University of Illinois in that department. He is a fine young man and a year ago was a candidate in the democratic primary for nomination for county surveyor. Mr. and Mrs. Rundles went to Indianapolis for a few days and on their return will make their home in Fort Wayne.

AT THE TEMPLE.

A PLAY DISTINCTLY HUMAN.

"Girl From Out Yonder" Strikes Popular Chord at Temple.

A play that appeals because of the humanness of its characters and that keeps one wavering between tears and roars of laughter is the comedy-drama of Maine seacoast life, "The Girl From Out Yonder," which is being produced at the Temple this week by the Payeen Stock Players. The story is an unusual one, but runs smoothly and logically, while the people created by the author are just such simple regular folks that everyone feels he knows them personally before the first act is over. The center of the action is of course "the girl" known as "Flotsam," the mainspring of life in the lonely old lighthouse, bubbling over with the sheer joy of living until the advent of the summer colony.

The Paycen Players will present the first matinee of the week this afternoon and on Thursday and Saturday afternoons the same production, "The Girl From Out Yonder," will be the offering, with, of course, a performance each evening.

AT THE JEFFERSON.

LASKY PRESENTS "WILD OLIVE."

Beautiful Myrtle Stedman at Jefferson. Pathe News.

"The Wild Olive," based upon Basil King's sensational novel of that name, is the current release of the Paramount is the current release of the Paramount tle Stedman, the great, velvet-eyed Lasky star, creates the name role in this fine production, while Forrest Stanley, acclaimed one of the handsomest leading men on the stage, plays the part of the hero.

A hidden dagger in an Allegheny lumber camp brings a sentence of death upon an innocent young college man. Escaping the gallows by a hair, he goes into exile in South America. The beautiful "Wild Olive" of the mountains, a girl with whom he is in love, offers to sell herself to the law in order to clear him. A second jury brings in a verdict, but curiously the great gorgon of the law fails to exact its price.

Pathe Daily war news, taken by the intrepid camera men of the Pathe concern right in the core of the great European embroglio, are shown on today's program, together with a Charlie Chaplin comedy. Thursday and Friday marks the return of the famous "Vampire Woman," Theda Bara, in a startling, bizarre drama, "The Devil's Daughter."

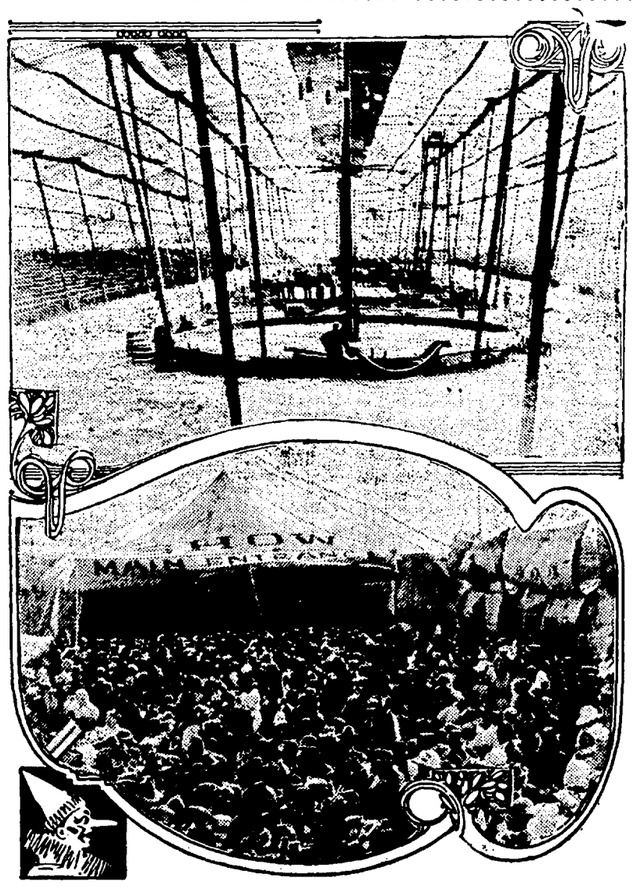
HERE'S WHERE YOU'LL SIT ON RINGLING DAY IN FORT WAYNE.



According to railroad officials the Ringling Brothers' circus is this season carrying the heaviest equipment, the largest zoo and the greatest number of people ever brought together by a traveling enterprise. Eighty-nine cars, divided into five trains, are required to accommodate approximately 1,370 people, 735 horses, 41 elephants and more than 1,000 wild animals. One entire section is used to transport the mammoth stage, scenery, costumes and electrical effects used in the new spectacle of Solomon and the Queen of Sheba with its gigantic cast and ballet of 300 dancing girls.

The spectacle is but an added feature to two hours of arenic display in which more than 400 artists exhibit from the aerial rigging, the interstages, three rings and hippodrome track of the largest main tent ever built. Fully 90 per cent of these performers are making their first appearance in America. These include five troupes of Norwegian equilibrists who present the highest perch acts in circusdom; the Mijares family of Spanish slack-wire wizards who turn somersaults on steel threads high in the tent top; the famous Lloyds in a progression of riding feats with special scenic settings; families of aerialists frequently presenting as many as fifty performers upon the trapeze and bars at one time; a vast company of equestrians headed by Charles Augustus Clark, the world's greatest bareback rider; five herds of trick elephants and an entire department of trained animals; fifty famous clowns, a magnificent horse fair, speed tournaments and many other features of novelty and daring. Ringling Brothers will exhibit here Saturday, July 17.

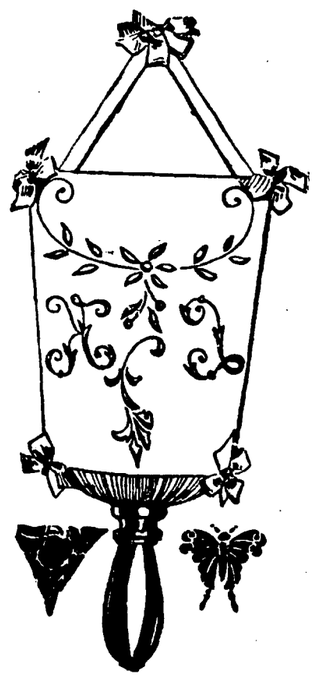
EMBROIDERY FOR HOME DECORATION

ORIGINAL DESIGNS



Clothes Brush Hanger

By Madame Jean

HOW to provide a place of repose for the ubiquitous whisk broom is a problem the particular housekeeper finds herself confronted with. The accompanying illustration will aid her.

Choose any heavy material in keeping with the paper and furnishings of the room and embroider this design in bold colors, using the padded stitch, the over-and-over, the long and short, and the outline stitches, not forgetting the monogram placed on either side of the design, nor the perky bows made of the predominating color.

Place the holder where Father can always find the brush when he needs it.

(The above designs and more than 450 other transfer patterns from The World Famous Embroidery Outfit, with a complete equipment to make them, including hoops, needles, bodkins, stiletto and booklet, telling how to make all the stitches, can be secured from this paper at the nominal cost of 48 cents (7 cents extra for postage with mail orders) by clipping one Embroidery Coupon from this paper, coupon appearing in the paper every day.)

CITY MAY HAVE TO PAY FOR ALL WATER

Bearing of Utilities Law is Causing a Deal of Heavy Thinking.

With the work in hand of making up the municipal budgets for 1916, Mayor Hosey, the legal department and the several executive boards of the city government are solemnly figuring on the price of water from the public supply. It is believed that under the state utilities law the city government's various departments will have to pay the waterworks department for al lthe water consumed for city purposes. This will fall heavily on the board of works, for all water used in street sprinkling and flushing and sewer flushing would amount to a big bill. Likewise the fire department would have to pay an established flat rate for each fire hydrant in use and the board of safety is considering that. The park department uses much water that would have to be settled for. Should this contingency become a legal necessity all the department appropriations will have to be boosted and at least a temporary increase in the tax levy might be necessary or something cut out. The waterworks would have a big increase of revenue but any surplus that department would show would have to go back to the city's general fund, in all probability, so that after getting around the situation for one year matters would balance themselves without necessity to increase the general revenues.

DIVORCEE SHOT AS SHE SLEEPS.

Indianapolis, Ind., June 29.—Mrs. Cora Ketrow, recently divorced, was shot and seriously wounded early today as she lay asleep beside her mother, Mrs. Phoebe Bunk, and baby in their home. Arthur Cady is in jail charged with the shooting. Mrs. Ketrow is not expected to recover.

According to Mrs .Bunk, Cady attempted to chloroform her before shooting her daughter. She wakened before the chloroform took effect, she said, and Cady then shot her daughter and fled. No attenmpt was made on the life of the baby. Mrs. Bunk says Cady had been attempting to force his attentions upon Mrs. Ketrow and had threatened to take her life when rebuffed. Cady was in bed at his home when arrested. He refused to make a statement.

into Mexico City, foreigners had been removed from the danger zone. It was also hoped that the British charge d'affaires at Mexico City would try to maintain constant courier service between that city and Vera Cruz. Much concern is felt here over the situation in the capital, where the advices said business had been suspended and that there was a food shortage.

Gen. Carranza telegraphed his agency here today that further attack on Mexico City was being delayed while Gen. Gonzales was trying to make arrangements to avoid a battle within the city itself. The diplomatic corps in Mexico City, the dispatch stated, was taking steps to protect the non-combatants of all nationalities in the event of fighting within the city itself and the Zapata forces were reported to have sent their archives to Cuernavaca. The telegram was the first confirmation from Carranza sources of the defeat of Gen. Gonzales by the Zapata forces in the first attack.

PARK BOARD WORKS ON BUDGET.

First Annual Estimate Under New Law Under Consideration.

At the weekly meeting of the park board Tuesday afternoon Secretary C. J. Steiss presented the tentative draft of the first annual budget the board will send to the city council under the new park law. It is believed that the revenues for next year will be about $33,000 if the tax levy is maintained at 2½ cents as at present. The board, in order to comply with the new law, submitted a budget in May that covered its expenses from the first of that month to the end of the year. The board also had up for final hearing the resolutions for the Rudisill and Anthony boulevard improvements and expected to receive bids for the installation of an intake pump at Tennessee avenue to furnish water for the lake and lagoons in Lakeside park.

GUY AND EDITH RACE TO DIVORCE COURTS

Each Accuses Other and She Says He Sails Under a Pair of Names.

There was a race Tuesday morning for the divorce courts by man and wife and when the complaints were on file neither had the fraction of a lap advantage. Moreover there was a complication that Judge Yaple will have to unravel in the superior court, where the actions were filed. As to the names of the parties—that's the puzzle. The wife filed her complaint as Edith McAllister vs. Guy McAllister. The husband filed his complaint as Guy Stookey vs. Edith Stookey. Mrs. McAllister says that she was married to the defnedant Feb. 2, 1914, and that he entered the bonds of matrimony with her as Guy McAlister, but she charges in her complaint that ever since that more or less unsuccessful event he has used the name of Guy Stookey, is known about Fort Wayne as Stokey and refuses to use the name McAllister, declining to give her any explanation. Otherwise she alleges that he has been guilty of cruel and inhuman treatment for the past five or six months, has struck her, habitually cursed and called her vile and profane names, besides staying away from home at all hours of night, associating with other women and going joyriding with them. She has procured an order restraining him from molesting her at 906 Barr street, disposing of their household goods or selling a Saxon automobile he owns. The husband's complaint recites tha she is cruel and inhuman, has associated with women of immoral repute, has disregarded his warnings that he would not always overlook her conduct and has been guilty of indiscretions that have caused him to be held in public disgrace. The couple have just separated.

Wants Deed Set Aside.

Lydia Luce has begun action in the superior court against John Luce, jr., and the Tri-State Loan and Trust company to set aside a deed. The plaintiff alleges that in 1907 she entered into a contract with Luce by which she transferred to him forty-two acres of land to be held in trust for her benefit. She shays she has performed her part but that he has not completed his part as to providing her with a home and specific necessities. She says that without her knowledge or consent the defendant in 1910 mortgaged the property to the trust company for $400. The defendant, she says, is not in position to carry out his part of the contract. Luce, the defendant, is one of the men arrested for trying to hold up the women at the home of Thomas Covington last Friday, and is now under bond on charges of felony.

Divorce Suits Dismissed.

The following divorce suits have been dismissed from the superior court by Judge Yaple: Elizabeth Schnoessenburg vs. Andrew Schnoessenburg, Goldie Benner vs. William Benner, Charles A. Molitor vs. Rose Molitor, Rubie Dressel vs. John Dressel, Grace Kuhn vs. Solomon Kuhn, Grace Peartree vs. Roy Peartree.

Notes of the Courts.

The suit of Roy E. Walburn vs. David Judson has been dismissed from the superior court.

The superior court has dismissed the suit of Williams vs. Baxter.

The last will and testament of the late John Shaffer, of Harlan, has been filed for probate. All his property is left to his wife for life. W. A. Reichelderfer is named executor.

A motion for change of venue from the judge has been led in the superior court in the case of James A. Baysinger et al., vs. Henry F. J. Reiter, et al., and change from the county is asked in a motion to the same court in the case of Daniel Stringer Harwood vs. Elmer E. Gandy.

The suits of Alex Fraine vs. Augusta Wolf and Susan M. Williams vs. David J. Baxter have been dismissed from the superior court.

In the superior court Nettie Siler has filed a cross-complaint to the action of her husband, George Siler, for divorce, alleging cruel and inhuman treatment, failure to properly provide and specifically charging that he cursed her, called her vile names and beat her. She asks the custody of a daughter aged 14.

The superior court has granted a divorce to Myrtle Welch from John J. Welch.

INSANE WOMAN RESISTED.

Stella Lanhart, aged 20 years, is confined in the hospital ward at the county jail suffering from violent dementia. She was taken into custody near New Haven, Monday, by Sheriff A. C. Gladieuxx and Deputies Courdevey and Pranger, after people of the neighborhood had telephoned that the young woman was violent. She imagined enemies were pursuing her and after terrorizing those at her home and near by took to the fields. She eluded pursuit of the officers for a time and took refuge in an attic with an entrance barely large enough to permit the passage of her body. She was brought out with extreme difficulty and then resisted with great frenzy and violence. An inquest into her sanity is in progress in New Haven before Justice William Bowers.

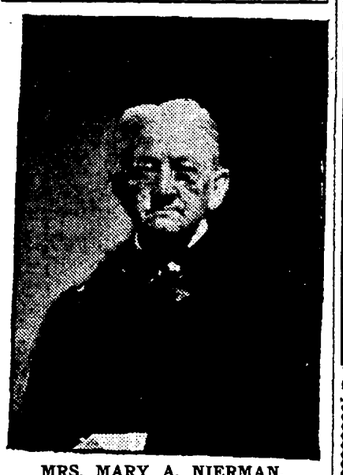
Mrs. Mary A. Nierman, aged 84 years and four months, died at 1:30 o'clock Tuesday morning at St. Joseph hospital following an illness since last fall. Death was due to kidney trouble and infirmities of old age. For fourteen



MRS. MARY A. NIERMAN.

weeks she had been confined to the hospital.

The deceased was born in Hanover, Germany, but came to this country and immediately to Fort Wayne with her brothers and sisters when she was four years of age. She has resided here ever since. She was united in marriage to Martin A. Nierman who passed away twenty-five years ago.

Mrs. Nierman was the mother of fifteen children, five of which still survive her as follows: A. C. Nierman and Martin H. Nierman, of this city, and Mrs. Frank Cutler and Mrs. Agnes Stuhler, of Chicago, and Mrs. Frank J. Reamer, of Los Angeles. One sister, Mrs. Grimme, of Brackenridge street, who is 93 years of age, and is now confined to her bed, also survives her.

FUNERAL NOTICES.

Rothschild—The remains of Aaron Rothschild will arrive in this city Wednesday morning over the Pennsylvania and will be taken to the residence, 702 West Wayne street, where funeral services will be held at 3 p. m., Rabbi Meyer Lovitch officiating. Interment at Lindenwood.

LIGHTS FOR HARMER SCHOOL.

Ornamental System is Planned for That Locality by Board.

The board of works is considering a plan for a system of ornamental lighting about the new Harmer school building and with Secretary Manager Wessel of the light and power works, went out Tuesday afternoon to study the situation. The board is going to cut off the corners at Harmer and Washington streets and Harmer and Jefferson streets on a fifty-foot radius and this will fashion the eastern, southern and northern frontages into a semi-circle and about this it is proposed to construct the ornamental system. The Lincoln highway comes in on Maumee avenue, which heads into Harmer street, by which the route is joined to Washington, into which a good view will be furnished from Maumee when the corner is cut. The east end people were promised an ornamental lighting system at the Harmer school when the electric light tower there was disposed of to the park board and removed to Lawton park.

Being SMOKELESS and ODORLESS, they are very extensively used for all kinds of indoor and outdoor celebrations.
To the LITTLE FOLKS THEY ARE A CONSTANT DELIGHT.
PARENTS, avoid resultant "casualties" in the haunting anticipation of tetanous caused by DANGEROUS FIREWORKS.
Get a supply of these wonderful harmless novelties for your little folks at once.
CHILDREN GO WILD OVER THEM AND PARENTS ARE DELIGHTED.
The "AMERICAN BEAUTY" comes packed 10 large torches (10 inches in length) to a box. 10c per box.
12 TEN CENT boxes packed in a carton at $1.20.

Don't Buy a Refrigerator by the Shine
Whether the shine be in the case or in an advertisement. The value of a refrigerator comes down to two main points:
The insulation, in other words, the composition packed in between the outer and inner cases, which preserves the low temperature.
The circulation of cold, dry air, which must be continuous to prevent the food going bad.
With these two points looked after, the refrigerator cannot consume your food, nor melt up your ice like a fireless cooker.
The Seeger Is the Perfect Refrigerator Because It Is
The refrigerator that is always as sweet and clean as new mown clover.
The refrigerator that saves the ice and keeps the contents in a perfect condition.
Fruits, vegetables, butter, meats, milk, iced dainties—in fact whatever you wish is kept in an ideal condition with a "Seeger" Refrigerator.
The "Seeger" is the original and only patented siphon system refrigerator made.
Among all others we recommend it as the best. Prices range from $27.50 to $75.00.

ARRESTED AS SPY ON HONEYMOON, ESCAPES; GOES HOME TO FIGHT.

San Francisco, June 29.—Arrested with his bride as spies by the authorities in Sydney Australia, while touring the world on their honeymoon, and released after being detained and closely questioned for twelve days, a Serbian nobleman, M. Millan Raitcagvitch, count de Monteforte, arrived here recently on the liner Moana on his way back to Belgrade to fight for his country.

Twice has the count's honeymoon trip around the world been interrupted by wars.

Three years ago, immediately after his wedding, he made a wager with another Serbian nobleman that he and his bride could tour round the world on a motorcycle.

They toured through Turkey and northern Africa when the count was overtaken by a message from his government, ordering him to join his command immediately, as war had broken out with Turkey.

Countess Raitcagvitch and M. Millian Raitcagvitch, count de Monteforte.

The count's left leg was shattered at the siege of Scutari, and as soon as he was able to get out of the hospital he and his bride again started on their honeymoon, this time without the motorcycle.

The countess is the correspondent of a Belgrade newspaper, a connection which got both of the travelers arrested as spies. They had taken passage on the steamer Niagara for Vancouver.

BRYANS REACH LINCOLN.

Greeted by Small Party of Friends at Nebraska Home.

Lincoln, Neb., June 29.—William Jennings Bryan, accompanied by Mrs. Bryan, was met by a small party of friends this morning on their return to their home. Mr. and Mrs. Bryan are the guests of Mayor Charles W. Bryan, a brother, during a day's stay in the city.

Mr. Bryan will speak tonight at an open-air meeting on the subject, "The Farmer, A Friend of Peace." He will leave tomorrow for San Francisco where he will give two addresses. A public reception has been arranged for this evening.

DROP ANOTHER TO QUINLAN'S JOLLY TARS

Erie Pluks Entire Series from Myers' Slumping Cubs.

Erie, Pa., June 29—Although Holderman came across with another homer and with a double as well, the Cubs were helpless here yesterday and lost a long drawn out game with Erie 7 and 4. It was the first really poor showing Ainsworth has made this year, and twelve hits were registered off him.

Smyth went to second in the first inning on a dropped fly, and after Sheehan had singled and was out at second Brant hit and scored Smyth. Erie scored two in the first an Holderman tied things up with a homer in the second frame.

Fort Wayne made another pair in the fourth and all was well till the eighth, when the Sailormen got to Ainsworth for four runs in a row.

The three games of the series went to Erie and the lakemen now are tied for third place, pretty close on the heels of the slumping Cubs. However, there still is a chance that the Fort Wayneites will pull up, for it was after just such a slump as this earlier in the season that Bade Myers' gang got to its feet and climbed away up in the percentage column.

RACE HORSES GOING UP.

New York, June 29—Horsemen asserted today that the purchase for $12,500 of a chestnut colt by Star Shoot-Hamburg Belle at a Sheepshead bay auction was the first instance in which a thoroughbred yearling has sold for five figures since the anti-gambling laws were enacted. The colt was bought by John Sanford, of Amsterdam, N. Y.

Horse fanciers saw an upward trend in values in the fact that one consignment of thirty-four hourses sold for $44,723.

WETZEL TO DAYTON.

"Buzz" to Join the Vet Squad in Absence of Schweitzer.

Dayton, O., June 29.—No word having been received from Al Schweitzer, who is at home mending his injured knee, Manager Compton wired Infielder "Buzz" Wetzel to report and the veteran Central leaguer is on the job. This will enable Jack to place Ward Clemens in the outfield and give the club a regular line-up once more. Manager Compton wrote Schweitzer Monday morning to report as soon as possible, and when he does get back on the job one of the present squad will have to go.

WELSH IS AFRAID TO MEET CHARLIE WHITE OVER THE LONG ROUTE

(By Left Hook).

On July 3 at Brighton beach, New York, Charlie White after knocking out eight of his last nine opponents meets Freddie Welsh, world's lightweight champion, in a ten-round no-decision bout.

The match is rather a disappointment for White's followers. They had hoped to see him get the Britisher for twenty rounds in Denver and then polish him off after the first ten rounds were up as—take it from us—he was very likely to do.

However, Nate Lewis, White's manager, has looked up the dope and says:

"No championship has ever changed hands in a no-decision contest; that is, a champion was never knocked out during a no-decision bout, but the records show that numerous champions have lost their titles in less than ten rounds.

"Terry McGovern, for instance, won the bantamweight title from Pedlar Palmer in one round and the featherweight title from George Dixon in seven rounds and in turn lost his own championship to Young Corbett in two rounds.

"Joe Gans won the lightweight championship from Frank Erne in one round; Kid Williams won the bantamweight championship from Johnny Coulon in three rounds, and recently Kid Williams came within an ace of being counted out in a six-round no-decision bout with Louisiana, a contender.

"Therefore, it is within the range of possibilities that a terrific puncher such as Charley White has proven himself to be, may put over the wallop on Champion Freddie when they meet."

Here's hoping he does, too. Welsh is one of those dancing master's who put boxing on the bum. He's nothing but a boxer. White is of the Fitzsimmons, Gans, Corbett type, a fellow who can box and hit. He gives a good show when he appears and his knockouts are not the wild baymaker kind. He has perfected a short arm left hook that does the business while traveling only a few inches.

Further, Welsh's title was never legitimately won, according to American standards, and the American public has felt that Willie Ritchie "sold" the championship when he fought him in London.

Knowing how jealous our English cousins are of our fistic ability there was not a chance of Ritchie getting the decision if Welsh was on his feet, no matter how helpless, at the end of twenty rounds.

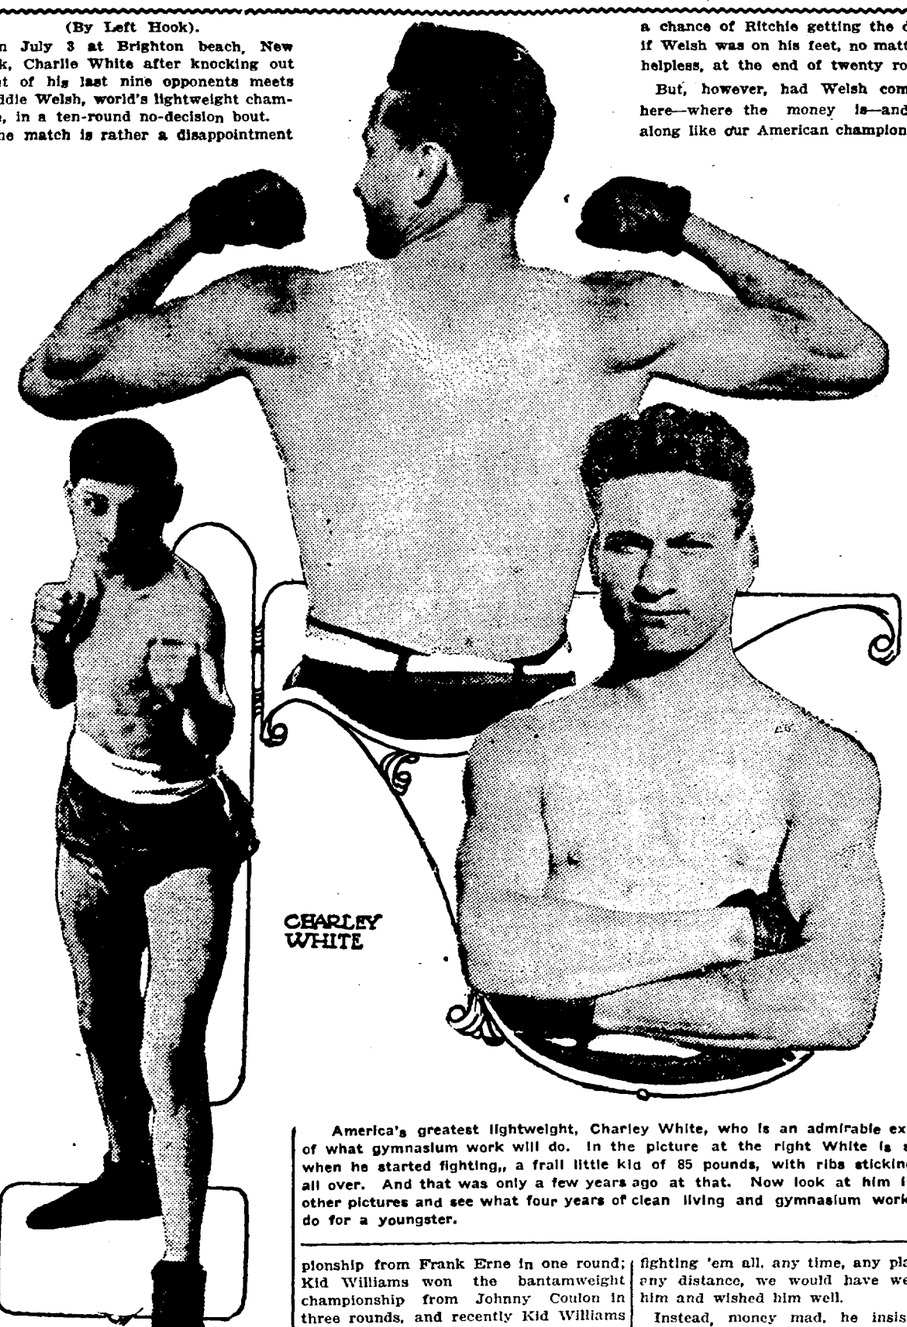
But, however, had Welsh come over here—where the money is—and gone along like our American champions have, fighting 'em all, any time, any place and any distance, we would have welcomed him and wished him well.

Instead, money mad, he insisted on stepping six and ten-round bouts with aspiring home boys where the local adherents would turn out and pay his fat guarantee while he polished off the second-raters. And by the way, second-raters are all that Welsh can polish off. He has not obtained any wide decision over a good man in any ten-round fight.

Now, reader, if you are one of those who think I am wrong for speaking against the light tapping boxing style of Packey McFarland, Freddie Welsh, et al, let me correct you.

The knockout is the most humane thing in boxing. When properly delivered the blow on the jaw leaves no ill effects—not even a mark.

Did you ever see Packey McFarland batter and bruise a second-rater to pieces, cut him to ribbons until he fell to the floor—not out, but absolutely exhausted from loss of blood. It takes probably two weeks for such a victim to recover. That is what is brutal in boxing—not the knockout.



CHARLEY WHITE

America's greatest lightweight, Charley White, who is an admirable example of what gymnasium work will do. In the picture at the right White is shown when he started fighting,, a frail little kid of 85 pounds, with ribs sticking out all over. And that was only a few years ago at that. Now look at him in the other pictures and see what four years of clean living and gymnasium work will do for a youngster.

CORNELL WINS OVER LARGE-HELD MONDAY

Poughkeepsie, N. Y., June 29.—Cornell won the triangular four-mile race here yesterday, defeating Leland Stanford by eight feet, and with Syracuse third and exhausted and Columbia fourth, while Pennsylvania brought up a hopeless rear.

Cornell's junior eight won the second crew affair and the Syracuse oarsmen captured the freshman event.

Royal G. Bird, who rowed as No. 2 in the winnig Cornell varsity crew yesterday, was notified as he stepped out of the shell at the conclusion of the race that his brother, Eugene Bird, was dead at their home in New York city. News of the death of the oarsman's brother was received here before the race was started but was withheld from the Cornell man at the request of his father until the finish from fear that it might prevent him from rowing in the race.

Eugene Bird rowed in the Cornell varsity eight last year.

EXPECT TED MEREDITH TO SMASH ALL RECORDS

Pennsylvania Athlete to Be Star Attraction at Exposition Meet.

(By Hugh S. Fullerton).

Will Ted Meredith smash all records of the world for runners and demolish even his own wonderful performance in the half mile?

The best judges of runners in America expect that the wonderful University of Pennsylvania runner will clip a second, perhaps even more from the record of 1:52½ when he starts in August at the Panama-Pacific exposition games.

They believe Meredith will set a record that will stand through generations of athletes, and never be approached save when some speed marvel like himself with his courage and nerve is born.

The reasons for the belief that Meredith will establish the new record are that the track at the San Francisco stadium is one of the fastest ever constructed, and that it will be fully one and a quarter seconds faster than the track at Franklin field, Philadelphia, was when Meredith ran to within a fraction of a second of his best time.

That it will be four-fifths of a second faster than the track in the Olympic stadium at Stockholm when Meredith and Mel Sheppard had their wonderful struggle is the belief of the experts.

The second condition is that the field with which Meredith will compete probably will be the fastest that ever assembled in a half mile race.

The experts believe that if the pace is sufficiently strong the Penn track will smash the record almost to a certainty.

It has been shown that Meredith needs a terrific pace, and that the harder he is driven the better he runs.

Coaches preparing men for the half mile consider 55 fast enough to run the first 440 yards yet in that great duel between Sheppard and Meredith Sheppard carried his teammate the first 440 in 52, wore himself out by the pace and Meredith overtook him at the finish and won, going past with something in reserve.

If the cracks such as Caldwell, the Massachusetts marvel, and Homer Baker with some of the western and midwestern collegiate record men, force the pace the record is gone.

It is reported that Meredith is preparing himself especially for the half at San Francisco and his work in the preliminary trails soon to be held probably will not be startling as he will run to time and qualify, reserving himself for the big event.

MARATHON RUNNER DRIVES WAR AUTO.

Rome, June 29, via Paris, June 27.—Dorando, who was disqualified in the spectacular Marathon race held at the London Olympic games in 1908, is now driving a military automobile at the Italian front. Some of the winners at the Olympic games held in Stockholm participated in the military operations which resulted in the capture by the Italians of Monte Nero.

Members of almost all the sporting clubs, gymnastic societies and racing associations have enlisted. Lancia, Felice Nazzaro and others for the war, and some have distinguished themselves. Vincenzo automobile drivers have been retained in the motor factories and are working under high pressure to turn out military motors.

LAWSON CONVICTION CONDEMNED BY LABOR

Mass Meeting is Held Under Auspices of Federation.

Fort Wayne labor went on record Monday evening at a meeting held under the auspices of the Fort Wayne Federation of Labor in the assembly room of the court house as condemning the trial and conviction of John R. Lawson, officer of the United Mine Workers of America, in the Colorado coal fields, on a charge of murder as a farce and wholly devoid of justice.

The principal address was delivered by James Henderson, organizer for the International Association of Machinists. In referring to President Wilson he said: "President Woodrow Wilson is the man of the hour. He stands for peace and he who would destroy his character and policies, would destroy the American republic."

The following resolution was adopted:

"Whereas, J. R. Lawson, a prominent official in the United Mine Workers' Union of America, was recently convicted and received a life sentence in the state of Colorado; and

"Whereas, It is a well known and indisputable fact that the Rockefeller interests have been at war with the United Mine Workers' union and with all of the means and power at their command have hired thugs and gunmen to shoot down women and children, in fact creating a civil war in that state; be it

"Resolved, That the Fort Wayne Federation of Labor and members of organized labor and citizens here present condemn the whole proceeding as based upon class hatred, fostered and abetted by the Rockefeller interests.

"Resolved, That we call upon the organized labor movement and the citizens of this country to voice protests against this inhuman and damnable conviction; and be it further

"Resolved, That a copy of these resolutions be sent to the governor of the state of Colorado, the president of the United States, to the United Mine Workers' Union of America and to Mr. John R. Lawson."

Only a Few Can Go.

Those who are so fortunate that expense does not have to be considered are now going to health resorts to get rid of the impurities in the system that cause rheumatism, backache, swollen, aching joints and stiff, painful muscles. If you are one of those who cannot go, yet feel that you need relief from such pain and misery, try Foley Kidney Pills. They restore the kidneys to healthful activity and make you feel well and strong. Dreier Drug Co.—Adv.

KENDALLVILLE NEWS.

Kendallville, Ind., June 29.—Mrs. Carolina Herb, who resided with her son, John Herb, on South Railroad street, was found dead in her bed by her son Monday morning. At the inquest held Monday morning, the son testified that he and his wife returned from a walk about nine o'clock and upon learning his mother had retired did not disturb her, as she would be restless the remainder of the night. His efforts to arouse her in the morning proved futile. Mrs. Herb was born in Germany seventy-one years ago. She had been a resident of this city for thirty-five years.

Raymond, son of Mr. and Mrs. Willis Walters, of North Main street, was painfully injured in a fall from the top of a cherry tree, a distance of fifteen feet.

Mrs. Homer Matthews has received word of the death of the two children of her niece, Mrs. Inez White, of Cleveland, O. Mrs. White was terribly burned in an accident about the hands and her body, while the children were burned to death. Mrs. White will be remembered as Miss Inez Lampman, daughter of Mr. and Mrs. B. A. Lampman, formerly residents of this city, now residing in Canada.

Rev. and Mrs. A. C. Ormond, formerly of this city, were calling on friends here, Monday, while enroute from Mishawaka to Gulf Port, Miss., where he will take up a new pastorate. Rev. Mr. Ormond was pastor of the Presbyterian church in this city and at Mishawaka.

Mr. and Mrs. Louise Levy are visiting the latter's parents, Mr. and Mrs. A. M. Jacobs. They are enroute from the east where they spent their honeymoon, to their home in Minneapolis.

Mr. and Mrs. A. M. Boyer and son, Will, motored to Indianapolis Monday.

Mr. and Mrs. A. E. Allen and son and Mr. and Mrs. E. L. Miller of Hicksville, were guests over Sunday of Mr. and Mrs. W. A. Miller.

Miss Alnora Fry has returned from a week's visit with relatives in St. Joe, Mich.

Mr. and Mrs. Harry Ihrie of Lagrange, were guests Sunday of the former's parents, Mr. and Mrs. Charles Ihrie.

Mrs. Clara Burkhart of Angola, and Mrs. E. W. Flanders, of Bluffalo, N. Y., are visiting the Weldy and Riley families.

C. S. Wert is transacting business in Chicago.

Mr. and Mrs. A. R. Otis and son, Warren, Mrs. W. S. Williams and daughters, Misses Lucile and Anna, Miss Anna Otis and Herbert Pugh motored to Clear lake Sunday. Dr. and Mrs. H. O. Williams are at the lake for a two weeks' outing.

Mrs. Lincoln Secoe is home from the Lakeside hospital, Cleveland, where she has been taking treatments, and is much improved.

Rev. Archibald Judd, the rector of Trinity Episcopal church, has been called to New York on business. He will remain three weeks visiting his family and relatives and friends.

William Detering of Cincinnati, is visiting his nephew, Henry Detering and family.

Dr. and Mrs. D. D. Johnston are home from a visit with relatives in Ovid, Mich.

Henry Bluhm is spending the week at Adams lake.

Robert Frazure of Toledo, is visiting his grandparents, Mr. and Mrs. J. B. Taylor.

MADAM:—

Do you realize the inconvenience of wash day?

Do you realize how much you could accomplish if you could do away with the trouble and muss to say nothing of the weariness due to washing?

Do you realize that you can stop all of this trouble, muss, weariness and inconvenience by sending your washing to the **WET WASH LAUNDRY?**

Do you know that we wash the clothes, extract the water, for the minimum charge of 60c for thirty pounds and 2c a pound over thirty pounds?

This method allows you to starch the clothes to suit your particular taste and dry them in the sunlight.

Now think this over seriously, then phone 6001 and have the wagon call for your next washing.

Yours respectfully,

The FORT WAYNE SENTINEL Complimented by Everybody

WE are daily receiving congratulations from all classes of readers for our generous offer in distributing, practically free, the wonderful WORLD FAMOUS EMBROIDERY OUTFIT, containing in all more than 450 of the very latest Embroidery Patterns. including the New Hardwood Hoop, Bodkin, Stiletto, a prize package of highest grade needles (assorted sizes) and Booklet of Instructions.

All Classes Need It

The woman of means needs it, because she enjoys the experience of creating something beautiful or useful with her own hands, and because nothing can take the place of dainty hand embroidered fabrics.

The woman of lesser means prizes it because it is the means of supplying things better for herself and children to wear at a trifling expense. The woman of moderate income can, by the use of this Outfit, wear just as pretty things as her more fortunate sister.

Transfers Several Times

ALL old-fashioned methods of tranferring embroidery patterns by use of water, benzine and injurious fluids are crude and out-of-date and often spoil expensive materials. This method is safe dry, quick, clean.

CHANGES ON THE PENNSY AND THE MEN AFFECTED BY THEM.

W. M. WARDROP.

The rumors concerning some proposed changes in the roster of the Pennsylvania which affect Supt. W. M. Wardroy in circulation about the city for two or three days, received official confirmation in a notice from the general superintendent's office Tuesday morning. The bulletins announce the transfer of S. B. Robertson from the superintendency of the Erie and Ashtabula division to the Cleveland division to succeed Supt. I. W. Geer, who is promoted to general superintendent of the Central system, succeeding W. C. Downing; the transfer of Mr. Wardrop to the Erie and Ashtabula division to succeed Mr. Robertson; the transfer of Otto Schroll to the Western division to succeed Mr. Wardrop; the transfer of Paul Jones from the Zanesville division to Toledo to succeed Supt. Schroll, and the appointment of F. J. Stimson, division engineer at Grand Rapids of the G. R. & I., superintendent of the Zanesville division to succeed Mr. Jones.

The appointments become effective Thursday July 1, and Mr. Wardrop will leave tonight for Newcastle to look over the situation. He will return here next Saturday to attend to some business and to make arrangements for taking his family to Newcastle. They formerly lived there and going ther to reside will not be without its pleasing features.

Began as Yard Clerk.

Mr. Wardrop's father, Robert Wardrop, is a banker, and it was the intention of the parent, no doubt, to have the son follow in his footsteps. But W. M., early in life became infatuated with railway work and before he had completed his common school education, had acquired the trade of telegraphy by visiting offices where telegraph instruments were used. He is a native of Edgeworth, Pa., where he was born January 8, 1879, and although he is only thirty-seven years old, has held responsible positions in railway work for ten years and minor positions for several years previous. After spending a couple of years in Princeton college, Mr. Wardrop returned home and took a position as yard clerk at the outer depot in Allegheny, the appointment being made by A. B. Starr, who was then the superintendent of the Eastern division of the Pennsylvania. Several promotions followed and in 1905 he was appointed trainmaster of the Erie and Ashtabula division of the Pennsylvania Northwest system, with headquarters in New Castle. February 1, 1911, he received the appointment of superintendent of the Western division of the Pennsylvania, succeeding J. B. McKim, and three days later came here and assumed the duties of the office. On the E. & A., Mr. Wardrop was known as the "golden rule trainmaster." His administration of the office of superintendent of the Western division has given emphasis to that trait in his character and entitles him to the title of "golden rule superintendent." He has made a friend of every person he met in railway circles or out. He soon became active in church and Y. M. C. A. work in the city and for the past three years has been a prominent member of the First Presbyterian church, serving one term as the superintendent of the Sunday school and at present being the teacher of the young men's class. He is also a member of the Men's club of the First Presbyterian church and is one of the active members of the Railroad Y. M. C. A., being at present a trustee of the association and a member of the board of management. His popularity among his railway associates won for him an honorary membership in the Pennsylvania Veteran Employes' association, a distinction conferred upon only two other men.

Without casting reflection upon the standing of others, The Sentinel can truthfully state that no other division superintendent enjoyed the respect and affections of his staff officers, office attaches and the employes of the company, as well as his fellow townsmen, to a greater degree than does Mr. Wardrop. And the removal of a family from the city was never more regretted than will be the removal of this family from Fort Wayne. Mrs. Wardrop and her mother, Mrs. E. A. Donnan, who resides with her daughter, have taken a prominent part in social and church circles in Fort Wayne and have endeared themselves to a vast portion of the people, who will learn with sorrow that they are soon to leave the city. The family resides at 3001 Fairfield avenue.

From Engineering Department.

Mr. Schroll is not well known in Fort Wayne, never having been connected with the Western division. There are, however, a number of Fort Wayne men who know him on other divisions and some who were closely associated with him in railway work. They speak highly of Mr. Schroll and bespeak for him and his estimable family popularity in railway and social circles in Fort Wayne. The family consists of Mr. and Mrs. Schroll and two daughters. An incident of his railway career which is out of the ordinary and which illustrates great confidence is the fact that he came to the Pennsylvania from another line. The story of Mr. Schroll's railway career is thus told by the Railway Men's Gazetter:

Born Sept. 29, 1868, at Columbus, Ohio. Graduated from high school and from Ohio State university at Columbus, O. Entered railway service Sept. 1886 with the Scioto Valley & New England Ry. and its successor, the Norfolk & Western Ry., since which he has been consecutively Oct. 1890 to May, 1900, engineer Wheeling Terminal Ry.; May, 1900, to Dec. 15, 1902, superintendent and engineer Pennsylvania Co., which at that time purchased the Wheeling Terminal Ry.; Dec. 15, 1902, to July 1, 1903, superintendent Richmond division; July 1, 1903, to date, superintendent Toledo division, same road.

JUDSON ROSS MAKES A CHANGE

Transferred from Passenger to Engineering Department of Wabash.

Judson Ross, the courteous and accommodating assistant ticket agent at the Wabash depot for the past year, resigned last Saturday and has taken up another line of work with the company. Yesterday he took employment as a chainman in the engineering department, with Assistant Division Engineer E. C. Danes. The change is made because the new position affords better opportunities for promotion, and Judson is ambitious and studious and will soon advance in the ranks. Miss Ellen Bonnell, a stenographer, has entered the office to assist Agent Fred C. Eggers. She was formerly employed by G. E. Bursley & Co.

How To Eradicate All Superfluous Hair

Advice by a Skin Specialist.

The best means I have ever found for removing all signs of disfiguring growths of hair on the face, neck, arms or hands is a new preparation called Mrs. Osgood's Wonder. I have recommended it in thousands of cases and I know personally of its ability to banish every hair forever. It cannot injure the skin or complexion and is quite inexpensive.

You can get Mrs. Osgood's Wonder from the Fort Wayne Drug Co. and Meyer Bros. Co. or any up-to-date druggist. Signed Money-Back Guarantee with every package. Do not apply this treatment except where total destruction of hair is desired.

FREIGHT CLERKS HAVE OUTING.

Twelve Wabash Men Make Autotruck Trip to Rome City.

Last Sunday the clerks at the Wabash freight office were the guests at the Klotz cottage at Rome City and made things lively thereabouts during the ten or twelve hours they were at the resort. The fished, went bathing, boating and did other things too numerous to mention and, as one of the boys said, "had the time of our lives." The trip to and from the lake was made on the large autotruck of the Packard Piano company, driven by Ray Carpenter, of those works. Others in the party were O. J. Geary, of the Centlivre brewery, and the following clerks at the freight house: Cashier Herman C. Miller, Rate Inspector Samuel Kelker, Clem J. Getty, Arthur Helmke, Clarence Patrick, Anthony Klotz, Perry Archer, William Hayes, G. Mittendorf and J. A. Sullivan.

KEARNEY DAY AT LOGANSPORT.

Logansport is paying homage to E. F. Kearney, president of the Wabash, today, and the entire population of the city is in more or less degree participating in the exercises. Mr. Kearney arrived in that city in his private car at 2 o'clock this afternoon and immediately delivered himself to the entertaining committee. The public doings were only broken for a few minutes' visit with his sister, Miss Margaret Kearney, at the old home on Market street. Mr. Kearney began his railway career in Logansport as a telegraph operator on the Panhandle. He advanced until he became trainmaster of the division, when he resigned to go to the 'Frisco in a more responsible position.

BOWSER CLOSES FOR WEEK.

The factory of S. F. Bowser & Co. will close tomorrow for repairs to the machinery and will be closed a week. This has been the practice for many years at the big tank works and this year, although the shop is crowded with work, the same practice prevails.

O. J. PARKS TAKES FURLOUGH.

O. J. Parks, general car inspector of the Pennsylvania Northwest system, has obtained a leave of absence and will leave the city for a few weeks. During Mr. Parks' absence the affairs of the office will be taken care of by the men at present attached to that department.

EXTRAS FOR STUDENTS.

Nos. 2 and 4, on the Nickel Plate, will have extra coaches out of Chicago tomorrow to accommodate the Culver summer term students. The school opens Thursday and there will be an unusual number of students, it is said.

INDUSTRIAL NOTES.

Frank L. Shannon is a new laborer at the Pennsylvania machine shops.

J. J. Cull, of the Pennsylvania machine shop, will go to Tiffin, Ohio, tomorrow on a visit with friends.

Peter Lepper, who had been sick, resumed work in the Pennsylvania planing mills this morning.

G. A. Marchand, labor foreman in the Pennsylvania erecting shop, is off duty on account of sickness.

John Offner, Pennsylvania machinist, with Mrs. Offner, will spend the week-end in Jackson, Mich.

Nickel Plate Brakeman M. O. Brown has obtained a week's leave of absence.

Dr. J. Sion Smith, yard foreman at the Bass foundry, is taking a ten days' vacation.

Max Horning, well known Pennsylvania passenger engineer, at present on No. 57 and 58, between this city and Chicago, is sick and off duty.

The Nickel Plate has three work trains in service hauling gravel from Stony Island to Gary for track elevation purposes.

David Mathews, Nickel Plate brakeman, has obtained a two weeks' leave of absence and with Mrs. Mathews will spend the time at Duluth, Minn.

A B. & O. inspector from Baltimore will arrive here tomorrow to inspect 200 wheels at the Bass Foundry and Machine works.

Agent F. C. Eggers, of the Wabash, has received and installed in his office a commodious and ornamental folder cabinet.

R. J. Fisher, of the Bass Foundry and Machine works, went to Cleveland on business for the company this morning.

Jacob Waldschmidt, who operates one of the big wood working machines in the Pennsylvania planing mills, is sick and off duty.

J. P. Breihoff and Matt Crowe, of the Pennsylvania erecting shop, left last night for Renova, Pa., where Mr. Crowe will serve as "best man" at the wedding of his brother.

George J. Miller, chief clerk at the Wabash freight office, who is ill at the company's hospital at Peru, is improving and expects to come home this week, possibly Thursday.

Conductor Thomas Gallivan and Brakemen George Muldary, George Blue and John Fox, all of the Nickel Plate resumed duty yesterday after absences of a few days each.

B. A. Dent, conductor of the Stony Island-Knox local freight train, will resume that duty tomorrow, after spending some weeks fishing at the lakes, Mrs. Dent was with her husband.

Yard Engineer J. C. Grable, of the Pennsylvania, was taken suddenly and violently ill while in the cab yesterday afternoon. He was removed and taken to his home.

Machinist Earl Groves, of the Pennsylvania round house, was called home yesterday afternoon by news of the serious illness of his wife. He was not able to resume work this morning.

The Mutual Benefit association of the Fort Wayne Electric works will receive less than $25 as its share of the profits of the excursion Saturday to Cincinnati. Had the expectations of the excursion committee been realized the amount would have been ten times greater. It was rumored that the association would have to stand a loss, but this was not the case.

The tie and rail inventory of the Wabash is on and will consume five or six days. Division Storekeeper E. L. Ensel and Herbert Waltemath, a clerk in the store room, are engaged in the work and started upon it this morning.

Travel on the Nickel Plate, and particularly through travel, is very heavy. No. 1 today carried an extra sleeper occupied by a party of New York people, who are bound for the Panama-Pacific exposition.

Machinists Robert R. Shuman, Henry Regel and Adolph Wichman will go to the lakes on a fishing expedition tomorrow morning. The works will be closed tomorrow on account of the appropriation being exhausted.

Outfits Are Our Specialty

We venture the assertion that we sell more---many more---complete outfits than any other furniture store in Fort Wayne. There's a reason. We are better prepared for it--where other stores have but one or two outfits already chosen, we have a dozen or more, all well matched and all complete.

Buying a complete outfit at Pickard's is easier than you think. Our low Prices and our Easy Payment Plan bring within your power a much nicer outfit of furniture than you could get if Pickard's were not in business.

CRAZED MAN WITH HATCHET IS HELD

Charles Putnam, crazed by drink, caused much excitement and no little alarm at Calhoun street and Wildwood avenue, about noon, Tuesday, by flourishing a hatchet and shouting in a wild and threatening manner. He had been refused a drink in the Franke saloon and this threw him into a frenzied state of mind.

Policeman Ernest Paul, who was near, arrested him and he was taken to headquarters and locked up. Putnam is a lather and has been violent heretofore. A large crowd was attracted by his violent actions Tuesday.

ITALIANS HEAVILY FINED.

Huntington, Ind., June 29.—On charges of operating a bling tiger Samuel Franks was fined $150 and costs and given six months in jail, Paul Barsamo was fined $100 and given sixty days in jail and Scuano Nunzeo was fined $5 and costs and given thirty days in jail by Judge Rosebrough in the city court here. The men are Italians and were arrested by Chief of Police Baker at a blind tiger car in an Erie railroad construction outfit here. Erie railway detectives assisted in making the roundup.

regarded by the majority as a commandably dashing and gallant fellow.

EVERYWHERE BUT IN OREGON.

Washington, June 29.—Fair weather for the Fourth of July holiday next Monday was promised today by the weather bureau for every section of the country except Oregon, where light showers are probable.

CHICAGO GRAIN AND PROVISIONS.

Chicago, June 29.—Higher cables and continued unfavorable weather in the domestic harvest region gave fresh strength today to the wheat market here. The July option remained the leader in the advance. After opening ⅜@½c higher, prices dipped quite sharply and then again took the up-grade.

The close was steady at the same as last night to 1¼c down.

Corn responded to the wheat strength. Opening prices, which varied from the same as last night to ⅝c down, were followed by a moderate upturn all around.

The close was steady ta ⅜c to ¾c under last night.

Oats showed firmness from the start. Reports of recent liberal export sales encouraged the bulls.

Weakness in the hog market had a bearish effect on provisions. Declines, though, were not of a radical sort.

THE DAY ON WALL STREET.

New York, June 29.—A new low record for Canadian Pacific was the notable feature of today's early market, that stock selling down a point to 145¼. U. S. Rubber also lost a point and some of the war shares, including Bethlehem Steel and General Electric, yielding fractions. Amalgamated Copper was among the steady leaders, gaining ⅝, with an advance of a point in Crucible Steel and Goodrich. Later Canadian Pacific and Rubber added to initial losses with an irregular trend in other parts of the list.

Canadian Pacific continued to fall, while Rubber repeated its recent low price. Rock Island at 15 recorded a loss of 1⅝ and a new low quotation, with increased weakness in Missouri Pacific and Missouri, Kansas and Texas. Sales in the first hour barely reached 100,000 shares. Goodrich being the most active issue, and far exceeding United States Steel. Bonds also were heavy on further foreign offering.

OFFICIAL FORECASTS.

Forecast till 7 p. m. Wednesday:

For Fort Wayne and vicinity: Showers this afternoon or tonight; Wednesday fair.

For Indiana: Showers this afternoon or tonight; Wednesday fair.

For Ohio: Probably showers tonight and Wednesday.

For Lower Michigan: Partly cloudy tonight, except showers southeast portion; Wednesday fair.

WEATHER CONDITIONS.

The pressure is high off the middle Atlantic coast and in the extreme northwestern states. It is low along the northern border and a moderate disturbance is centered this morning in the lower Ohio valley. This distribution of pressure has given general showers in the interior districts, chiefly in the Mississippi, lower Missouri and lower Ohio valleys, with heavy rain of an inch or more at La Crosse, St. Louis and Oklahoma. The changes in temperature during the last twenty-four hours have not been very great in any section of the country but the weather is becoming warmer in the northwest. Temperatures are lower than the seasonal average in the plateau region and western mountain states, but in other districts practically normal temperature conditions prevail.

Conditions indicate unsettled weather for this vicinity tonight, with probably showers this afternoon or tonight. Wednesday will be fair. The changes in temperature will be unimportant.

HERMIT DIGS OWN GRAVE.

Then Goes Home to Die, Leaving Pathetic Note for Coroner.

Los Angeles, June 29.—Dutch Louie, known throughout the southwest as the hermit of the Pacoima, a few days ago walked slowly from his hut, which is five miles from Pacoima and, selecting a spot on the hillside, dug himself a narrow grave.

Then he returned to his home, dressed himself in his best clothing and lay down to die. All that he told in a letter he wrote to the coroner just before he lay down for the last time.

The note, a pitiful chronicle of hope that never died, asked the coroner to bury him without ceremony in the grave he had dug and to mark it only with the scant inscription, Dutch Louie.

"I don't fear death," wrote the hermit. "It is the inevitable wages of life—and I have lived. For scores of years I have lived in the hope of finding the bonanza I had dreamed of and prayed for. I never found it, but I was cheered to the end by the star of hope."

The body was found by hunters.

Southern Telephone Company, It is Though, Wishes Rate Revision.

Indianapolis, June 29.—The Southern Telephone company, of Indiana, which recently took over the Indiana holdings of the Cumberland Telephone and Telegraph company, has surrendered the franchises granted the company in fifty-three Indiana cities to the public service commission and will receive indeterminate permits from the commission under the utility law"s provisions. A rate revision for the exchanges of this company has been agreed on by the commission, it is announced, which will do away with alleged discriminations. The surrender of the franchises is believed to pave the way for the rate revision.

THINK SOMETHING HAPPENED TO LUCE

One of Bandits of Holdup at Covington Home is Not in Court.

When the cases against John Luce, jr., and Ed Taylor, charged with entering a house to commit a felony, were called in the city court Tuesday morning, Attorney Frank H. Kleekamp, appearing for Luce, asked a continuance, stating that Luce was missing and it was feared by his father that something had happened to him. Luce was out on $500 bond furnished by his father. Luce and Taylor were arrested Friday evening, June 25, by Sheriff A. C. Gladieux and his deputies about two hours after the pair had tried to pull off a hold-up at the home of Thomas Covington on the Covington road, south of the city, menacing the women of the household with a revolver and demanding money. In the city court Saturday morning Luce insisted on pleading guilty, but the hearing was continued to give him the benefit of legal counsel. Later his father provided bond. In the city court, Tuesday morning, Attorney Kleekamp stated that Monday night three men went in an automobile to the home of Luce's father and inquired for the younger man. They were told his home was about two miles farther into the country. The trio departed and shortly returned, having young Luce's automobile in tow. They then went into the house and insisted that the elder Luce accept a note for $400 given by the son for an unpaid balance on his automobile. Luce refused to accept it and the men drove off. Since that incident, Attorney Kleekamp said, young Luce had not been seen by his family and it was feared something had happened to him. Prosecuting Attorney Callahan agreed to a continuance until Thursday and if Luce does not appear by that time his bond may be forfeited. Taylor went back to jail. Both Luce and Taylor have confessed fully to Sheriff Gladieux their attempt to hold up the Covington home.

Bachmann Held to Circuit Court.

Arthur Bachmann, the 16-year-old burglar, who was caught Saturday night while trying to force an entrance to the home of Charles E. Crall, 1215 West Berry street, and pleaded guilty in the city court Monday to a charge of burglary, was bound over to the circuit court and his bond fixed at $500. Attorney H. L. Somers appeared for him. To Sergeant Detective Walter Immel, who arrested Bachmann, the youth has confessed that a valuable gold watch of lady's pattern he had sold at a pawnshop here for $2.50 and the long gold chain found in his possession, were stolen from the handbag of a saleslady in a store at Butte, Mont., several weeks ago, while he was in the place to make a purchase. The property is in possession of the police here and an effort will be made to restore it to the owner. Young Bachmann is a wise and clever lad and the police believe he has not told more than a small part of his career of crime.

Colored Thieves Rusticated.

Bob Wilson and William Johnson, two colored thieves, pleaded guilty to stealing tools and each was fined $10 and costs and given ninety days at the penal farm. Wilson, when arrested by Officer Douglas, of the Lake Shore railway police, had on him a string of beads and a goldbar-pin studded with stones that resembled diamonds. Officer Douglas restored them to him when the city police took charge of the man, but they have not been found. Wilson denies that he made way with them and says they were only "phony" and were purchased for 25 cents.

Spiteful Burglar is Held.

Edward Fredericks, the 18-year-old youth who says he burglarized the store of his former employer, Charles A. Sanders, stationer and bookseller, at 133 West Main street, early Monday morning, just for spite because he had been discharged two or three years ago, was continued until July 6 under $500 bonds. He is a paroled inmate of the Plainfield school for boys. He was arrested by Detective Charles Spillner, who uncovered the lad's guilt on the slim clue of knowledge that he held a spite against his former employer. Some adriot questioning brought a confession after Fredericks had strenuously denied his guilt.

Wanted to End His Life.

A bad state of mind brought on by a quarrel with a girl and a subsequent effort to drown his trouble in the flowing bowl got George Barrone in the way of thinking that there might be more peace of mind in the hereafter than here. About 1:30 Tuesday morning his brother found him with an old revolver and a bitter determination. He chased him through the streets and finally a policeman got the would-be suicide. He was slated on a drunk charge and on his promise to wait him in the regular way to receive a call to Kingdom Come. Judge Kerr turned him loose.

Other City Court Cases.

Clarence Cour, a youth not quite right mentally, was turned over to Probation Officer W. I. Work to be presented in juveneile court.

Arthur Altschman, Albert Heaberger and William Davis, loiterers, and Redy Miller, Philip Barby and Jack Paron, vags, were turned loose, on telling good stories of searching for work. They were caught in the dragnet thrown out for all suspicious persons because of the frequency of robberies in the city.

Robert More, a drunk held for two days for investigation, was allowed to go.

REDUCES ARRESTS BY HALF.

Enforcement of Prohibitory Laws Has Had Good Effect.

Charleston, W. Va., June 29.—Enforcement of the prohibitory laws, which became operative a year ago, have cut the number of arrests in 35 towns and cities throughout West Virginia more than one-half, according to statistics made public by the department of prohibition today. During the fiscal year 1914, the last in which saloons were legal, arrests in these communities numbered 14,000, of which approximately one-half were for intoxication. During the fiscal year of 1915, the first in which saloons were prohibited, arrests numbered 6,986, of which 2,300 were traceable to the liquor traffic.

PRESS RUSSIAN FOE OVER GALACIAN LINE

Teutonic Allies Drive Army of Grand Duke Nicholas Out of Austria-Hungary at Some Points

Today's War News Given in Summary.

Further pressure by the Teutonic armies in Galicia has resulted in important advances for them at two points, according to the German official statement. In the one case, the forces of the Grand Duke Nicholas they have been pursuing to the north of Lemberg have been driven at some points over the Galician border. In the other, the army of Gen. von Linsingen has forced the Russians back from the Gnila Lipa river, upon which they retired from the Dniester region northward of Halicz.

The result of the Austro-German operations northward from Lemberg was forcasted to some extent in recent official reports from both sides, the Russian statements indicating continued retreat in that region and the Austrian continued advance impeded only by stubborn opposition from the Russian rear guard.

The German report now states that the engagements in this territory have everywhere resulted in defeats for the Russians who in one section were driven over the border, fighting being reported as far north as Tomaszow in Russian Poland, which is about fifty miles northwest of Lemberg.

In the west there have been sporadic attacks by the French, who report progress through an infantry operation along the road between Angres and Ablain. German accounts declare all attempts by the French to gain ground were frustrated. The French concede the correctness of a recent German claim to a gain in the Vosges, but declare part of the ground lost was recaptured.

Berlin, June 29.—(Via London, 3:19 p. m.)—The official statement given out today by the German army headquarters staff announces that to the north of Lemberg the Austro-German forces are now on Russian territory.

The Russian forces under command of Grand Duke Nicholas, it is declared, have at some points been driven entirely out of Austria-Hungary and across the Galician border.

Dr. Anton Meyer Gerhard, the attache of the German colonial office, who was sent from the United States to Berlin by the German ambassador, Count von Bernstorff, to explain the views of the United States regarding the Lusitania case, published an article in Der Tag today on "Germany and America," in which he says his experiences convinced him that both countries misunderstood each other.

"Both peoples are laboring under entirely different opinions," says Dr. Meyer-Gerhard. "Both have hitherto lived in peace and friendship, and should continue to do so. There is no reason for antagonism existing between them."

RUSSIANS ARE REFORMING.

Prepare to Give Germans New Battle Behind Gnila Lipa.

London, June 29.—(1:45 p. m.)—The Russian center in Galicia is rapidly reforming behind the river Gnila Lipa before Gen. von Linsingen's drive across the Dniester, but this retreat, in the opinion of London military critics, is almost entirely due to the battle in the Lemberg region where the positions of the Russians made retirement inevitable. These movements have strengthened the Austro-German line and have consolidated the hold of the Teutons on the regained Galician capital.

Fruitless fighting sums up the operations along the western front where even artillery duels lack vigor except on the line between Arras and the sea, where a bombardment of the positions has been almost continuous.

The expected detachment of German troops from the east front for operations in the west evidently has not yet occurred. This probably is due to the stubborn Russian retreat and the increasing pressure of the Italians.

The advance of the Italians is very slow, but if it is to be entirely stopped more Austrian troops must in all probability be transferred from the Galician line unless Austria is willing to surrender the seaport of Triest. Triest, however, being the first important milestone on the road to Vienna, it no doubt will be defended to the last gap.

Anglo-French troops on the Gallipoli peninsula are heavily bombarding the Turkish right wing without result, according to the Turkish official report, but the other side has not yet announced the conclusion of this operation.

ARTILLERY FIRE CONTINUOUS.

Paris, June 29.—2:47 p. m.)—The French war office this afternoon gave out a report on the progress of hostilities which reads as follows:

"In the territory to the north of Arras there was a continuance last night of cannonading, particularly to the north and to the south of Souchez, and the north of Neuville. Infantry engagement made it possible for us to make progress along the road between Angres and Ablain.

"In the Argonne, at Bagatelle yesterday witnessed incessant fighting with torpedoes and hand grenades.

"In the Vosges an attack by the Germans was successful in forcing back for the moment our advance posts located on the slopes to the east of Metzeral. We at once delivered a counter attack and reoccupied part of the ground lost.

"On the remainder of the front the night passed quietly."

TRAPPED!

550 IMPERILED IN MAKING MOVIE SCENE

Many Injured When Powder for Explosion Scene Lets Go Too Soon.

New York, June 29.—Five hundred and fifty men and women, crowded into a temporary structure for a moving picture scene, were imperiled by fire today by the premature explosion of powder which was to be used later to demolish the building.

The most serious injured is Miss May Kearney, a moving picture actress. At the Coney Island hospital it was said her condition was critical. Miss Catherine Fox and Mrs. Cockran Willard, actresses, were seriously burned and half a dozen others were slightly hurt. The explosion was caused by a wagon driving over electric wires on the ground leading to the powder and establishing a short circuit.

ARCHBISHOP QUIGLEY IS RAPIDLY SINKING

Rochester, N. Y., June 29.—Archbishop James E. Quigley, of Chicago, ill at the home of his brother here, was reported shortly after noon to be rapidly sinking. The prelate has been unconscious since early this morning and little hope was entertained for his recovery. Relatives have been summoned from Chicago, Buffalo and Ogdensburg and a number have arrived. Today private masses were said in several Catholic churches for the recovery of the archbishop.

While no announcement of the nature of the prelate's illness has been made by the attending physicians, it is understood he was suffering from an apoplectic stroke.

LAST MINUTE NEWS

11-YEAR-OLD SON IS HIS FATHER'S ACCUSER

Danville, Ind., June 29.—Marion De Tamore, eleven-year-old son of Roscoe De Tamore, of Indianapolis, who is on trial here charged with the murder of his wife on Nov. 13, 1914, was the principal witness for the prosecution today. The boy testified that his father made numerous threats to kill his mother.

PROBE DISCOVERY OF DYNAMITE NEAR SHOPS.

Quebec, June 29.—The militia department in Quebec is investigating today the finding of fifty sticks of dynamite near the Mercier machinery shops in Shaw Park, Levis. The dynamite was buried in the ground close to the plant. It was found last night. The shops were to receive, it is understood, a contract for ammunition from the British government.

NOW GIVING NOTICE AS OUR SHIPS SAIL

Government Supplies Berlin With Facts to Avoid Mistaken Identity

Washington, June 29.—The United States government has adopted the practice of notifying the German admiralty through Ambassador Gerard of the time of departure of every passenger ship sailing the American flag and approximately the hours during which it will pass through the war zone.

This precaution is being taken in order that German submarine commanders may be on the watch for American vessels and prevent a repetition of the attack on the American tank ship Gulflight which was torpedoed by a German submarine commander who supposed the vessel was a British ship because it was in company of two English patrol boats and the American flag was not observed until after the torpedo had been fired.

Officials here believe that if the German admiralty sends to its submarine commanders notification of what American passenger ships are passing through the war zone, there can be no doubt of their identity.

ROTARY CLUB BIDS WARDROP FAREWELL

Noon-Day Luncheon is Held at Commercial Club in His Honor.

As a farewell to W. M. Wardrop, superintendent of the western division of the Pittsburg, Fort Wayne and Chicago railroad, who leaves within a day or two for Newcastle, Pa., to accept the superintendency of the Erie & Ashtabula division of the Pennsylvania lines west of Pittsburg, a special luncheon and meeting of the Fort Wayne Rotary club was held Tuesday afternoon at the Commercial club in his honor.

Mr. Wardrop was a charter member of the Rotary club and just before adjourning he was made an honorary member by a rising vote.

Short addresses were delivered by Martin H. Luecke, president of the club; Frank E. Bohn, secretary; Dr. B. Van Sweringen, Van B. Perrine, Maurice Niezer, Charles L. Biederwolf and S. E. Mulholland.

Mr. Wardrop responded, declaring that he was glad Fort Wayne had not accepted eastern time, for it would have made it seem he was leaving one hour earlier than he really will leave.

SLAYER AT BAY ENDS OWN LIFE

Cornered by Posse, Indiana Man Dies Rather Than Surrender.

HAD PUT TORCH TO OWN HOME AND FLED

Tragic Sequel Now Added to Murder in Quarrel Over Swarm of Bees.

Bedford, Ind., June 29.—Farris Hassan, the Turk who killed John W. Fender, at Guthrie Sunday, after a quarrel about a swarm of bees, was cornered by a posse at Maumee late last night, where, after shooting Walter Brown, he killed himself. Hassan refused to surrender.

After the murder of Fender, at Guthrie, Hassan burned his home and fled. Officers trailed him to the Lutes cemetery, north of Houston. When Hassan discovered his pursuers, a running fight followed, during which Brown, a member of the posse, was shot by the fugitive. Brown will recover, physicians stated.

Hassan took refuge in a thicket. The officers surrounded his hiding place and when dawn came they entered the thicket and found the murderer dead with a bullet hole in his temple.

Since the murder of Fender, who was shot when he attempted to hive a swarm of his bees which had settled on the division fence separating the Fender and Hassan properties, Guthrie people have recalled that Hassan had admitted that he was a fugitive from justice from Turkey, where he was wanted for murder. Hassan had lived in Guthrie for fifteen years.

UNCOVER MURDER MYSTERY.

"Walking Tom" Now Thought to Have Been Victim of Slayer.

Evansville, Ind., June 29.—Warrick county authorities have uncovered what they believe to be a murder mystery in the death of Thomas O'Conner, 61 years old, known throughout this section of the country as "Walking Tom." O'Conner was run over by a Southern railroad passenger train near Chandler, Warrick county, Sunday night and his death was at first attributed to this. Examination of the body has disclosed what Coroner Martin says is a knife wound extending half way around the neck and sufficient to cause death. The head was badly mangled by the train.

MAY ASK KERN TO REMAIN IN SENATE

Rumor That He is Seeking Judgeship Stirs Congressional Colleagues.

Washington, June 29.—For several days the national capital has been hearing rumors that Senator Kern may not make the race for re-election next year but that at an early convenient opportunity President Wilson will appoint him to a federal judgeship.

It cannot be learned at the capital that there is any basis for these rumors. The white house denies emphatically that there has been any correspondence or other word from Senator Kern that would justify such reports. Thee are two vacancies on the court of appeals bench at Chicago and no one here doubts that Senator Kern can have a federal judgeship if he will only signify to the president that he wants the appointment.

Be it known, however, that if Kern should show any symptoms of wanting to quit the senate he probably would be confronted with a petition from his fellow democratic senators asking him to remain in the upper branch of congress. Senator Martin, of New Jersey, said that the democratic senators simply will not submit to the retirement of Senator Kern.

"Of course," said Senator Martin, "Senator Kern would adorn the federal bench but the place for him is in the senate, where he will be re-elected leader next December without opposition. He can do much more good in the senate than on the bench and his retirement would be a positive loss to the senate."

Senator Kern's closest friends at the capital do not believe he intends to quit the senate, but they acknowledge they are somewhat mystified by the persistency of the retirement rumors.

FORT WAYNE BANKS HAVE HAD GOOD YEAR

Fort Wayne banking institutions have had a good business during the past six months, according to their semi-annual statements, which will soon be made public.

The semi-annual meeting of the directors of the Hamilton National bank was held Tuesday afternoon, while the semi-annual meetings of the Old and First National banks will be held Wednesday. The German National bank does not hold semi-annual meetings.

The directors of the Citizens Trust company held their semi-annual meeting Monday and declared the usual dividends. The other trust companies do not hold semi-annual meetings at this time.

ORDAINED QUARTER OF A CENTURY AGO

Rev. J. R. Quinlan Observes Silver Anniversary of His Ordination.

Beginning with the celebration of high mass at the Cathedral of the Immaculate Conception at 10 o'clock Tuesday morning, Rev. J. R. Quinlan, rector of the church, observed the silver anniversary jubilee of his ordination to the holy priesthood. Rev. J. R. Quinlan was jubilarian at high mass; Rev. E. Wrobel, deacon; Rev. Charles Thiele, subdeacon; Rev. J. F. Delaney, master of ceremonies; priest, Rev. M. J. Byrne, of Lafayette, who also delivered the sermon.

Father Byrne chose as his theme, "Priesthood," and his text was found in the Epistle of St. Paul to the Hebrews, the eighth verse of the thirteenth chapter, "Jesus Christ, yesterday, today and the same forever." A large and appreciative audience was present at the services. Rt. Rev. Mgr. J. H. Oechtering sat in the sanctuary in his robes. The sanctuary was artistically decorated with potted plants, which with the other decorations and the electric lighting made a beautiful scene.

Many beautiful presents were given to Father Quinlan, including a beautiful set of vestments by the Ladies' sodality, a full set of sacramental linens, a burse, albas and surplice and many other gifts of remembrance.

At the entertainment to be given Tuesday evening at Library hall several other costly gifts will be presented to him. Father Quilan was host at a banquet given Tuesday noon at the Anthony hotel when fifty clergy of this city and surrounding congregations were present.

Rev. J. R. Quinlan is a graduate of St. Francis seminary, Milwaukee, and was ordained to the priesthood June 22, 1880.

BELIEVES THAW HAS NEVER BEEN INSANE

Rational Now and Has Always Been So, Declares Dr. Bancroft.

New York, June 29.—Dr. Charles H. Bancroft, head of the New Hampshire State Hospital for the Insane, and a member of the federal commission which examined Harry K. Thaw during his sojourn in New Hampshire, swore on the witness sand today that in his opinion Thaw not only was sane, but always had been sane. Dr. Bancroft testified as an expert alienist in the jury proceedings to determine Thaw's mental condition.

Thaw's act in killing Stanford White, Dr. Bancroft said, was not the product of a systematized delusion such as characterizes that true paranoiac.

"The killing of Stanford White," he said, "appeared to us a passionate, impulsive act, growing out of a condition of mind due chiefly to anger and jealousy, which was the final culmination of a series of circumstances that had been bearing down on him a long time. It did not seem a type of paronia, but was due to jealousy of Mr. White, not to a diseased condition of mind."

Dr. D. Percy Hickling, of Washington, D. C., president of the American Society of Medical Jurisprudence, another member of the New Hampshire commission, testified that he too had found Thaw sane and rational.

OPTION VOTING AT KOKOMO IS HEAVY

Wet and Dry Result Much in Doubt After Strenuous Campaign.

Kokomo, Ind., June 29.—The heaviest early vote in the history of any election was recorded here today in the local option election. The polls opened at 6 o'clock and with an hour it was estimated that one-third of the vote had been cast. Although the campaign was a spirited one no disorders at the polls have been reported.

The most strenuous campaign in the history of Kokomo closed last evening when practically the entire population of the city participated in wild demonstrations for and against the proposition to bring saloons back by the election today. The "drys" held a parade of almost a half-mile in length. Women and children to the extent of several thousand, lined up behind two bands and with singing and shouting and the carrying of "dry" banners urged the voters to keep the town saloonless. Representative Jacob Meeker, of St. Louis, spoke at the Sipe theater to a house thronged with "wet" partisans.

The outcome of the vote is absolutely in doubt. The "drys" expect a majority of from 100 to 700, but the "wets" are just as confident that the results will favor them by about 300.

ON WATCH AT MANY POINTS

Government Agent Keeping Close Tab on Mexicans in United States.

ANGELES IN DENIAL OF PART IN A PLOT

World Knows Nothing of What is Happening in Mexico City.

Washington, June 29.—Agents of the United States government were today busily engaged all over the country watching carefully the movements of prominent Mexicans who have been active in Mexican politics and also those suspected of such activity to see that ther are no violations of American neutrality.

The arrest of Generals Victoriano Huerta and Pascual Orozco at Paso and the strict surveillance over Generals Felix Diaz, Mondragon, Blanquet and Felipe Angeles now living in the United States and others is a part of the general policy of the American government to try and prevent the setting afoot of any new military movement in Mexico.

Oppose New Complications.

Officials here feel that the revolutionary situation in Mexico ought not be further complicated by the introduction of new elements. In line with its policy to prevent if possible further revolutionary movements in the southern republic or at least of the setting on foot of any such expeditions on American soil, the government proposes to prosecute vigorously violations of neutrality regardless of the prominence of the individuals or their affiliations.

Possibility that others may be identified with the so-called Huerta conspiracy intensified interest here today in the investigation by agents of the department of justice into the situation. It is intimated that citizens of one of the European belligerents are involved.

Angeles Makes Denial.

It was said also that the department of justice was in possession of some evidence which seemed to connect Gen. Angeles, Villa's right hand man, with the plot. Angeles arrived here today, to deny in person at the state department that he was connected in any way with the coup to re-establish Huerta regime in Mexico. Gen. Angeles first went into conference with Enrique C. Llorent, head of the Villa agency.

NO WORD FOR SIX DAYS.

World Unaware of What is Happening in Mexican Capital.

Washington, June 29.—For practically six days there has been no word received here as to what has happened in Mexico City.

Latest news came to Vera Cruz by courier and reached here several days old when conditions were described as extremely critical. What has happened since then no one knows. The Mexican capital has been cut off from telegraphic communication with the outside world.

These advices said that the Zapatistas had defeated Gen. Gonzales and taken a good deal of ammunition and other military supplies. It is feared here that the fighting may have been carried into the capital, thereby jeopardizing the lives of foreigners.

In the meantime officials hoped that in the event fighting had been carried

BREWERS BEHIND A NEW REFORM SCHEME

Law Enforcement League is Seeking to Stave Off Prohibition.

Indianapolis, June 29.—Announcement was made today of the organization of the Indiana Law Enforcement and Reform League. Members of the Indiana Brewers' association are the promoters of the organization and James C. Kelly, secretary of the Indiana Brewers' association, is the temporary secretary of the new organization. In its announcement the Indiana Law Enforcement and Reform League outlines a program of activities as follows:

Strict enforcement of the liquor laws.

Transformation of the present day saloons into cafes, where drinks would be served only to patrons seated at tables.

Abolition of the standing bar in saloons.

Abolition of saloon screens.

Education or legislation to prevent treating in cafes.

Investigation of all applicants for retail liquor licenses and opposition to those who are unfit to hold licenses.

The league explains that it hopes to enlist in its membership the people of the state who believe in strict regulation of the liquor business but who are not in favor of prohibition.

IVANOFF HOPEFUL DESPITE REVERSES

Russian Armies Neither Beaten Nor Down-Hearted After Terrific Punishment in East

London, June 29.—(6:45 a. m.)—The Russian armies are neither beaten nor down-hearted, according to the correspondent of the Times in reviewing the six weeks' Teutonic advance, after a visit to Russian headquarters. Gen. Ivanoff, commander of the southern armies, shows no trace of despondency. Discussing the present situation the correspondent says:

"The view is held here that their capture of Lemberg and other Galician successes have brought the Austro-Germans no nearer a solution of the war. In spite of their enormous losses, which are estimated at 380,000 Germans and probably an equal number of Austrians, they still encounter the same stubborn army as before, which is willing to keep fighting for years, if necessary, the Germans must continue pouring in fresh troops in order to hold their positions, for if they take them away to defend other frontiers the whole edifice of the Austrian defensive will collapse.

"The Russians' point of view is that they can retreat and advance again indefinitely, caring little for the morcale of the loss of towns as long as they are constantly weakening their adversities and preventing a trench deadlock, such as exists in western and Warsaw fronts."

Only On Eastern Front.

"Only on the eastern fighting front are events of moment occurring, so far as is revealed by the news which filters through from the vast field of operations. The Teutonic sweep eastward along that front is continuing and the chief question, which the military experts are endeavoring to answer, is how far it will extend before being halted by the next determined defensive stand on the part of the Russians.

With the line of the Dniester north of Halicz evacuated, the main field of contention just at present seems to be to the north of Lemberg, where stubborn rear guard actions are being fought by the retreating Russians.

Latest Austrian reports mention these operations at length and the Russian official statement admits the continued advance of the Teutons.

More Effective Resistance.

More effective resistance apparently is being offered by the Grand Duke Nicholas forces further to the north. In the southern part of Russian Poland, however, the Russians reporting that they have thwarted a determined attempt by the Austrians to drive through.

The only other hints of stirring activity come from the Dardanelles, where, according to Turkish reports, there has been heavy artillery firing, with infantry attacks, which later, the Turks declare, they have repulsed. The course of these operations is being followed closely, it being hinted from London that they may prove to be of more than ordinary importance. No report on them has yet come from the side of the allies.

On the Austro-Italian front the progress of the invading forces continues to be slow. The Austrians indeed report entire inactivity on the part of the Italians, except for artillery fire. There seems to be little if any change in the situation along the western front, where the deadlock continues.

SCHOOL TRUSTEES ON TOUR OF INSPECTION

Will Ascertain What Repairs are Needed Before Opening of School

Members of the Fort Wayne school board made a visit to a number of school buildings Tuesday afternoon in an automobile for the purpose of inspecting them and ascertaining what repairs are needed before the opening of school next fall.

Among the buildings to be visited are the following: Clay, McCulloch, Hamilton, Adams, Franklin and Harmer. The proposed site for a playground on South Broadway will be visited.

At the meeting of the school trustees Monday afternoon, at the office of Superintendent J. N. Study, the new workmen's compensation law was discussed at length, the board reaching the decision that being a corporation it comes under its provisions. According to the new law state officials must be notified of the will of the employers and manufacturers toward the law before September 1. In the event the employers fail to notify the state they are deprived of defense in any case of injury to an employe, showing negligence on the part of the employer.

The plans for the proposed addition to the McCulloch school to improve the sanitary conditions at that building were submitted by Architect John F. Wing. It is estimated that the new addition will cost between $6,000 and $7,000.

Superintendent Study was authorized to advertise for the purchase of seats for the new Harmer school at once. The lot at the Clay school is to be graded, the surplus ground to be hauled to the Rudisill school.

WHEAT PRODUCTION CAMPAIGN.

Clarence Henry, county agricultural agent, is already making preparations for a wheat production campaign to be held probably the third week in August.

SAYS FATE OF JEWS TREMBLES IN BALANCE

Millions in Europe Buffeted from Persecutor to Oppressor.

Charlevoix, Mich., June 29.—The fate of half of the Jews of the world is trembling in the balance as a result of the great war in Europe, according to Rabbi Moses J. Gries, of Cleveland, president of the Central Conference of American Rabbis, who addressed its twenty-sixth convention here today.

"A crisis impends for Israel," said Rabbi Gries. "The millions of Jews of eastern Europe are buffeted from persecutor to oppressor.

"All mankind has been made eye-witness to Belgium's misery and sorrow. Galicia and Poland suffer equal tragedy, but the world neither sees nor hears. Millions of Jews, always in want and in wretchedness, now experience cruelty intensified. Hundreds of thousands are sacrificing their lives for their country, yes, even for the flag of the oppressor, and no promise of freedom is clearly spoken. The loyal offering of life, in a nation's cause, should quench the fire of anti-Semitism in Germany and Austria, and kindle the light of freedom—with equal human rights—in Russia.

Take Up Staff of Wanderer.

"Not yet is there any abatement of Russian persecution, nor any change in the legal status, nor any removal of disabilities. Again thousands of Jews have been compelled to take up the staff of the wanderer, expelled from their homes and native villages, the aged and the infirm, and mothers with unborn babes, facing starvation and the danger of death. The outrageous inhumanities have stirred even a George Brandes to the indictment of Poland in the forum of nations, and Israel Zangwell proclaims 'Polish Jews are living through one of the greatest tragedies in history.'

"Again in the face of world-wide misery, we discover ourselves unprepared and unorganized. To meet overwhelming disaster, we endeavor to create national and international agencies. We are never ready, though Jews are ever in distress and have not yet escaped the yoke of the world's cruelty, oppression and persecution.

"Our duty is to send relief, and yet more relief, and it will not be enough. America is the only Jewish community in the world able to send relief. American Jews, heretofore, always have answered Israel's appeal for help.

Demands Unity of Action.

"The crisis demands 'unity of action.' Let the multitude of committees and of leaders surrender their claims to priority and precedence. They must unite to create one committee which shall be permanent—and thoroughly representative—and duly authorized to speak and act on behalf of all the Jews of America. The united heart of Israel will speak with a voice powerful enough to compel the hearing of the nations, to right the wrongs of centuries.

"The war has flung a challenge to teachers of religion. What is our ethical duty? If two men be fighting at death-grips, do we question about neutrality or ethics? We stop the fight! We do not supply nourishment for strength, nor weapons for destruction! If nations are battling and are grappling unto death, what is our ethical duty? Humanity outweighs 'neutrality.' Humanity demands that we stop the fight and do not supply flood to sustain the combatants, nor ammunition to continue.

"The neutral nations seem pitiably powerless; but if the United States and the other neutral nations have not the power to suppress the world-disorder, they have the power to refrain from helping to prolong it. Let America unite with other neutral nations to stop the war, under the penalty of severance of relations and cessation of commerce with them all. Let America endeavor to lead the world in peace."

BARRY IS NOW PUT ON MARKET BY MACK

Philadelphia, Pa., June 29.—On the heels of the news of the disposal of Pitcher Bob Shawkey by the Philadelphia Athletics to the New York Americans came a report today that Shortstop Jack Barry, of the former world's champions, is on the market. Barry has not played in a game since June 19 because of an injury. Whether the Philadelphia intends to dispose of Barry could not be learned. Manager Connie Mack is in Washington and other club officials here disclaimed any knowledge of the intentions of the manager.

It was also reported that it is the intention of Mack to get rid of all his high-salaried men with the possible exception of "Stuffy" McInnis, first baseman, and Amos Strunk, outfielder, and one or two others. Mack is building up a new team of young players. Within the last few weeks he has added several young pitchers and two or three infielders to his string of players.

ATTEMPT TO DISTORT POPE'S UTTERANCES

Vatican Organ Denounces Misquoting of Roman Pontiff.

Rome, June 28.—(Via Paris, June 29, 6:15 a. m.)—The Osservatore Romano, the official organ of the vatican, publishing the statement made by Cardinal Pietro Gasparri, papal secretary of state, in which he declared Pope Benedict was misquoted in the published interview obtained from him last week by Louis Latapie, a member of the staff of the Paris La Liberte, makes this comment:

"From this interview it follows that the ideas of the pope must be sought again in official pontifical documents and not in words never uttered but which were attributed to the pontiff and which were reproduced with fantastic interpretation in the newspapers without respect for the august dignity of the pope.

"Additional evidence of this lack of respect is found in the discussion of the letter from the pope to Prince von Buelow. An effort has been made to give it political character and significance, whereas it was a private letter replying to Prince von Buelow, who, unable to visit the vatican, believed it well to write the pope to take leave of him and ask his benediction for the princess.

"Attempts are being made to contort this letter into a political document and the newspapers even ask its publication without regard to the pope."

STEAMSHIP LINES VOICE A PROTEST

Ask Special Session to Repeal the Present Seaman's Law.

New York, June 29.—The maritime association of the port of New York, numbering 800 representatives of domestic and foreign steamship lines entering this port, was preparing today an appeal to President Wilson urging him to call a special session of congress to repeal the present seaman's law.

In resolutions adopted by the association, a copy of which was to be sent the president, it was set forth that "enforcement of this law will be most disastrous in effect and its drastic and impracticable provisions will defeat the very purposes for which it was enacted."

The situation is so critical to shipping interests, it is asserted, as to "warrant and fully justify the president in calling a special session of congress for the repeal of the law before its ruinous provisions shall become effective."

Unless the law is repealed, the association asserts, long established lines will of necessity be withdrawn and other lines heavily handicapped. Copies of the resolutions were sent to every commercial organization along the Atlantic seaboard.

WEARIED BY LONG AUTO RIDE.

Cornish, N. H., June 29.—Wearied by his long automobile ride of yesterday, President Wilson did not leave his summer home this morning but remained in his study attending to his mail and official documents forwarded from Washington. He planned to go automobiling in the afternoon.

The president kept in close touch with the state department to learn of possible developments in the European and Mexican situations. It was said that there was nothing to warrant any public expression of opinion from him.

WOMEN OF GEORGIA WANT TO BE LAWYERS

Have Long Sought This Recognition of Equality With Men.

Atlanta, Ga., June 29.—When the legislature of Georgia convenes this summer it will have an opportunity to remove one of the reasons why that state has been called "a laggard in the path of progress." The fourth successive annual fight for the right of Georgia women to practice law will be made.

For ten years the women of Georgia have sought this one recognition of equality with men without success. Four years ago Mrs. Minnie A. Hale, a graduate of the Atlanta School of Law, took charge of the campaign, vowing she would never stop until the men of Georgia had exhibited some of the courtesy they arrogate to themselves so loudly and give women the right to register at the bar.

Three legislatures in three years have treated the measure with silent disdain. The Georgia Bar association found the bill a subject for levity and, in going on record as opposed to women lawyers, the men lawyers of Georgia made many sallies and "witty" speeches at the expense of ambitious women.

URGES WOMEN TO ORGANIZE.

Margaret Dreier Robins Issues Appeal to 7,000,000 Workers.

New York, June 29.—Margaret Dreier Robins, president of the Women's Trades Union league, issued today a call to the 7,000,000 women workers in the United States to organize in order to obtain better working conditions and to become affiliated with the American Federation of Labor. The league now has eight local organizations in as many large cities. It was stated that 3,000,000 of the working women are not yet 21 years old.

Bulgaria's population is about 5,000,000; Serbia has nearly 4,000,000, Montenegro 500,000, and Roumania, 6,000,000.

JUDGMENT FOR $15.

A judgment for $15 has been awarded to Miss June Harding by Justice of the Peace Henry J. Grabner in her suit against the Quinby Amusement company. She claimed that while at the Jefferson theater in May her coat was damaged from sitting on a freshly varnished chair.

NEWS OF FORT WAYNE'S NEIGHBORS

FIVE HAVE NARROW ESCAPE.

Bluffton, Ind., June 29.—A party of five Bluffton boys, John Bergdoll, Claude Bergdoll, Arthur Stout, Floyd Anderson and Kenneth Cobbum, had an almost miraculous escape from serious or dangerous injuries in an automobile accident that occurred along a highway just south of the Ossian cemetery, when an Auburn automobile, belonging to Seth Cobbum, father of one of the boys in the car, plunged from the road with the boys and landed on its side in the ditch. The automobile was badly wrecked and all of the boys were hurled headlong from their seats. Remarkable as it may seem, it is a fact, that none of the five received injuries more severe than scratches and bruises, although John Bergdoll, who was driving, was hurled through the top of the machine and landed over a picket fence in a field.

IN KENDALLVILLE MANY YEARS.

Kendallville, Ind., June 29.—Mrs. Carolina Herb, aged 71, a resident of Kendallville for thirty-five years, was found dead in bed at the residence of her son, John Herb. Her body was cold, and she had apparently been dead for some hours. Mrs. Herb had been in poor health for some time, but her condition was not considered serious. Her sudden death proved a shock to many friends. It is said that she worried much about the European war, having a number of relatives in the German army, and it is believed this had a tendency to hasten her death, being of a nervous disposition.

SAVES LIVES OF THREE.

Kendallville, Ind., June 29.—Leo DuWan, son of Marshal Charles DuWan, proved himself a hero and is now in line for a Carnegie hero medal as the result of saving Floyd Bixler, of this city; Miss Hazel Saxon, of Chicago, and Miss Frieda Saxon, of New York city, sisters of Mrs. Bixler, from drowning at Bixler lake. The trio had a miraculous escape, according to eye-witnesses, and but for the timely assistance of young DuWan, who plunged into the waters and lent aid to the trio of struggling bathers, the waters of Bixler lake would have taken their first death toll of the season.

JUBILEE OF LUTHERAN SCHOOL.

Kendallville, Ind., June 29.—Sunday Lutheran church, there being special services both morning and evening to celebrate the fiftieth anniversary of the completion of the building now used by the German school. The first building was erected in 1851 and it was fourteen years later that the present structure was erected. It has been used continuously since. In the morning there was an excellent sermon by Rev. Stephen Hassold, of near Fort Wayne, and special numbers by the choir and the children of the school.

GIRL'S PA TRUCULENT.

Auburn, Ind., June 29.—Louis McDougall is an unhappy young man. He made a complaint before Prosecutor Nyce Monday in which he charged one George King with the crime of assault and battery. McDougall took the daughter of King out walking and when they arrived at the home of the young lady her father, the aforesaid King, pasted McDougall in the eye. McDougall did not learn by the experience of his chum who a year ago waited on the same young lady and received the same treatment.

MAN SHOT BY WIFE RECOVERS.

Bluffton, Ind., June 29.—A communication received here from Elgin, Ill., says that Charles Monroe, a former Bluffton man, who was shot several weeks ago by his wife, has just recovered from the wounds and is able to be back at work. It is added that through the efforts of the police and other authorities Monroe forgave his wife and consented to return to their home, and the "dove of peace" is supposed to reign supreme in the household. Mrs. Monroe was released from jail.

WATERWORKS FOR VAN BUREN.

Van Buren, Ind., June 29.—The town of Van Buren has voted for the installation of a new waterworks system and it will be put into operation within the next few months. This thriving little town has experienced several bad fires and the citizens realize that better fire protection is needed. The new system will be operated with electricity, with current furnished by the Marion & Bluffton Traction company. A fine church was burned at Van Buren recently.

Allen County Board of Education, Composed of Superintendent of Schools and Township Trustees

The above is the first picture ever taken of all the members of the Allen county board of education. Other pictures have been taken, but not when they were all together at one time. The county board of education is composed of the various township trustees and the county superintendent. Those in the picture, reading from left to right, are: Top row, Julius C. Gremaux, Jefferson; Jeremiah B. Grabner, Jackson; Thomas A. Wilkinson, attendance officer; Abner Lantz, Milan; Levi Klopfenstein, Maumee; Leonard Stolte, Washington.

Second row: Enoch Smith, Pleasant; John Griffin, Perry; Orsin Smith, St. Joseph; Charles M. Shaffer, Lake; Thomas Sheehan, Monroe; Harry Foote, Scipio; Frederick Buuck, Marion; D. D. Boston, Springfield; William Scott, Aboite.

Lower row: George Meyer, Lafayette; Henry Scherer, Wayne; Commodore Benward, Eel River; Henry S. Miller, Cedar Creek; D. O. McComb, county superintendent; Gottlieb E. C. Schaper, Adams; Odis Van Buskirk, Madison.

DOG PROTECTS CHILD.

Bluffton, Ind., June 29.—Fred Strohm, the well-known tailor, was bit by a shepherd dog belonging to Bara Huffman, of East Market street, and the teeth tore wounds and brought blood at two points, in the palm and on the back of the hand. Strohm was on his way home and playfully took hold of one of the Huffman children and the next instant the hog had hold of him. After the one nip the dog offered no further attack.

FOUND DEAD IN BED.

Pierceton, Ind., June 29.—Mrs. C. F. Foster, formerly of Pierceton, was found dead in her bed Sunday night by her daughter at the Foster home on Rockby street, Chicago. Mrs. Foster was the wife of C. H. Foster, of the railway mail service, and was well known in Kosciusko county, especially in Pierceton, where her parents lived for many years and where her father and brothers still reside. The remains will be brought to Pierceton for burial.

Spanish War Veterans Accept Invitation to Attend Reunion.

At the meeting of Henry W. Lawton camp, No. 35, United Spanish War Veterans, Monday evening, an invitation was accepted to attend the reunion of the One Hundred and Sixtieth Indiana Volunteer infantry, which will be held at Winona Lake about the middle of August, and it is probable that a large delegation will attend from this city.

The meeting Monday evening was the last the camp will hold in the Lincoln Life building and the board of trustees was directed to secure a suitable hall for the next session to be held on July 26.

Simple Solution Dissolves Hair from Face and Arms

Valeska Suratt, the famous beauty-actress and authority on health and beauty, says: "Hair on the face, neck and arms is the most annoying and unpleasant blemish women have to put up with. It is useless to waste time and money with the powders and pastes which only burn the hairs at the roots, leaving the skin sore and rough.

"If you are troubled with these unsightly blemishes, get a one ounce bottle of simple sulfo solution from your druggist, apply with the tips of the fingers to the hairy parts, keeping them moist until the hairs are actually dissolved. This simple solution destroys the hairs entirely, leaving the skin soft, smooth and white. It is claimed the hairs very rarely return after the first application, but never after the second."

Specimen Hunter Searches Borneo for Rare Bones.

H. C. RAVEN.

H. C. Raven, specimen collector for the Smithsonian institute, returned to the United States via San Francisco recently aboard the liner Persia from Borneo and Celebes.

During the three years in the antipodes Raven secured more than 4,000 specimens of mammals, rare and otherwise.

In the limestone caves of eastern Borneo he found six hitherto unknown species of bats, and he also secured six new species of rats. He bagged tiger cats, crocodiles, honey bears, the smallest bears known, and many specimens of wild pigs.

ROSES WERE FOR TEACHER.

But An Unsentimental Driver Charges Theft.

New York, June 29.—Vincent Pignatone, twelve years old, entertains an affection for his teacher of the best traditional old McGuffey reader sort. His rivals are Tony Cassalano and Angelo Gallo. When Vincent was seen on his way to public school 20, at Rivington and Forsyth streets, with a present for teacher, th efact that he was carrying a gift was not so much of a surprise to his rivals as the nature of it. Vincent bore a bunch of roses, whose value, expressed in terms of dollars anr not of sentiment, was $50.

Tony and Angelo fell upon the gallant, and the roses were in a fair way toward being divided into three equal and broken parts, when detectives Shea and Kirk caught the boys. They offered their sympathy to Vincent, who was screaming that the roses were for teacher.

Just then along came James Stevens, a driver for an express company. His story, stripped of all sentiment, was that the roses had been stolen from his wagon. The detectives took the boys to police headquarters.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Genesis 31:14-28.

14 And Rachel and Leah answered and said unto him, Is there yet any portion or inheritance for us in our father's house?

15 Are we not counted of him strangers? for he hath sold us, and hath quite devoured also our money.

16 For all the riches which God hath taken from our father, that is ours, and our children's: now then, whatsoever God hath said unto thee, do.

17 Then Jacob rose up, and set his sons and his wives upon camels;

18 And he carried away all his cattle, and all his goods which he had gotten, the cattle of his getting, which he had gotten in Padan-aram, for to go to Isaac his father in the land of Canaan.

19 And Laban went to shear his sheep: and Rachel had stolen the images that were her father's.

20 And Jacob stole away unawares to Laban the Syrian, in that he told him not that he fled.

21 So he fled with all that he had; and he rose up, and passed over the river, and set his face toward the mount Gilead.

22 And it was told Laban on the third day that Jacob was fled.

23 And he took his brethren with him, and pursued after him seven days' journey; and they overtook him in the mount Gilead.

24 And God came to Laban the Syrian in a dream by night, and said unto him, Take heed that thou speak not to Jacob either good or bad.

25 Then Laban overtook Jacob. Now Jacob had pitched his tent in the mount: and Laban with his brethren pitched in the mount of Gilead.

26 And Laban said to Jacob, What hast thou done, that thou hast stolen away unawares to me, and carried away my daughters, as captives taken with the sword?

27 Wherefore didst thou flee away secretly, and steal away from me; and didst not tell me, that I might have sent thee away with mirth, and with songs, with tabret, and with harp?

28 And hast not suffered me to kiss my sons and my daughters? thou hast now done foolishly in so doing.

Denouncing the Assessor

Charles Thornton, assessor of Concord township, in which the city of Elkhart is located, declares he has lost every friend he had in the township because of the fact that in compliance with the advice of state tax officials he increased the realty assessment of his township.

Doubtless Mr. Thornton's imagination is causing him to magnify the seriousness of complaints against his action, and if the original assessment was too low he need have no fear but that ample justification of his advance of the figures will later be forthcoming. Many of those now loudest in their condemnation will then admit that he was right and that they were wrong. The old-time custom of the assessor in currying popular favor by keeping assessments at a low point is not now in good odor.

The tax-payer today ought to realize that whatever advantage he might seem to gain in low assessment must be more than overcome in higher rate of taxation to meet public liabilities, and that under the keep-it-down system, there is always the strong probability that his neighbor is under-valued to a greater extent than he and is escaping a still larger measure of his fair share of the burden. Neither high valuation nor low valuation, however, is the answer to the problem. Uniformity alone will play fair with everybody.

The Transfer of Mr. Wardrop

Announcement is made of the transfer of Superintendent W. M. Wardrop, of the Pennsylvania lines, to a position of increased responsibility and proportionately greater financial return as superintendent of the Erie and Ashtabula division of the great railway system with which he is identified. Mr. Wardrop will leave Fort Wayne with the most cordial well wishes of the people of the city who in little more than four years have come to know him well and esteem him highly.

In addition to a most capable administration of a big job, Mr. Wardrop has found both time and inclination to interest himself also in general affairs that make for the progress and betterment of Fort Wayne. He has thrown into these endeavors the enthusiasm and the executive capacity which his company has recognized and is still recognizing in steadily advancing this capable and forceful man who is among the youngest of American railroad superintendents. He is a valuable asset to any community, and Fort Wayne, both within and without railroad circles, is glad to have known him even during a tenure of residence in this city that is to be regrettably shortened by his removal.

Final quarantine restrictions against the foot and mouth disease were lifted Monday from the Indianapolis stock yards and every section of Indiana is now "free" territory. Heavy as were the losses and burdensome as were the restrictions for a time following the invasion of the state by the plague last year, it must be admitted that state and federal authorities accomplished a wonderful work in stamping out the cattle plague. Its spread was so rapid that drastic measures were necessary and they were applied without hesitation and regardless of complaints. The result is, we think, a splendid tribute to the efficiency of both federal and state departments of animal industry.

There have been indications during the past few days that the burgling fraternity has reached the conclusion that Fort Wayne is an inviting field in which to operate a bit. Here's hoping that Chief Lenz and his men will be able to speedily convince the selfsame fraternity that its conclusion is both grievously at fault and lamentably atrocious in judgment.

So much denunciation has already been heaped upon Former Dictator Huerta that there really seems to be nothing left to be said that is at all commensurate with the offense in his attempt to launch a new Mexican revolution from the American side of the line. Unless some especially resourceful denunciator speedily rises to the occasion, it will be necessary to simply let it go at that.

A Chicago judge speedily adjourned court when news reached him that triplets had arrived at his home. Doubtless an injunction against a too enthusiastic generosity on the part of the stork would have been issued had the idea occurred to the jurist in time.

Still, Sir Arthur Markham's assertion that Premier Asquith "perverted the truth" in saying that Great Britain had not been hampered by lack of sufficient ammunition is about the mildest charge anybody has yet made regarding this world war.

OUR SOCIAL OFFENDERS.

(Pittsburg Dispatch.)

Organized society views with tolerant aspect the conduct of individuals so long as this conduct, personal or collective, does not violate the rules which society has adopted for its own safety, comfort and convenience. One seller of dope, or one dope fiend, does not constitute much of a menace, but when they get so numerous as to be counted by the thousand something's got to be done. This was done by congress when it passed the present stringent federal law regulating the sale of narcotics.

Users of dope in large centers of population have been hit especially hard by the deprivation they have suffered, as has been often noted by the newspapers since the statute went into effect some months since, but interests in its effects has been somewhat revived by a report a few days ago from Dr. Kate B. Davis, Commissioner of Correction in New York city, stating that in the institutions under her control there had been an increase of 50 per cent in number of inmates in 13 months, much of which was due to the restraint to which drug users have been subjected, and to the conviction of illegal drug sellers; also to lengthened terms of imprisonment which magistrates have been imposing upon offenders.

Dope, drink, poverty and discord, are the major causes of broken laws and broken homes; they always have been and always will be until the causes are removed, if this is possible. And removal of the causes is the chief remedy. How to deal fairly and effectively with people of this class is and ever has been a world problem. While some of the minor manifestations may be safely treated with easy methods, these should not apply always. Humanity in the handling of criminals or criminal tendencies need not imply mushy sentimentality. Honor methods in prisons and reformatories are sound enough in theory, but they should be carried out with the full knowledge that the men they are expected to help are in confinement because of dishonorable acts.

The best honor method in prison is the prevalent honor method outside of prison - humane treatment and equal and exact justice to all. But the woman who has been committed 200 times to Blackwell's Island in 16 years might just as well be allowed to stay there, since it is a resort which seems to please her right well.

CANADA PAYS HEAVILY.

(Grand Rapids Press.)

Canada pays day by day the price of belonging to an empire. Economically Canada is self-sufficient; geographically she is altogether safe from threat of European control. Sentimentally, however, Canada is English to the core; hence these sacrifices. Just as war proves the fallacy of the "economic man" theory, so it proves the fallacy of "economic nation" theory. People will fight as hard for dreams and traditions as for material advantages.

The dominion hangs crepe upon the door of Princess Patricia's Pets, that splendid regiment of young Americans who typified in their dash, courage and morale the spirit of this continent. Poor Pets now, most of them lie torn and broken in and on French and Belgian earth. Literally are they decimated—ten dead and wounded for one living. In one engagement near LaBasse they lost 520 officers and men out of a maximum strength of 700. Only three officers survived. The battalion went into action under a lieutenant colonel and emerged under the command of a lieutenant, all officers of intervening grades having been eliminated.

And all this slaughter availed absolutely nothing. The Canadians took two trenches, but were stopped at the third by such a deadly fire that they were unable to retain the ground captured. The remnant fell back to their original positions where they held off their opponents with great gallantry until nightfall. The Princess Pats had gained nothing save immortality, which, however, does not compensate Canada for their loss. Jingoes, if any still remain among us, should take a little journey through Ontario this summer.

What The Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Dr. George H. Barnum is quite sick.

Joseph Derheimer, the contractor, has gone to Toledo on business.

Prof. Ed Noll will spend the Fourth of July at Delphos, O., where Mrs. Noll is at present visiting.

Work is progressing on David C. Fisher's new flats on West Wayne street.

Deputy Prosecutor E. V. Emrick will deliver the Fourth of July oration at Silver Lake, Ind.

The artificial ice works will consume from 100,000 to 150,000 gallons of water per day. Louis Jocquel has been appointed superintendent of the business of the company.

Dr. Maurice Rosenthal will leave some time in July for a tour of Europe.

Three thousand persons went on the annual excursion of the Pennsylvania railway employes to Warsaw Saturday.

Judge Samuel M. Hench has returned from a professional visit to Columbia City.

Hal Joss, of Jamestown, N. Y., is the guest of Will Peltier. Mr. Joss is up in military tactics and is considered a fine drillmaster.

At the annual commencement of Fort Wayne college, Thursday evening, the degree of A. M. was conferred on Dr. S. B. Hartman, of this city.

Hon. J. B. White and Col. C. A. Zollinger, of this city, have been named as assistant marshals for the exercises at Indianapolis when the Hendricks monument is unveiled.

There are between 130 and 140 horses in the stables of the street railway company. The company has had remarkable success in the care of its horses during the extreme hot weather of the past few days.

The county board of equalization has completed its works and adjourned, having increased the tax valuation a total of $165,000. The assessors' books have not been completely totaled, but the aggregate valuation of all property in the county for taxation will approximate $28,000,000.

Health Big Factor in Flood Prevention.

Prosecution of flood prevention work is necessary not only for the protection of property but as well for the protection of health. This fact is attested to abundantly by the action of the city and county boards of health in giving unqualified indorsement to the campaign for the establishment of a flood prevention district in Allen county. The health officers of the city and county have adopted resolutions in which they point out the necessity for protection against flood water if the public health is to be conserved.

Since the proposed flood prevention measures in Allen county, if carried out, will serve to enhance property values, to prevent suspension of employment of men, and to protect the public health, how any freeholder can oppose the movement is more than mind can fathom. If signing the petition had the effect of vitiating the rights of the citizens, if it empowered the board to arbitrarily institute the work and levy assessments without regard to the wishes or rights of the people, or if the petitions and the law under which they are circulated gave the board the right to saddle upon the taxpayers any unnecessary expense, there would be tenable ground upon which the opponents may stand. But the contrary is true. The movement is without a tinge of political manipulation. It has for its object promotion of the welfare of every citizen, whatever his politics or creed may be. The law authorizes the creation of no salaried positions on the board, and to the contrary specifies that there shall be none. On what ground can any taxpayer refuse to sign the petitions?

GIRLS COMPLETE 600-MILE HIKE.

From left to right: Misses Kittie Bevertz, Fay Shea and June Shea, who walked from Portland, Ore., to San Francisco. The girls dressed in the garb of men because of the inconvenience of walking in skirts. The girls left the Oregon city on April 15 and arrived in San Francisco June 10. Their trip was a storm-buffeted journey. Many times they walked in rain, sleet and snow. Sometimes the snow was several feet deep and sometimes they were in mud nearly up to their knees.

WHEAT IS ABOUT READY.

Farmers Will Start to Cut It Within Next Few Days.

Farmers throughout Allen county will start cutting wheat within the next few days, probably the latter part of this week. According to Clarence Henry, the county agricultural agent, the crops throughout the county are looking fine. Corn is a little backward and some little damage has been done to clover as the result of insects.

OUTING IS ENJOYED.

Officials and employes of the Old National bank, were delightfully entertained Sunday afternoon by Theodore Fisher, teller in the savings department, at the home of F. W. Hitzman, west of Brookside.

If you could buy a piano as good as a Packard for $350 there would still be many reasons why you should select a Packard. Of course you know that the Packard has a nation-wide reputation among Musicians and lovers of music, won solely on its merits as a musical instrument.

The Packard is purchased in every state in the union. Those who buy it cannot possibly have your opportunity to learn what a good piano it is before they choose it, because they haven't your chance to learn how it is made, or to know the men that make it.

You can learn DEFINITELY what THEY take for GRANTED, any time you care to visit the Packard factory.

IF BACK HURTS BEGIN ON SALTS

Flush your kidneys occasionally if you eat meat regularly.

No man or women who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

U. S. DISPUTES RIGHT TO SINK NEUTRAL

Lansing Rejects Germany's Proposal in Case of Steamer Frye.

Washington, D. C., June 29.—Following the receipt of a message from Ambassador Gerard stating that the German reply in the submarine controversy would be favorable to the demands of the United States, the state department made public Secretary Lansing's rejection of Berlin's proposals in the case of the American steamer William P. Frye.

In regard to the sinking of the Frye and its grain cargo by the German auxiliary cruiser, Prinz Eitel Fredrich, Mr. Lansing, in a note delivered to the German foreign office on Saturday, refuses to accede to the proposal to submit the question of reparation to a German prize court and renews the suggestion that the amount of the indemnity be settled by direct diplomatic negotiation. He holds that Germany violated its treaty obligations to the United States when the Frye was sunk.

Contradicts German Claim.

The most interesting feature of the note is a flat contradiction of the German contention that under the treaty of 1828 with the United States a German vessel of war is justified in sinking an American ship if there is no other way in which to dispose of its contraband cargo. Acceptance of this assertion by the United States would have been tantamount to conceding the right of German submarines to torpedo American vessels carrying contraband.

Secretary Lansing informs the German government that "these treaty provisions do not authorize the destruction of a neutral vessel in any circumstances." He then quotes the treaty to show that it "prohibits even the detention of a neutral vessel carrying contraband if the master of the vessel is willing to surrender the contraband."

Willing to Deliver Cargo.

The captain of the Frye was willing to deliver over the cargo of grain and the captain of the Prinz Eitel Friedrich proceeded to throw it overboard, then changed his mind and sank the ship.

Mr. Lansing points out that the sinking of the vessel involves a dispute over the interpretation of the treaty and the indemnity therefor. Germany having admitted liability and agreed to make reparation. This question cannot be settled by a German prize court, the decision of which would not be binding upon the United States and would be adjusted more directly by diplomatic negotiation.

The note was sent by Secretary Lansing to Ambassador Gerard at Berlin for delivery to the foreign office.

SPENCERVILLE NEWS.

Spencerville, Ind., June 29.—The C. C. club were delightfully entertained Friday in the Chas. Henderson grove by the president, Mrs. Anna Henderson, and vice president, Mrs. Lizzie Wearley, assisted by their daughters, Misses Ruth and LeAnna. Thirty guests presented themselves, wearing, as requested, an emblem embodying the title of some well known book. The guests were provided with pencils and the afternoon was spent in contests and pleasantry. An elaborate four-course supper was served. Mrs. Fanny Beams was toastmistress of the occasion. Madams Flossie Rhoades, Cora Steward, Myrtle Beams, Georgie Jenkins and Maude Beams responded with toasts. The out of town guests were Mrs. Buchanan, of St. Joe; Miss Mary Horn, of Minnesota; Miss Ida Reed, of Auburn, and Mrs. James, of Harlan. The occasion was the last of the official club year and the guests departed expressing their appreciation of the splendid entertainment and hospitality.

The Girls' Pansy club met at the home of Mr. C. A. Rhoades and wife Friday afternoon and were entertained by their granddaughter, Miss Theresa Newman, who is spending the summer with her grandparents.

Mr. Thomas Petterson, wife and sons, Harry and Bert; Mrs. Edith Parents, of Fort Wayne; Miss Hazel Dearwester, of Michigan; Mr. and Mrs. Floyd Moore, of Harlan, were Sunday guests of Mr. and Mrs. E. Brattien, of Grabill.

Mr. and Mrs. Merten Kimes, of Robinson Chapel; Mr. and Mrs. Harvey Kimes and sons were Sunday guests of the former's father, Mr. George Kimes and wife.

Misses Laura and Jennie Shutt, of Auburn, who have been visiting their cousin, Miss Pearl Goldsmith and mother, left Saturday to visit relatives at Harlan.

Mrs. William Fairfield and daughter Helena, Standley Hollabaugh, Vest Clemmer, Mrs. Newton Miller, Golden Murray and Pete Steward spent Saturday at Fort Wayne.

Mr. George Gloyd and family entertained the following guests Sunday: Otis Gloyd, wife and children and Miss Estella Gloyd, of Robinson Chapel; Mr. Isadore Badica, wife and children, of near Fort Wayne, and Mr. Fred Osborn, of Fort Wayne.

Alvin Bair and wife, of Tiffin, Ohio; Daniel Bair and wife, Findlay; Miss Tugsley, of Lima, Ohio, were guests of Mr. and Mrs. John Horn and family several days last week.

Mr. and Mrs. Orval Wise and children, Mr. and Mrs. Lavern Wise, of Auburn, spent Sunday the guests of Mr. and Mrs. James Vallein and family.

W. P. Steward and family were Sunday guests of Mr. William Reed and family, of near Auburn.

A Mistake Made By Many.

Don't wait for rheumatism to indicate diseased kidneys. When you suffer pains and aches by day and sleep disturbing bladder weakness by night, feel tired, nervous and run down, the kidneys and bladder should be restored to healthy, strong and regular action. It is a mistake to postpone treatment. Foley Kidney Pills put the kidneys in sound, healthy condition and keep them active and strong. Begin taking today. Good results follow the first dose. MR. AND MRS. A. J. LANTERNIER CELEBRATE GOLDEN WEDDING

Upper Picture—The bridal party, Mr. and Mrs. Lanternier in center, seated.

Lower picture—The seven granddaughters, who assisted in the celebration. Reading from left to right they are: Miss Charlotte Lanternier, Miss Irene Lanternier, Mrs. Blacksmith, Miss Hilda Lanternier, Mrs. Ray Lee, Miss Bernadette Mohl, Miss Eleen Lanternier and Miss Ruth Lanternier.

The golden wedding anniversary of Mr. and Mrs. Lanternier was elaborately celebrated Tuesday at their home on Anthony boulevard.

Society

Miss Sue Coppock entertained in a delightfully informal way this afternoon as a compliment to her guest, Miss Irene Nold. Twenty-five of Miss Nold's friends were asked to bring their sewing and pass a happy hour or so visiting over their needlework. A buffet luncheon was served in the diningroom, where a lovely table laid in pink and white met the eyes of the guests. A white basket filled with pink and white sweet-peas stood in the center of the table and smilax was a graceful festoon of the cloth. Pink-hooded candles lent a dainty color to the scene. Miss Agnes Coppock presided at the coffee and Mrs. Tom Coppock assisted in serving. Miss Fern Lease, of Waterloo, who is visiting Miss Coppock, was one of the guests. There are to be other parties to honor Miss Nold during the week.

* * *

Mrs. Samuel L. Morris, jr., entertained a few young women this afternoon very informally in honor of her sister, Miss Lillian Good, of Huntington. Mrs. Percy Olds, Miss Georgiana Bond and Mrs. Carver Wood assisted in serving. Garden flowers formed an appropriate decoration of the rooms.

* * *

Young women to make four tables at auction bridge enjoyed the hospitality of Mrs. Will Vesey, jr., this afternoon at her home in Thompson avenue. Mrs. Walter Bauer was a visiting guest.

* * *

The many friends of Mr. Homer C. Underwood are interested in the announcement of his coming marriage to Miss Mary M. Frederick, of Detroit. Mr. Underwood went to Detroit on Tuesday and the marriage will take place on Wednesday at the bride's home in Westminster avenue. The bride is a cultured woman of more than ordinary attainments and her accomplishments are of such a high order as to attract attention of many organizations of Detroit and surrounding places. Miss Frederick was graduated from Northwestern university and has for some time been one of the faculty of the Ganipol Art school, Detroit, and is also a teacher of English literature. Miss Frederick conducts the work in the ladies' gymnasiums of the Episcopal church and the Church of Our Father, two of the largest church gymnasiums in the city, and she also conducts a studio for teaching the art of expression. Mr. Underwood is a member of the law firm of Underwood & Geake, and will continue his law practice here until the first of September, when he will move his office to Detroit. After the wedding Mr. Underwood and his bride will go to Lake Wawasee, where he owns a cottage, and there will be joined by Mr. Underwood's youngest daughter, Miss Alice.

Mr. Rundles was married to Miss Mary Hedges, a daughter of Mr. and Mrs. Charles Hedges, of Thorncreek township, at 2 o'clock by Rev. H. G. Herendeen, pastor of the Church of God. Miss Ethel Taylor played the wedding music, Miss Muriel Herrold of Columbia City was the bridesmaid and a brother to Mr. Rundles was best man. After the ceremony and the showering of felicitations on the bridal couple, a wedding dinner of elaborate preparation was served. The bride is said to be a winsome young woman of many accomplishments. She was graduated from the Columbia City High school in 1913 and a few months later from the Fort Wayne Business college. The bride held a position in this city for about a year. Mr. Rundles is a son of Mrs. Mary Rundles and is a civil engineer and surveyor, having graduated from the University of Illinois in that department. He is a fine young man and a year ago was a candidate in the democratic primary for nomination for county surveyor. Mr. and Mrs. Rundles went to Indianapolis for a few days and on their return will make their home in Fort Wayne.

AT THE TEMPLE.

A PLAY DISTINCTLY HUMAN.

"Girl From Out Yonder" Strikes Popular Chord at Temple.

A play that appeals because of the humanness of its characters and that keeps one wavering between tears and roars of laughter is the comedy-drama of Maine seacoast life, "The Girl From Out Yonder," which is being produced at the Temple this week by the Payeen Stock Players. The story is an unusual one, but runs smoothly and logically, while the people created by the author are just such simple regular folks that everyone feels he knows them personally before the first act is over. The center of the action is of course "the girl" known as "Flotsam," the mainspring of life in the lonely old lighthouse, bubbling over with the sheer joy of living until the advent of the summer colony.

The Payeen Players will present the first matinee of the week this afternoon and on Thursday and Saturday afternoons the same production, "The Girl From Out Yonder," will be the offering, with, of course, a performance each evening.

AT THE JEFFERSON.

LASKY PRESENTS "WILD OLIVE."

Beautiful Myrtle Stedman at Jefferson. Pathe News.

"The Wild Olive," based upon Basil King's sensational novel of that name, is the current release of the Paramount is the current release of the Paramount tle Stedman, the great, velvet-eyed Lasky star, creates the name role in this fine production, while Forrest Stanley, acclaimed one of the handsomest leading men on the stage, plays the part of the hero.

A hidden dagger in an Allegheny lumber camp brings a sentence of death upon an innocent young college man. Escaping the gallows by a hair, he goes into exile in South America. The beautiful "Wild Olive" of the mountains, a girl with whom he is in love, offers to sell herself to the law in order to clear him. A second jury brings in a verdict, but curiously the great gorgon of the law fails to exact its price.

Pathe Daily war news, taken by the intrepid camera men of the Pathe concern right in the core of the great European embroglio, are shown on today's program, together with a Charlie Chaplin comedy. Thursday and Friday marks the return of the famous "Vampire Woman," Theda Bara, in a startling, bizarre drama, "The Devil's Daughter."

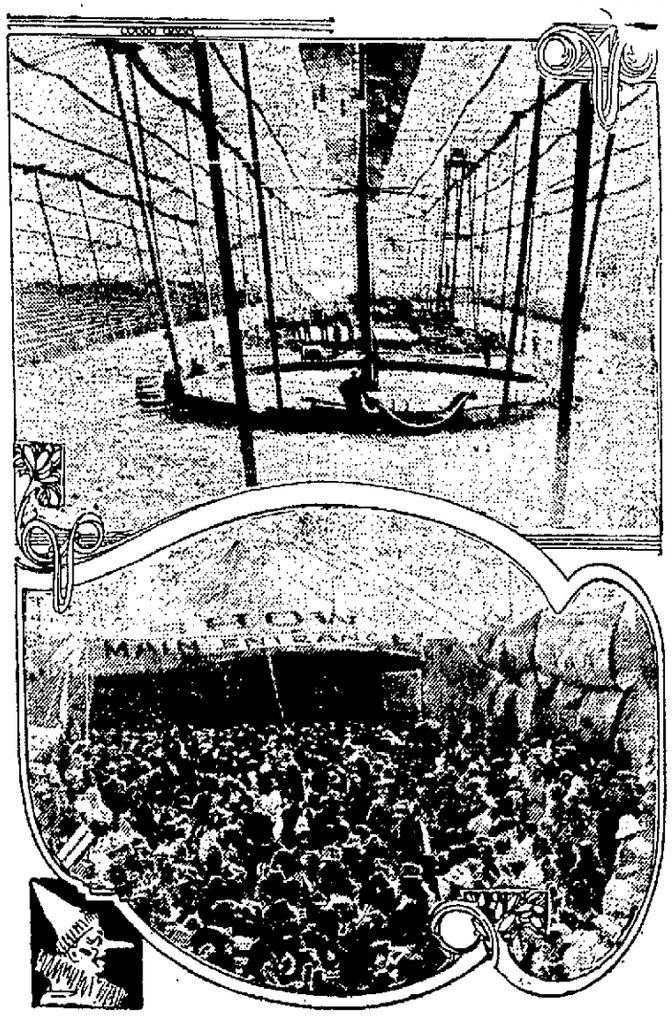
HERE'S WHERE YOU'LL SIT ON RINGLING DAY IN FORT WAYNE.



According to railroad officials the Ringling Brothers' circus is this season carrying the heaviest equipment, the largest zoo and the greatest number of people ever brought together by a traveling enterprise. Eighty-nine cars, divided into five trains, are required to accommodate approximately 1,370 people, 735 horses, 41 elephants and more than 1,000 wild animals. One entire section is used to transport the mammoth stage, scenery, costumes and electrical effects used in the new spectacle of Solomon and the Queen of Sheba with its gigantic cast and ballet of 300 dancing girls.

The spectacle is but an added feature to two hours of arenic display in which more than 400 artists exhibit from the aerial rigging, the interstages, three rings and hippodrome track of the largest main tent ever built. Fully 90 per cent of these performers are making their first appearance in America. These include five troupes of Norwegian equilibrists who present the highest perch acts in circusdom; the Mijares family of Spanish slack-wire wizards who turn somersaults on steel threads high in the tent top; the famous Lloyds in a progression of riding feats with special scenic settings; families of aerialists frequently presenting as many as fifty performers upon the trapeze and bars at one time; a vast company of equestrians headed by Charles Augustus Clark, the world's greatest bareback rider; five herds of trick elephants and an entire department of trained animals; fifty famous clowns, a magnificent horse fair, speed tournaments and many other features of novelty and daring. Ringling Brothers will exhibit here Saturday, July 17.

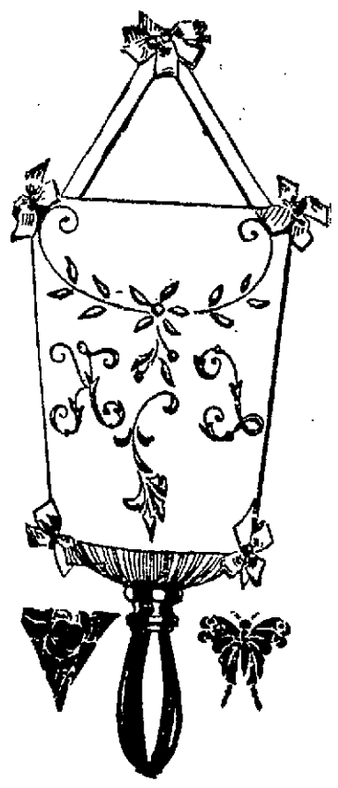
EMBROIDERY FOR HOME DECORATION

ORIGINAL DESIGNS



Clothes Brush Hanger

By Madame Jean

HOW to provide a place of repose for the ubiquitous whisk broom is a problem the particular housekeeper finds herself confronted with. The accompanying illustration will aid her.

Choose any heavy material in keeping with the paper and furnishings of the room and embroider this design in bold colors, using the padded stitch, the over-and-over, the long and short, and the outline stitches, not forgetting the monogram placed on either side of the design, nor the perky bows made of the predominating color.

Place the holder where Father can always find the brush when he needs it.

(The above designs and more than 400 other transfer patterns from The World Famous Embroidery Outfit, with a complete equipment to make them, including hoops, needles, bodkins, stiletto and booklet, telling how to make all the stitches, can be secured from this paper at the nominal cost of 68 cents (7 cents extra for postage with mail orders) by clipping one Embroidery Coupon from this paper, coupon appearing in the paper every day.)

CITY MAY HAVE TO PAY FOR ALL WATER

Bearing of Utilities Law is Causing a Deal of Heavy Thinking.

With the work in hand of making up the municipal budgets for 1916, Mayor Hosey, the legal department and the several executive boards of the city government are solemnly figuring on the price of water from the public supply. It is believed that under the state utilities law the city government's various departments will have to pay the waterworks department for all the water consumed for city purposes. This will fall heavily on the board of works, for all water used in street sprinkling and flushing and sewer flushing would amount to a big bill. Likewise the fire department would have to pay an established flat rate for each fire hydrant in use and the board of safety is considering that. The park department uses much water that would have to be settled for. Should this contingency become a legal necessity all the department appropriations will have to be boosted and at least a temporary increase in the tax levy might be necessary or something cut out. The waterworks would have a big increase of revenue but any surplus that department would show would have to go back to the city's general fund, in all probability, so that after getting around the situation for one year matters would balance themselves without necessity to increase the general revenues.

DIVORCEE SHOT AS SHE SLEEPS.

Indianapolis, Ind., June 29.—Mrs. Cora Ketrow, recently divorced, was shot and seriously wounded early today as she lay asleep beside her mother, Mrs. Phoebe Bunk, and baby in their home. Arthur Cady is in jail charged with the shooting. Mrs. Ketrow is not expected to recover.

According to Mrs .Bunk, Cady attempted to chloroform her before shooting her daughter. She wakened before the chloroform took effect, she said, and Cady then shot her daughter and fled. No attempt was made on the life of the baby. Mrs. Bunk says Cady had been attempting to force his attentions upon Mrs. Ketrow and had threatened to take her life when rebuffed. Cady was in bed at his home when arrested. He refused to make a statement.

into Mexico City, foreigners had been removed from the danger zone. It was also hoped that the British charge d'affaires at Mexico City would try to maintain constant courier service between that city and Vera Cruz. Much concern is felt here over the situation in the capital, where the advices said business had been suspended and that there was a food shortage.

Gen. Carranza telegraphed his agency here today that further attack on Mexico City was being delayed while Gen. Gonzales was trying to make arrangements to avoid a battle within the city itself. The diplomatic corps in Mexico City, the dispatch stated, was taking steps to protect the non-combatants of all nationalities in the event of fighting within the city itself and the Zapata forces were reported to have sent their archives to Cuernavaca. The telegram was the first confirmation from Carranza sources of the defeat of Gen. Gonzales by the Zapata forces in the first attack.

PARK BOARD WORKS ON BUDGET.

First Annual Estimate Under New Law Under Consideration.

At the weekly meeting of the park board Tuesday afternoon Secretary C. J. Steiss presented the tentative draft of the first annual budget the board will send to the city council under the new park law. It is believed that the revenues for next year will be about $33,000 if the tax levy is maintained at 2½ cents as at present. The board, in order to comply with the new law, submitted a budget in May that covered its expenses from the first of that month to the end of the year. The board also had up for final hearing the resolutions for the Rudisill and Anthony boulevard improvements and expected to receive bids for the installation of an intake pump at Tennessee avenue to furnish water for the lake and lagoons in Lakeside park.

GUY AND EDITH RACE TO DIVORCE COURTS

Each Accuses Other and She Says He Sails Under a Pair of Names.

There was a race Tuesday morning for the divorce courts by man and wife and when the complaints were on file neither had the fraction of a lap advantage. Moreover there was a complication that Judge Yaple will have to unravel in the superior court, where the actions were filed. As to the names of the parties—that's the puzzle. The wife filed her complaint as Edith McAllister vs. Guy McAllister. The husband filed his complaint as Guy Stookey vs. Edith Stookey. Mrs. McAllister says that she was married to the defendant Feb. 2, 1914, and that he entered the bonds of matrimony with her as Guy McAlister, but she charges in her complaint that ever since that more or less unsuccessful event he has used the name of Guy Stookey, is known about Fort Wayne as Stokey and refuses to use the name McAllister, declining to give her any explanation. Otherwise she alleges that he has been guilty of cruel and inhuman treatment for the past five or six months, has struck her, habitually cursed and called her vile and profane names, besides staying away from home at all hours of night, associating with other women and going joyriding with them. She has procured an order restraining him from molesting her at 906 Barr street, disposing of their household goods or selling a Saxon automobile he owns. The husband's complaint recites tha she is cruel and inhuman, has associated with women of immoral repute, has disregarded his warnings that he would not always overlook her conduct and has been guilty of indiscretions that have caused him to be held in public disgrace. The couple have just separated.

Wants Deed Set Aside.

Lydia Luce has begun action in the superior court against John Luce, jr., and the Tri-State Loan and Trust company to set aside a deed. The plaintiff alleges that in 1907 she entered into a contract with Luce by which she transferred to him forty-two acres of land to be held in trust for her benefit. She shays she has performed her part but that he has not completed his part as to providing her with a home and specific necessities. She says that without her knowledge or consent the defendant in 1910 mortgaged the property to the trust company for $400. The defendant, she says, is not in position to carry out his part of the contract. Luce, the defendant, is one of the men arrested for trying to hold up the women at the home of Thomas Covington last Friday, and is now under bond on charges of felony.

Divorce Suits Dismissed.

The following divorce suits have been dismissed from the superior court by Judge Yaple: Elizabeth Schnoessenburg vs. Andrew Schnoessenburg, Goldie Benner vs. William Benner, Charles A. Molitor vs. Rose Molitor, Rubie Dressel vs. John Dressel, Grace Kuhn vs. Solomon Kuhn, Grace Peartree vs. Roy Peartree.

Notes of the Courts.

The suit of Roy E. Walburn vs. David Judson has been dismissed from the superior court.

The superior court has dismissed the suit of Williams vs. Baxter.

The last will and testament of the late John Shaffer, of Harlan, has been filed for probate. All his property is left to his wife for life. W. A. Reichelderfer is named executor.

A motion for change of venue from the judge has been led in the superior court in the case of James A. Baysinger et al., vs. Henry F. J. Reiter, et al., and change from the county is asked in a motion to the same court in the case of Daniel Stringer Harwood vs. Elmer E. Gandy.

The suits of Alex Fraine vs. Augusta Wolf and Susan M. Williams vs. David J. Baxter have been dismissed from the superior court.

In the superior court Nettie Siler has filed a cross-complaint to the action of her husband, George Siler, for divorce, alleging cruel and inhuman treatment, failure to properly provide and specifically charging that he cursed her, called her vile names and beat her. She asks the custody of a daughter aged 14.

The superior court has granted a divorce to Myrtle Welch from John J. Welch.

INSANE WOMAN RESISTED.

Stella Lanhart, aged 20 years, is confined in the hospital ward at the county jail suffering from violent dementia. She was taken into custody near New Haven, Monday, by Sheriff A. C. Gladieux and Deputies Courdevey and Pranger, after people of the neighborhood had telephoned that the young woman was violent. She imagined enemies were pursuing her and after terrorizing those at her home and near by took to the fields. She eluded pursuit of the officers for a time and took refuge in an attic with an entrance barely large enough to permit the passage of her body. She was brought out with extreme difficulty and then resisted with great frenzy and violence. An inquest into her sanity is in progress in New Haven before Justice William Bowers.

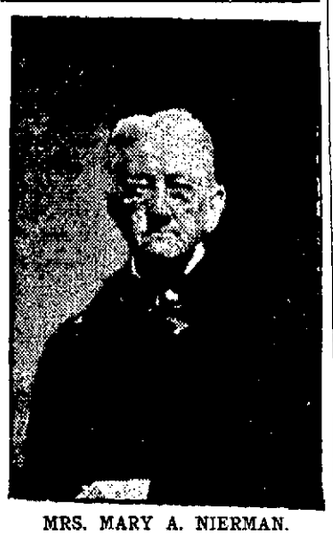
Mrs. Mary A. Nierman, aged 84 years and four months, died at 1:30 o'clock Tuesday morning at St. Joseph hospital following an illness since last fall. Death was due to kidney trouble and infirmities of old age. For fourteen



MRS. MARY A. NIERMAN.

weeks she had been confined to the hospital.

The deceased was born in Hanover, Germany, but came to this country and immediately to Fort Wayne with her brothers and sisters when she was four years of age. She has resided here ever since. She was united in marriage to Martin A. Nierman who passed away twenty-five years ago.

Mrs. Nierman was the mother of fifteen children, five of which still survive her as follows: A. C. Nierman and Martin H. Nierman, of this city, and Mrs. Frank Cutler and Mrs. Agnes Stuhler, of Chicago, and Mrs. Frank J. Reamer, of Los Angeles. One sister, Mrs. Grimme, of Brackenridge street, who is 93 years of age, and is now confined to her bed, also survives her.

FUNERAL NOTICES.

Rothschild—The remains of Aaron Rothschild will arrive in this city Wednesday morning over the Pennsylvania and will be taken to the residence, 702 West Wayne street, where funeral services will be held at 3 p. m., Rabbi Meyer Lovitch officiating. Interment at Lindenwood.

LIGHTS FOR HARMER SCHOOL.

Ornamental System is Planned for That Locality by Board.

The board of works is considering a plan for a system of ornamental lighting about the new Harmer school building and with Secretary Manager Wessel of the light and power works, went out Tuesday afternoon to study the situation. The board is going to cut off the corners at Harmer and Washington streets and Harmer and Jefferson streets on a fifty-foot radius and this will fashion the eastern, southern and northern frontages into a semi-circle and about this it is proposed to construct the ornamental system. The Lincoln highway comes in on Maumee avenue, which heads into Harmer street, by which the route is joined to Washington, into which a good view will be furnished from Maumee when the corner is cut. The east end people were promised an ornamental lighting system at the Harmer school when the electric light tower there was disposed of to the park board and removed to Lawton park.

Don't Buy a Refrigerator by the Shine
Whether the shine be in the case or in an advertisement. The value of a refrigerator comes down to two main points:
The insulation, in other words, the composition packed in between the outer and inner cases, which preserves the low temperature.
The circulation of cold, dry air, which must be continuous to prevent the food going bad.
With these two points looked after, the refrigerator cannot consume your food, nor melt up your ice like a fireless cooker.
The Seeger Is the Perfect Refrigerator Because It Is
The refrigerator that is always as sweet and clean as new mown clover.
The refrigerator that saves the ice and keeps the contents in a perfect condition.

ARRESTED AS SPY ON HONEYMOON, ESCAPES; GOES HOME TO FIGHT.

Countess Raitcagvitch and M. Millian Raitcagvitch, count de Monteforte.

San Francisco, June 29.—Arrested with his bride as spies by the authorities in Sydney Australia, while touring the world on their honeymoon, and released after being detained and closely questioned for twelve days, a Serbian nobleman, M. Millan Raitcagvitch, count de Monteforte, arrived here recently on the liner Moana on his way back to Belgrade to fight for his country.

Twice has the count's honeymoon trip around the world been interrupted by wars.

Three years ago, immediately after his wedding, he made a wager with another Serbian nobleman that he and his bride could tour round the world on a motorcycle.

They toured through Turkey and northern Africa when the count was overtaken by a message from his government, ordering him to join his command immediately, as war had broken out with Turkey.

The count's left leg was shattered at the siege of Scutari, and as soon as he was able to get out of the hospital he and his bride again started on their honeymoon, this time without the motorcycle.

The countess is the correspondent of a Belgrade newspaper, a connection which got both of the travelers arrested as spies. They had taken passage on the steamer Niagara for Vancouver.

Erie Pluks Entire Series from Myers' Slumping Cubs!

Erie, Pa., June 29—Although Holderman came across with another homer and with a double as well, the Cubs were helpless here yesterday and lost a long drawn out game with Erie 7 and 4. It was the first really poor showing Ainsworth has made this year, and twelve hits were registered off him.

Smyth went to second in the first inning on a dropped fly, and after Sheehan had singled and was out at second Brant hit and scored Smyth. Erie scored two in the first an Holderman tied things up with a homer in the second frame.

Fort Wayne made another pair in the fourth and all was well till the eighth, when the Sailormen got to Ainsworth for four runs in a row.

The three games of the series went to Erie and the lakemen now are tied for third place, pretty close on the heels of the slumping Cubs. However, there still is a chance that the Fort Waynettes will pull up, for it was after just such a slump as this earlier in the season that Bade Myers' gang got to its feet and climbed away up in the percentage column.

WETZEL TO DAYTON.

"Buzz" to Join the Vet Squad in Absence of Schweitzer.

Dayton, O., June 29.—No word having been received from Al Schweitzer, who is at home mending his injured knee, Manager Compton wired Infielder "Buzz" Wetzel to report and the veteran Central leaguer is on the job. This will enable Jack to place Ward Clemens in the outfield and give the club a regular line-up once more. Manager Compton wrote Schweitzer Monday morning to report as soon as possible, and when he does get back on the job one of the present squad will have to go.

WELSH IS AFRAID TO MEET CHARLIE WHITE OVER THE LONG ROUTE

(By Left Hook).

On July 3 at Brighton beach, New York, Charlie White after knocking out eight of his last nine opponents meets Freddie Welsh, world's lightweight champion, in a ten-round no-decision bout.

The match is rather a disappointment for White's followers. They had hoped to see him get the Britisher for twenty rounds in Denver and then polish him off after the first ten rounds were up as—take it from us—he was very likely to do.

However, Nate Lewis, White's manager, has looked up the dope and says:

"No championship has ever changed hands in a no-decision contest; that is, a champion was never knocked out during a no-decision bout, but the records show that numerous champions have lost their titles in less than ten rounds.

"Terry McGovern, for instance, won the bantamweight title from Pedlar Palmer in one round and the featherweight title from George Dixon in seven rounds and in turn lost his own championship to Young Corbett in two rounds.

"Joe Gans won the lightweight championship from Frank Erne in one round; Kid Williams won the bantamweight championship from Johnny Coulon in three rounds, and recently Kid Williams came within an ace of being counted out in a six-round no-decision bout with Louisiana, a contender.

"Therefore, it is within the range of possibilities that a terrific puncher such as Charley White has proven himself to be, may put over the wallop on Champion Freddie when they meet."

Here's hoping he does, too. Welsh is one of those dancing master's who put boxing on the bum. He's nothing but a boxer. White is of the Fitzsimmons, Gans, Corbett type, a fellow who can box and hit. He gives a good show when he appears and his knockouts are not the wild haymaker kind. He has perfected a short arm left hook that does the business while traveling only a few inches.

Further, Welsh's title was never legitimately won, according to American standards, and the American public has felt that Willie Ritchie "sold" the championship when he fought him in London.

Knowing how jealous our English cousins are of our fistic ability there was not a chance of Ritchie getting the decision if Welsh was on his feet, no matter how helpless, at the end of twenty rounds.

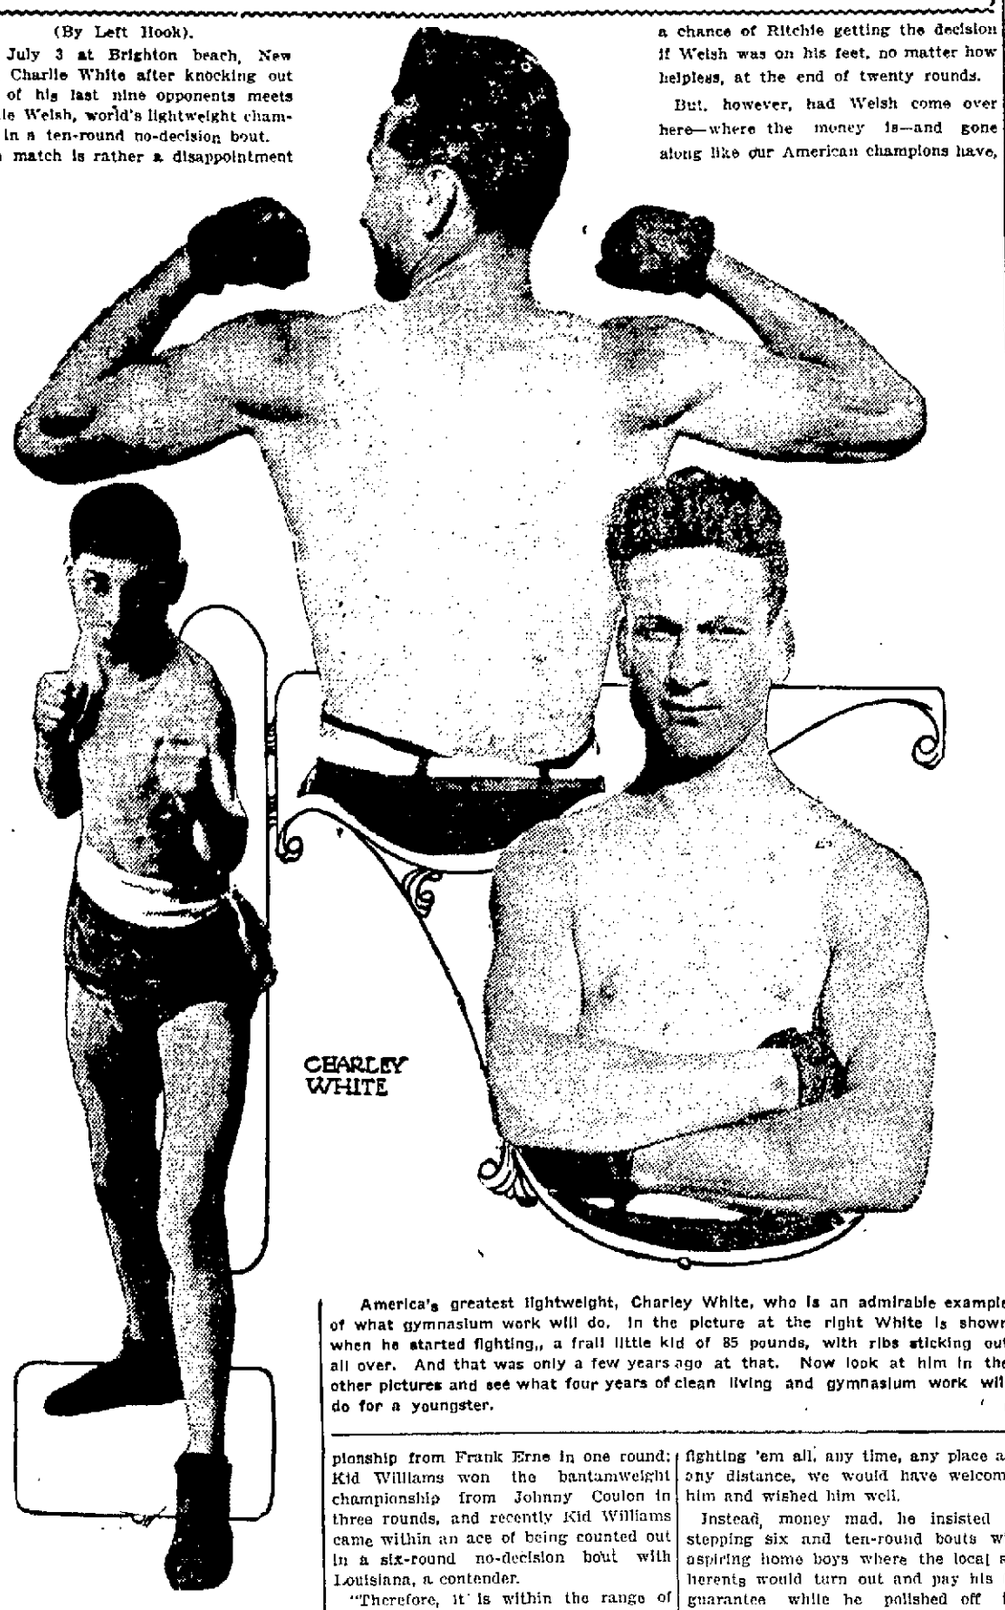
But, however, had Welsh come over here—where the money is—and gone along like our American champions have, fighting 'em all, any time, any place and any distance, we would have welcomed him and wished him well.

Instead, money mad, he insisted on stepping six and ten-round bouts with aspiring home boys where the local adherents would turn out and pay his fat guarantee while he polished off the second-raters. And by the way, second-raters are all that Welsh can polish off. He has not obtained any wide decision over a good man in any ten-round fight.

Now, reader, if you are one of those who think I am wrong for speaking against the light tapping boxing style of Packey McFarland, Freddie Welsh, et al, let me correct you.

The knockout is the most humane thing in boxing. When properly delivered the blow on the jaw leaves no ill effects—not even a mark.

Did you ever see Packey McFarland batter and bruise a second-rater to pieces, cut him to ribbons until he fell to the floor—not out, but absolutely exhausted from loss of blood. It takes probably two weeks for such a victim to recover. That is what is brutal in boxing—not the knockout.



America's greatest lightweight, Charley White, who is an admirable example of what gymnasium work will do. In the picture at the right White is shown when he started fighting,, a frail little kid of 85 pounds, with ribs sticking out all over. And that was only a few years ago at that. Now look at him in the other pictures and see what four years of clean living and gymnasium work will do for a youngster.

CORNELL WINS OVER LARGE-HELD MONDAY

Poughkeepsie, N. Y., June 29.—Cornell won the triangular four-mile race here yesterday, defeating Leland Stanford by eight feet, and with Syracuse third and exhausted and Columbia fourth, while Pennsylvania brought up a hopeless rear.

Cornell's junior eight won the second crew affair and the Syracuse oarsmen captured the freshman event.

Royal G. Bird, who rowed as No. 2 in the winnig Cornell varsity crew yesterday, was notified as he stepped out of the shell at the conclusion of the race that his brother, Eugene Bird, was dead at their home in New York city. News of the death of the oarsman's brother was received here before the race was started but was withheld from the Cornell man at the request of his father until the finish from fear that it might prevent him from rowing in the race.

Eugene Bird rowed in the Cornell varsity eight last year.

EXPECT TED MEREDITH TO SMASH ALL RECORDS

Pennsylvania Athlete to Be Star Attraction at Exposition Meet.

(By Hugh S. Fullerton).

Will Ted Meredith smash all records of the world for runners and demolish even his own wonderful performance in the half mile?

The best judges of runners in America expect that the wonderful University of Pennsylvania runner will clip a second, perhaps even more from the record of 1:52½ when he starts in August at the Panama-Pacific exposition games.

They believe Meredith will set a record that will stand through generations of athletes, and never be approached save when some speed marvel like himself with his courage and nerve is born.

The reasons for the belief that Meredith will establish the new record are that the track at the San Francisco stadium is one of the fastest ever constructed, and that it will be fully one and a quarter seconds faster than the track at Franklin field, Philadelphia, was when Meredith ran to within a fraction of a second of his best time.

That it will be four-fifths of a second faster than the track in the Olympic stadium at Stockholm when Meredith and Mel Sheppard had their wonderful struggle is the belief of the experts.

The second condition is that the field with which Meredith will compete probably will be the fastest that ever assembled in a half mile race.

The experts believe that if the pace is sufficiently strong the Penn track will smash the record almost to a certainty.

It has been shown that Meredith needs a terrific pace, and that the harder he is driven the better he runs.

Coaches preparing men for the half mile consider 55 fast enough to run the first 440 yards yet in that great duel between Sheppard and Meredith Sheppard carried his teammate the first 440 in 52, wore himself out by the pace and Meredith overtook him at the finish and won, going past with something in reserve.

If the cracks such as Caldwell, the Massachusetts marvel, and Homer Baker with some of the western and midwestern collegiate record men, force the pace the record is gone.

It is reported that Meredith is preparing himself especially for the half at San Francisco and his work in the preliminary trails soon to be held probably will not be startling as he will run to time and qualify, reserving himself for the big event.

MARATHON RUNNER DRIVES WAR AUTO.

Rome, June 29, via Paris, June 27.—Dorando, who was disqualified in the spectacular Marathon race held at the London Olympic games in 1908, is now driving a military automobile at the Italian front. Some of the winners at the Olympic games held in Stockholm participated in the military operations which resulted in the capture by the Italians of Monte Nero.

Members of almost all the sporting clubs, gymnastic societies and racing associations have enlisted. Lancia, Felice Nazzaro and others for the war, and some have distinguished themselves. Vincenzo automobilist drivers have been retained in the motor factories and are working under high pressure to turn out military motors.

LAWSON CONVICTION CONDEMNED BY LABOR

Mass Meeting is Held Under Auspices of Federation.

Fort Wayne labor went on record Monday evening at a meeting held under the auspices of the Fort Wayne Federation of Labor in the assembly room of the court house as condemning the trial and conviction of John R. Lawson, officer of the United Mine Workers of America, in the Colorado coal fields, on a charge of murder as a farce and wholly devoid of justice.

The principal address was delivered by James Henderson, organizer for the International Association of Machinists. In referring to President Wilson he said: "President Woodrow Wilson is the man of the hour. He stands for peace and he who would destroy his character and policies, would destroy the American republic."

The following resolution was adopted:

"Whereas, J. R. Lawson, a prominent official in the United Mine Workers' Union of America, was recently convicted and received a life sentence in the state of Colorado; and

"Whereas, It is a well known and indisputable fact that the Rockefeller interests have been at war with the United Mine Workers' union and with all of the means and power at their command have hired thugs and gunmen to shoot down women and children, in fact creating a civil war in that state; be it

"Resolved, That the Fort Wayne Federation of Labor and members of organized labor and citizens here present condemn the whole proceeding as based upon class hatred, fostered and abetted by the Rockefeller interests.

"Resolved, That we call upon the organized labor movement and the citizens of this country to voice protests against this inhuman and damnable conviction; and be it further

"Resolved, That a copy of these resolutions be sent to the governor of the state of Colorado, the president of the United States, to the United Mine Workers' Union of America and to Mr. John R. Lawson."

Only a Few Can Go.

Those who are so fortunate that expense does not have to be considered are now going to health resorts to get rid of the impurities in the system that cause rheumatism, backache, swollen, aching joints and stiff, painful muscles. If you are one of those who cannot go, yet feel that you need relief from such pain and misery, try Foley Kidney Pills. They restore the kidneys to healthful activity and make you feel well and strong. Dreier Drug Co.—Adv.

KENDALLVILLE NEWS.

Kendallville, Ind., June 29.—Mrs. Carolina Herb, who resided with her son, John Herb, on South Railroad street, was found dead in her bed by her son Monday morning. At the inquest held Monday morning, the son testified that he and his wife returned from a walk about nine o'clock and upon learning his mother had retired did not disturb her, as she would be restless the remainder of the night. His efforts to arouse her in the morning proved futile. Mrs. Herb was born in Germany seventy-one years ago. She had been a resident of this city for thirty-five years.

Raymond, son of Mr. and Mrs. Willis Walters, of North Main street, was painfully injured in a fall from the top of a cherry tree, a distance of fifteen feet.

Mrs. Homer Matthews has received word of the death of the two children of her niece, Mrs. Inez White, of Cleveland, O. Mrs. White was terribly burned in an accident about the hands and her body, while the children were burned to death. Mrs. White will be remembered as Miss Inez Lampman, daughter of Mr. and Mrs. B. A. Lampman, formerly residents of this city, now residing in Canada.

Rev. and Mrs. A. C. Ormond, formerly of this city, were calling on friends here, Monday, while enroute from Mishawaka to Gulf Port, Miss., where he will take up a new pastorate. Rev. Mr. Ormond was pastor of the Presbyterian church in this city and at Mishawaka.

Mr. and Mrs. Louise Levy are visiting the latter's parents, Mr. and Mrs. A. M. Jacobs. They are enroute from the east where they spent their honeymoon, to their home in Minneapolis.

Mr. and Mrs. A. M. Boyer and son, Will, motored to Indianapolis Monday.

Mr. and Mrs. A. E. Allen and son and Mr. and Mrs. E. L. Miller of Hicksville, were guests over Sunday of Mr. and Mrs. W. A. Miller.

Miss Alnora Fry has returned from a week's visit with relatives in St. Joe, Mich.

Mr. and Mrs. Harry Ihrie of Lagrange, were guests Sunday of the former's parents, Mr. and Mrs. Charles Ihrie.

Mrs. Clara Burkhart of Angola, and Mrs. E. W. Flanders, of Buffalo, N. Y., are visiting the Weldy and Riley families.

C. S. Wert is transacting business in Chicago.

Mr. and Mrs. A. R. Otis and son, Warren, Mrs. W. S. Williams and daughters, Misses Lucile and Anna, Miss Anna Otis and Herbert Pugh motored to Clear lake Sunday. Dr. and Mrs. H. O. Williams are at the lake for a two weeks' outing.

Mrs. Lincoln Secoe is home from the Lakeside hospital, Cleveland, where she has been taking treatments, and is much improved.

Rev. Archibald Judd, the rector of Trinity Episcopal church, has been called to New York on business. He will remain three weeks visiting his family and relatives and friends.

William Detering of Cincinnati, is visiting his nephew, Henry Detering and family.

Dr. and Mrs. D. D. Johnston are home from a visit with relatives in Ovid, Mich.

Henry Bluhm is spending the week at Adams lake.

Robert Frazure of Toledo, is visiting his grandparents, Mr. and Mrs. J. B. Taylor.

MADAM:—

Do you realize the inconvenience of wash day?

Do you realize how much you could accomplish if you could do away with the trouble and muss to say nothing of the weariness due to washing?

Do you realize that you can stop all of this trouble, muss, weariness and inconvenience by sending your washing to the WET WASH LAUNDRY?

Do you know that we wash the clothes, extract the water, for the minimum charge of 60c for thirty pounds and 2c a pound over thirty pounds?

This method allows you to starch the clothes to suit your particular taste and dry them in the sunlight.

Now think this over seriously, then phone 6001 and have the wagon call for your next washing.

Yours respectfully,

CHANGES ON THE PENNSY AND THE MEN AFFECTED BY THEM.

W. M. WARDROP.

The rumors concerning some proposed changes in the roster of the Pennsylvania which affect Supt. W. M. Wardroy in circulation about the city for two or three days, received official confirmation in a notice from the general superintendent's office Tuesday morning. The bulletins announce the transfer of S. B. Robertson from the superintendency of the Erie and Ashtabula division to the Cleveland division to succeed Supt. I. W. Geer, who is promoted to general superintendent of the Central system, succeeding W. C. Downing; the transfer of Mr. Wardrop to the Erie and Ashtabula division to succeed Mr. Robertson; the transfer of Otto Schroll to the Western division to succeed Mr. Wardrop; the transfer of Paul Jones from the Zanesville division to Toledo to succeed Supt. Schroll, and the appointment of F. J. Stimson, division engineer at Grand Rapids of the G. R. & I., superintendent of the Zanesville division to succeed Mr. Jones.

The appointments become effective Thursday July 1, and Mr. Wardrop will leave tonight for Newcastle to look over the situation. He will return here next Saturday to attend to some business and to make arrangements for taking his family to Newcastle. They formerly lived there and going ther to reside will not be without its pleasing features.

Began as Yard Clerk.

Mr. Wardrop's father, Robert Wardrop, is a banker, and it was the intention of the parent, no doubt, to have the son follow in his footsteps. But W. M., early in life became infatuated with railway work and before he had completed his common school education, had acquired the trade of telegraphy by visiting offices where telegraph instruments were used. He is a native of Edgeworth, Pa., where he was born January 8, 1879, and although he is only thirty-seven years old, has held responsible positions in railway work for ten years and minor positions for several years previous. After spending a couple of years in Princeton college, Mr. Wardrop returned home and took a position as yard clerk at the outer depot in Allegheny, the appointment being made by A. B. Starr, who was then the superintendent of the Eastern division of the Pennsylvania. Several promotions followed and in 1905 he was appointed trainmaster of the Erie and Ashtabula division of the Pennsylvania Northwest system, with headquarters in New Castle. February 1, 1911, he received the appointment of superintendent of the Western division of the Pennsylvania, succeeding J. B. McKim, and three days later came here and assumed the duties of the office. On the E. & A., Mr. Wardrop was known as the "golden rule trainmaster." His administration of the office of superintendent of the Western division has given emphasis to that trait in his character and entitles him to the title of "golden rule superintendent." He has made a friend of every person he met in railway circles or out. He soon became active in church and Y. M. C. A. work in the city and for the past three years has been a prominent member of the First Presbyterian church, serving one term as the superintendent of the Sunday school and at present being the teacher of the young men's class. He is also a member of the Men's club of the First Presbyterian church and is one of the active members of the Railroad Y. M. C. A., being at present a trustee of the association and a member of the board of management. His popularity among his railway associates won for him an honorary membership in the Pennsylvania Veteran Employes' association, a distinction conferred upon only two other men.

Without casting reflection upon the standing of others, The Sentinel can truthfully state that no other division superintendent enjoyed the respect and affections of his staff officers, office attaches and the employes of the company, as well as his fellow townsmen, to a greater degree than does Mr. Wardrop. And the removal of a family from the city was never more regretted than will be the removal of this family from Fort Wayne. Mrs. Wardrop and her mother, Mrs. E. A. Dooman, who resides with her daughter, have taken a prominent part in social and church circles in Fort Wayne and have endeared themselves to a vast portion of the people, who will learn with sorrow that they are soon to leave the city. The family resides at 3001 Fairfield avenue.

From Engineering Department.

Mr. Schroll is not well known in Fort Wayne, never having been connected with the Western division. There are, however, a number of Fort Wayne men who know him on other divisions and some who were closely associated with him in railway work. They speak highly of Mr. Schroll and bespeak for him and his estimable family popularity in railway and social circles in Fort Wayne. The family consists of Mr. and Mrs. Schroll and two daughters. An incident of his railway career which is out of the ordinary and which illustrates great confidence is the fact that he came to the Pennsylvania from another line. The story of Mr. Schroll's railway career is thus told by the Railway Men's Gazetter:

Born Sept. 29, 1868, at Columbus, Ohio. Graduated from high school and from Ohio State university at Columbus, O. Entered railway service Sept. 1886 with the Scioto Valley & New England Ry. and its successor, the Norfolk & Western Ry., since which he has been consecutively Oct. 1890 to May, 1900, engineer Wheeling Terminal Ry.; May, 1900, to Dec. 15, 1902, superintendent and engineer Pennsylvania Co., which at that time purchased the Wheeling Terminal Ry.; Dec. 15, 1902, to July 1, 1903, superintendent Richmond division; July 1, 1903, to date, superintendent Toledo division, same road.

JUDSON ROSS MAKES A CHANGE

Transferred from Passenger to Engineering Department of Wabash.

Judson Ross, the courteous and accommodating assistant ticket agent at the Wabash depot for the past year, resigned last Saturday and has taken up another line of work with the company. Yesterday he took employment as a chainman in the engineering department, with Assistant Division Engineer E. C. Danes. The change is made because the new position affords better opportunities for promotion, and Judson is ambitious and studious and will soon advance in the ranks. Miss Ellen Bunnell, a stenographer, has entered the office to assist Agent Fred C. Eggers. She was formerly employed by G. E. Bursley & Co.

FREIGHT CLERKS HAVE OUTING.

Twelve Wabash Men Make Autotruck Trip to Rome City.

Last Sunday the clerks at the Wabash freight office were the guests at the Klotz cottage at Rome City and made things lively thereabouts during the ten or twelve hours they were at the resort. The fished, went bathing, boating and did other things too numerous to mention and, as one of the boys said, "had the time of our lives." The trip to and from the lake was made on the large autotruck of the Packard Piano company, driven by Ray Carpenter, of those works. Others in the party were O. J. Geary, of the Centlivre brewery, and the following clerks at the freight house: Cashier Herman C. Miller, Rate Inspector Samuel Kelker, Clem J. Gettv, Arthur Heimke, Clarence Patrick, Anthony Klotz, Perry Archer, William Hayes, G. Mittendorf and J. A. Sullivan.

KEARNEY DAY AT LOGANSPORT.

Logansport is paying homage to E. F. Kearney, president of the Wabash, today, and the entire population of the city is in more or less degree participating in the exercises. Mr. Kearney arrived in that city in his private car at 2 o'clock this afternoon and immediately delivered himself to the entertaining committee. The public doings were only broken for a few minutes' visit with his sister, Miss Margaret Kearney, at the old home on Market street. Mr. Kearney began his railway career in Logansport as a telegraph operator on the Panhandle. He advanced until he became trainmaster of the division, when he resigned to go to the 'Frisco in a more responsible position.

BOWSER CLOSES FOR WEEK.

The factory of S. F. Bowser & Co. will close tomorrow for repairs to the machinery and will be closed a week. This has been the practice for many years at the big tank works and this year, although the shop is crowded with work, the same practice prevails.

O. J. PARKS TAKES FURLOUGH.

O. J. Parks, general car inspector of the Pennsylvania Northwest system, has obtained a leave of absence and will leave the city for a few weeks. During Mr. Parks' absence the affairs of the office will be taken care of by the men at present attached to that department.

EXTRAS FOR STUDENTS.

Nos. 2 and 4, on the Nickel Plate, will have extra coaches out of Chicago tomorrow to accommodate the Culver summer term students. The school opens Thursday and there will be an unusual number of students, it is said.

INDUSTRIAL NOTES.

Frank L. Shannon is a new laborer at the Pennsylvania machine shops.

J. J. Cull, of the Pennsylvania machine shop, will go to Tiffin, Ohio, tomorrow on a visit with friends.

Peter Lepper, who had been sick, resumed work in the Pennsylvania planing mills this morning.

G. A. Marchand, labor foreman in the Pennsylvania erecting shop, is off duty on account of sickness.

John Offner, Pennsylvania machinist, with Mrs. Offner, will spend the week-end in Jackson, Mich.

Nickel Plate Brakeman M. O. Brown has obtained a week's leave of absence.

Dr. J. Sion Smith, yard foreman at the Bass foundry, is taking a ten days' vacation.

Max Horning, well known Pennsylvania passenger engineer, at present on No. 57 and 58, between this city and Chicago, is sick and off duty.

The Nickel Plate has three work trains in service hauling gravel from Stony Island to Gary for track elevation purposes.

David Mathews, Nickel Plate brakeman, has obtained a two weeks' leave of absence and with Mrs. Mathews will spend the time at Duluth, Minn.

A. B. & O. inspector from Baltimore will arrive here tomorrow to inspect 200 wheels at the Bass Foundry and Machine works.

Agent F. C. Eggers, of the Wabash, has received and installed in his office a commodious and ornamental folder cabinet.

R. J. Fisher, of the Bass Foundry and Machine works, went to Cleveland on business for the company this morning.

Jacob Waldschmidt, who operates one of the big wood working machines in the Pennsylvania planing mills, is sick and off duty.

J. P. Breiboff and Matt Crowe, of the Pennsylvania erecting shop, left last night for Renova, Pa., where Mr. Crowe will serve as "best man" at the wedding of his brother.

George J. Miller, chief clerk at the Wabash freight office, who is ill at the company's hospital at Peru, is improving and expects to come home this week, possibly Thursday.

Conductor Thomas Gallivan and Brakemen George Muldary, George Blue and John Fox, all of the Nickel Plate resumed duty yesterday after absences of a few days each.

B. A. Dent, conductor of the Stony Island-Knox local freight train, will resume that duty tomorrow, after spending some weeks fishing at the lakes. Mrs. Dent was with her husband.

Yard Engineer J. C. Grable, of the Pennsylvania, was taken suddenly and violently ill while in the cab yesterday afternoon. He was removed and taken to his home.

Machinist Earl Groves, of the Pennsylvania round house, was called home yesterday afternoon by news of the serious illness of his wife. He was not able to resume work this morning.

The Mutual Benefit association of the Fort Wayne Electric works will receive less than $25 as its share of the profits of the excursion Saturday to Cincinnati. Had the expectations of the excursion committee been realized the amount would have been ten times greater. It was rumored that the association would have to stand a loss, but this was not the case.

The tie and rail inventory of the Wabash is on and will consume five or six days. Division Storekeeper E. L. Enel and Herbert Waltemath, a clerk in the store room, are engaged in the work and started upon it this morning.

Travel on the Nickel Plate, and particularly through travel, is very heavy. No. 1 today carried an extra sleeper occupied by a party of New York people, who are bound for the Panama-Pacific exposition.

Machinists Robert R. Shuman, Henry Regel and Adolph Wichman will go to the lakes on a fishing expedition tomorrow morning. The works will be closed tomorrow on account of the appropriation being exhausted.

How To Eradicate All Superfluous Hair

Advice by a Skin Specialist.

The best means I have ever found for removing all signs of disfiguring growths of hair on the face, neck, arms or hands is a new preparation called Mrs. Osgood's Wonder. I have recommended it in thousands of cases and I know personally of its ability to banish every hair forever. It cannot injure the skin or complexion and is quite inexpensive.

You can get Mrs. Osgood's Wonder from the Fort Wayne Drug Co. and Meyer Bros. Co. or any up-to-date druggist. Signed Money-Back Guarantee with every package. Do not apply this treatment except where total destruction of hair is desired.

CRAZED MAN WITH HATCHET IS HELD

Charles Putnam, crazed by drink, caused much excitement and no little alarm at Calhoun street and Wildwood avenue, about noon, Tuesday, by flourishing a hatchet and shouting in a wild and threatening manner. He had been refused a drink in the Franke saloon and this threw him into a frenzied state of mind.

Policeman Ernest Paul, who was near, arrested him and he was taken to headquarters and locked up. Putnam is a lather and has been violent heretofore. A large crowd was attracted by his violent actions Tuesday.

ITALIANS HEAVILY FINED.

Huntington, Ind., June 29.—On charges of operating a blind tiger Samuel Franks was fined $150 and costs and given six months in jail. Paul Barsamo was fined $100 and given sixty days in jail and Scuano Nunzeo was fined $5 and costs and given thirty days in jail by Judge Rosebrough in the city court here. The men are Italians and were arrested by Chief of Police Baker at a blind tiger car in an Erie railroad construction outfit here. Erie railway detectives assisted in making the roundup.

EVERYWHERE BUT IN OREGON.

Washington, June 29.—Fair weather for the Fourth of July holiday next Monday was promised today by the weather bureau for every section of the country except Oregon, where light showers are probable.

Precious Blood church picnic, July 5, 1915, corner 4th and Andrew Sts. Lunch served. Take Huffman cars.

CHICAGO GRAIN AND PROVISIONS.

Chicago, June 29.—Higher cables and continued unfavorable weather in the domestic harvest region gave fresh strength today to the wheat market here. The July option remained the leader in the advance. After opening ⅝@1¼c higher, prices dipped quite sharply and then again took the up-grade.

The close was steady at the same as last night to 1¼c down.

Corn responded to the wheat strength. Opening prices, which varied from the same as last night to ⅝c down, were followed by a moderate upturn all around.

The close was steady ta ⅝c to ¾c under last night.

Oats showed firmness from the start. Reports of recent liberal export sales encouraged the bulls.

Weakness in the hog market had a bearish effect on provisions. Declines, though, were not of a radical sort.

THE DAY ON WALL STREET.

New York, June 29.—A new low record for Canadian Pacific was the notable feature of today's early market, that stock selling down a point to 145¼. U. S. Rubber also lost a point and some of the war shares, including Bethlehem Steel and General Electric, yielding fractions. Amalgamated Copper was among the steady leaders, gaining ⅝, with an advance of a point in Crucible Steel and Goodrich. Later Canadian Pacific and Rubber added to initial losses with an irregular trend in other parts of the list.

Canadian Pacific continued to fall, while Rubber repeated its recent low price. Rock Island at 15 recorded a loss of 1⅝ and a new low quotation, with increased weakness in Missouri Pacific and Missouri, Kansas and Texas. Sales in the first hour barely reached 100,000 shares, Goodrich being the most active issue, and far exceeding United States Steel. Bonds also were heavy on further foreign offering.

OFFICIAL FORECASTS.

Forecast till 7 p. m. Wednesday:

For Fort Wayne and vicinity: Showers this afternoon or tonight: Wednesday fair.

For Indiana: Showers this afternoon or tonight: Wednesday fair.

For Ohio: Probably showers tonight and Wednesday.

For Lower Michigan: Partly cloudy tonight, except showers southeast portion; Wednesday fair.

WEATHER CONDITIONS.

The pressure is high off the middle Atlantic coast and in the extreme northwestern states. It is low along the northern border and a moderate disturbance is centered this morning in the lower Ohio valley. This distribution of pressure has given general showers in the interior districts, chiefly in the Mississippi, lower Missouri and lower Ohio valleys, with heavy rain of an inch or more at La Crosse, St. Louis and Oklahoma. The changes in temperature during the last twenty-four hours have not been very great in any section of the country but the weather is becoming warmer in the northwest. Temperatures are lower than the sensonal average in the plateau region and western mountain states, but in other districts practically normal temperature conditions prevail.

Conditions indicate unsettled weather for this vicinity tonight, with probably showers this afternoon or tonight. Wednesday will be fair. The changes in temperature will be unimportant.

HERMIT DIGS OWN GRAVE.

Then Goes Home to Die, Leaving Pathetic Note for Coroner.

Los Angeles, June 29.—Dutch Louie, known throughout the southwest as the hermit of the Pacoima, a few days ago walked slowly from his hut, which is five miles from Pacoima and, selecting a spot on the hillside, dug himself a narrow grave.

Then he returned to his home, dressed himself in his best clothing and lay down to die. All that he told in a letter he wrote to the coroner just before he lay down for the last time.

The note, a pitiful chronicle of hope that never died, asked the coroner to bury him without ceremony in the grave he had dug and to mark it only with the scant inscription, Dutch Louie.

"I don't fear death," wrote the hermit. "It is the inevitable wages of life—and I have lived. For scores of years I have lived in the hope of finding the bonanza I had dreamed of and prayed for. I never found it, but I was cheered to the end by the star of hope."

The body was found by hunters.

Southern Telephone Company, It is Though, Wishes Rate Revision.

Indianapolis, June 29.—The Southern Telephone company, of Indiana, which recently took over the Indiana holdings of the Cumberland Telephone and Telegraph company, has surrendered the franchises granted the company in fifty-three Indiana cities to the public service commission and will receive indeterminate permits from the commission under the utility law's provisions. A rate revision for the exchanges of this company has been agreed on by the commission, it is announced, which will do away with alleged discriminations. The surrender of the franchises is believed to pave the way for the rate revision.

THINK SOMETHING HAPPENED TO LUCE

One of Bandits of Holdup at Covington Home is Not in Court.

When the cases against John Luce, jr., and Ed Taylor, charged with entering a house to commit a felony, were called in the city court Tuesday morning, Attorney Frank H. Kleekamp, appearing for Luce, asked a continuance, stating that Luce was missing and it was feared by his father that something had happened to him. Luce was out on $500 bond furnished by his father. Luce and Taylor were arrested Friday evening, June 25, by Sheriff A. C. Gladieux and his deputies about two hours after the pair had tried to pull off a hold-up at the home of Thomas Covington on the Covington road, south of the city, menacing the women of the household with a revolver and demanding money. In the city court Saturday morning Luce insisted on pleading guilty, but the hearing was continued to give him the benefit of legal counsel. Later his father provided bond. In the city court, Tuesday morning, Attorney Kleekamp stated that Monday night three men went in an automobile to the home of Luce's father and inquired for the younger man. They were told his home was about two miles farther into the country. The trio departed and shortly returned, having young Luce's automobile in tow. They then went into the house and insisted that the elder Luce accept a note for $400 given by the son for an unpaid balance on his automobile. Luce refused to accept it and the men drove off. Since that incident, Attorney Kleekamp said, young Luce had not been seen by his family and it was feared something had happened to him. Prosecuting Attorney Callahan agreed to a continuance until Thursday and if Luce does not appear by that time his bond may be forfeited. Taylor went back to jail. Both Luce and Taylor have confessed fully to Sheriff Gladieux their attempt to hold up the Covington home.

Bachmann Held to Circuit Court.

Arthur Bachmann, the 15-year-old burglar, who was caught Saturday night while trying to force an entrance to the home of Charles E. Crall, 1215 West Berry street, and pleaded guilty in the city court Monday to a charge of burglary, was bound over to the circuit court and his bond fixed at $500. Attorney H. L. Somers appeared for him. To Sergeant Detective Walter Immel, who arrested Bachmann, the youth has confessed that a valuable gold watch of lady's pattern he had sold at a pawnshop here for $2.50 and the long gold chain found in his possession, were stolen from the handbag of a saleslady in a store at Butte, Mont., several weeks ago, while he was in the place to make a purchase. The property is in possession of the police here and an effort will be made to restore it to the owner. Young Bachmann is a wise and clever lad and the police believe he has not told more than a small part of his career of crime.

Colored Thieves Rusticated.

Bob Wilson and William Johnson, two colored thieves, pleaded guilty to stealing tools and each was fined $10 and costs and given ninety days at the penal farm. Wilson, when arrested by Officer Douglas, of the Lake Shore railway police, had on him a string of beads and a goldbar-pin studded with stones that resembled diamonds. Officer Douglas restored them to him when the city police took charge of the man, but they have not been found. Wilson denies that he made way with them and says they were only "phony" and were purchased for 25 cents.

Spiteful Burglar is Held.

Edward Fredericks, the 18-year-old youth who says he burglarized the store of his former employer, Charles A. Sanders, stationer and bookseller, at 133 West Main street, early Monday morning, just for spite because he had been discharged two or three years ago, was continued until July 6 under $500 bonds. He is a paroled inmate of the Plainfield school for boys. He was arrested by Detective Charles Spillner, who uncovered the lad's guilt on the slim clue of knowledge that he held a spite against his former employer. Some adroit questioning brought a confession after Fredericks had strenuously denied his guilt.

Wanted to End His Life.

A bad state of mind brought on by a quarrel with a girl and a subsequent effort to drown his trouble in the flowing bowl got George Barrone in the way of thinking that there might be more peace of mind in the hereafter than here. About 1:30 Tuesday morning his brother found him with an old revolver and a bitter determination. He chased him through the streets and finally a policeman got the would-be suicide. He was slated on a drunk charge and on his promise to wait his turn in the regular way to receive a call to Kingdom Come, Judge Kerr turned him loose.

Other City Court Cases.

Clarence Cour, a youth not quite right mentally, was turned over to Probation Officer W. I. Work to be presented in juveneile court.

Arthur Altschman, Albert Heaberger and William Davis, loiterers, and Redy Miller, Philip Barby and Jack Paron, vags, were turned loose on telling good stories of searching for work. They were caught in the dragnet thrown out for all suspicious persons because of the frequency of robberies in the city.

Robert More, a drunk held for two days for investigation, was allowed to go.

REDUCES ARRESTS BY HALF.

Enforcement of Prohibitory Laws Has Had Good Effect.

Charleston, W. Va., June 29.—Enforcement of the prohibitory laws, which became operative a year ago, have cut the number of arrests in 35 towns and cities throughout West Virginia more than one-half, according to statistics made public by the department of prohibition today. During the fiscal year 1914, the last in which saloons were legal, arrests in these communities numbered 14,000, of which approximately one-half were for intoxication. During the fiscal year of 1915, the first in which saloons were prohibited, arrests numbered 6,986, of which 2,300 were traceable to the liquor traffic.
